Approval of the Proposed Material Revision for Ivy Academia

March 7, 2023

Charter Schools Division

Action Proposed:

Approve the material revision of the charter for Ivy Academia (“Charter School”) to decrease grade levels from TK-12 to TK-8 and reduce the enrollment capacity from 1,400 to 750 students, beginning in the 2023-2024 school year. The recommendation for approval is based on the information set forth in the attached Staff Assessment and Recommendation Report.

Background:

Ivy Academia is a TK-12 school currently serving 526 students on a private facility in the Northwest Valley at 5975 Shoup Avenue, Woodland Hills, CA 91367 in Board District 4 and Region North. Ivy Academia was approved by the LAUSD Board of Education on February 10, 2004. On April 3, 2018, the charter school was renewed for another five-year term to serve 1,400 students in grades TK-12.

On November 9, 2022, the Charter Schools Division commenced processing of Ivy Academia’s complete material revision. Ivy Academia seeks to revise its current charter, which expires June 30, 2023. Effective July 1, 2021, Assembly Bill 130 [codified, in part, as Education Code section 47607.4] extends the terms of all charter schools whose terms expire on or between January 1, 2022 and June 30, 2025, inclusive, by two years. Thus, by operation of law, the charter term for Ivy Academia expires June 30, 2025.

Based on a comprehensive review of the material revision application and supporting documentation, staff has determined that the charter school has met the standards and criteria set forth in Education Code section 47605 and therefore recommends approval of the material revision of the charter.

Expected Outcomes:

Charter School is expected to operate its school in a manner consistent with Board action, policies and requirements, local, state, and federal law including ordinances, statutes, and regulations as well as with the terms and conditions set forth in Charter School’s petition. The measurable pupil outcomes and method by which pupil progress toward outcomes will be measured are set forth in the charter petition.

Board Options and Consequences:

“Yes” - If the Board adopts the recommendation of approval of the material revision of the charter, Charter School would continue to operate as a charter school, as amended, commencing in the 2023-2024 school year and for the remainder of the charter term.

“No” - If the Board does not adopt the recommendation of approval of the material revision of the charter, and instead takes specific action to deny the proposed material revision of the charter, Charter School would continue to operate under the terms of its current charter consistently with the Board’s action and direction.

Policy Implications:

There are no policy implications at this time.

Budget Impact:

State income and various other income sources to the District are reduced when current District students enroll at a charter school, and comparable or offsetting expenditure reduction may not occur in such cases. Under Education Code section 47604(d), a school district that grants a charter to a charter school to be operated by, or as, a nonprofit public benefit corporation is not held liable for the charter school's debts or obligations as long as the school district complies with all oversight responsibilities required by law. The District will continue to have monitoring and oversight responsibility for charter school finances, as specified in the Charter Schools Act. Any significant modifications to the charter school's petition or operations that raise financial implications would require a material revision prior to implementation. Petition approval is also contingent upon adequate liability insurance coverage.

Charter School has selected to join the LAUSD special education local planning area (SELPA) Option 3. The Charter School's fair share contribution to special education will be 10% of the charter schools' AB 602 (rate includes Base, Cost-of-Living Adjustment (COLA), and Growth/Decline reduced by the amount withheld for Program Specialist/Regionalized Services) and Federal IDEA revenues. This amount will be paid from the Charter School's Local Control Funding Formula ("LCFF") funds or other unrestricted revenue sources and will be allocated to support the existing District-wide administration of special education supports and services. The amount withheld by the District from the Program Specialist/Regionalized Services in fiscal year will continue to be withheld and adjusted annually for COLA. An additional 10% of special education revenues will be retained by the District and allocated as directed by the Advisory Board and members of the LAUSD SELPA Option 3, with the leadership of the Charter-operated Program special education director. These funds will be used to support the personnel for the members of the LAUSD SELPA Option 3; build management and operating procedures to create an infrastructure to support schools in meeting the needs of students with mild to severe disabilities; and, to create and implement new programs that serve students in charter schools. If Charter School does not spend their allocation of special education funds during a fiscal year of the charter petition period, the allocation of special education funds to Charter School for the next fiscal year will be reduced in an amount equal to the unspent special education funds of the previous fiscal year.

Student Impact:

As stated in the *LAUSD Policy and Procedures for Charter Schools*, "[W]hen the LAUSD Board authorizes and oversees a charter school, it establishes a relationship to advance its vision and mission and to accelerate gains in academic achievement and accountability for *all* of its students and public schools," (*Policy*, p.3). Based on a comprehensive review and assessment of Charter School's request for material revision of the charter and its record of performance, staff has determined that Charter School has met the requirements for approval of the material revision.

Equity Impact:

Not applicable

Issues and Analysis:

If all applicable pending issues, including but not limited to special education requirements, special education local planning area (SELPA) requirements, governance, fiscal and facilities matters, are not resolved at the time of the Board meeting, the item may be pulled from the agenda.

STAFF ASSESSMENT AND RECOMMENDATION REPORT

REQUEST FOR MATERIAL REVISION OF CHARTER

Board of Education Report 182-22/23

March 7, 2023

School Name:	Ivy Academia		
Type of Charter School:	Start-Up Independent Charter School		
Charter Operator	Alternative Schools, Inc.		
Location Code:	4672		
Type of Site(s):	Private		
Site Address(es):	5975 Shoup Avenue, Woodland Hills, CA 91367		
Board District(s):	4	Region(s):	North
Grade Levels Served:	TK-12	Current Enrollment:	526
Grade Levels Authorized in Current Charter:	TK-12	Approved Enrollment in Current Charter:	1,400 (see proposed change in "Action Proposed" below)
CONSIDERATION:	Material Revision to decrease grade levels and reduce enrollment capacity		
CDE PERFORMANCE LEVEL: (PER CDE'S 2020 CLASSIFICATION)	Middle Performing		
STAFF RECOMMENDATION:	Approval		
SUMMARY OF STAFF FINDINGS:	Based on a comprehensive review of the request for material revision of the charter and the school's record of performance, staff has determined that the charter school has met the standards and criteria for approval. ♦ The charter school has presented a sound educational program for its targeted student population. ♦ The petition, as revised through the petition review and revisions process, contains reasonably comprehensive descriptions of all required elements, including the Federal, State, and District Required Language. ♦ Petitioners are demonstrably likely to successfully implement the educational program set forth in the petition. ♦ The petition contains required affirmations, assurances, and declarations. ♦ The petition contains a declaration of whether or not the charter school shall be deemed the exclusive public employer of the employees of the charter school for purposes of Chapter 10.7 of Division 4 of Title 1 of the Government Code.		

STAFF ASSESSMENT

I. ACTION PROPOSED

Staff recommends approval of the proposed material revision of the charter for Ivy Academia (“Charter School”), a TK-12 span school located in Board District 4 and Region North, to decrease grade levels from TK-12 to TK-8 and reduce the enrollment capacity from 1,400 to 750 students, beginning in the 2023-2024 school year.

Alternative Schools, Inc., the nonprofit organization that holds the charter, is proposing to amend Ivy Academia’s charter to decrease grade levels and reduce enrollment capacity due to declining enrollment in grades 9-12, facility needs, and input from stakeholders. The school plans to continue operating at 5975 Shoup Avenue, Woodland Hills, CA, 91367.

II. CRITERIA FOR MATERIAL REVISIONS

Material Revisions are governed by the same standards and criteria that apply to new petitions (See Ed. Code, §§47605 and 47607), and shall include, but not be limited to, a reasonably comprehensive description of any new requirement for charter schools enacted into law after the charter was originally granted or last renewed. (Ed. Code, §47607(a)(3) and (b).) Staff must determine whether the charter, as amended, would be reasonably comprehensive, educationally sound, and demonstrably likely to be successfully implemented. If the Material Revision contains a request to expand to one or more additional sites, or to add grade levels, staff must also determine whether the charter school is demonstrably likely to serve the interests of the entire community in which the school is proposing to locate. (Ed. Code, § 47605(c)(7); Ed. Code, § 47607(a)(4)), and whether LAUSD is positioned to absorb the fiscal impact of the charter school expansion. (Ed. Code, § 47605(c)(8); Ed. Code § 47607(a)(4).)

III. GENERAL SCHOOL INFORMATION

A. School History

	Ivy Academia
Initial Authorization:	On February 10, 2004, Ivy Academia was authorized by the LAUSD Board of Education for three years to serve 1,154 students in grades K-12.
Most Recent Renewal:	The charter was renewed on April 3, 2018 for a five-year term (July 1, 2018 – June 30, 2023) to serve up to 1,400 students in grades TK-12. Effective July 1, 2021, Assembly Bill 130 [codified, in part, as Education Code section 47607.4] extends the terms of all charter schools whose terms expire on or between January 1, 2022 and June 30, 2025, inclusive, by two years. Thus, by operation of law, the charter term for Ivy Academia expires June 30, 2025.

	Ivy Academia
Approved Material Revisions of Current Charter:	N/A
Board Benchmarks in Current Charter Term:	On April 3, 2018, as part of the school’s most recent renewal, the LAUSD Board of Education issued the following academic benchmark to Ivy Academia: 1. The school shall provide a written status report to the Charter Schools Division annually no later than December 1 that provides evidence to demonstrate growth of at least one performance level per academic year on the English Language Arts and Math indicators for measuring “Academic Performance” on the California School Dashboard as reported by the California Department of Education (CDE), for Students with Disabilities, with the goal of achieving and maintaining the “Green” performance level or higher on this indicator. Ivy Academia is in year five of its charter term. Due to lack of Smarter Balanced Assessment (SBA) testing in 2020 and 2021 and one year of SBA testing in 2022, Ivy Academia was not able to provide an update on the academic benchmark. The Charter Schools Division (CSD) has been monitoring through oversight. In 2019, Ivy Academia did not meet the benchmark for Students with Disabilities in ELA and Math.
Material Revision Application:	The processing of Ivy Academia’s complete material revision application commenced on November 9, 2022. Pursuant to the <i>LAUSD Policy and Procedures for Charter Schools</i>, the 120-day timeline (for presenting the material revision once processing commences) runs through March 8, 2023.

B. Educational Program

	Ivy Academia
Key Features of Educational Program:	Ivy Academia offers a TK-12 educational program which includes the following features: ♦ Students are provided with opportunities for hands-on experiences in the core content areas within a TK-12 standards-based educational program. ♦ Ivy Academia promotes a college and career ready instructional program in elementary and secondary grade levels by providing project-based learning instructional lessons in financial literacy, business planning, and leadership, among additional content area lessons to develop student skills as outlined in the California State Content Standards. ♦ Ivy Academia graduation requirements include two-years of business courses and the completion of 60 volunteer community service hours.
Master Plan for English Learners and Standard English Learners:	Ivy Academia implements the District's Master Plan for English Learners and Standard English Learners.
Special Education SELPA:	Ivy Academia participates in LAUSD Special Education Local Plan Area (SELPA) Option 3.

C. Student Enrollment and Population

2021-2022 Enrollment by Ethnicity and Student Group																		
School	Enrollment	F/R Meal	GATE	American Indian or Alaska Native	Asian	Black or African American	English Learner	Filipino	Foster Youth	Homeless	Latino	Migrant Education	Native Hawaiian or Pacific Islander	Not Reported	Socio- economically Disadvantaged	Students with Disabilities	Two or More Races	White
Ivy Academia	645	69.6%	2.3%	0.2%	3.7%	9.9%	17.2%	5.6%	0.3%	0.6%	63.4%	0.0%	0.3%	0.6%	72.1%	12.7%	5.7%	10.5%

Data Source: Data Quest, Student and School Downloadable Data Files <https://www.cde.ca.gov/ds/sd/sd/filesenr.asp>

D. Charter School Operator

Ivy Academia is operated by Alternative Schools, Inc., a California nonprofit public benefit corporation that does not operate any other LAUSD-authorized charter school.

IV. STAFF REVIEW AND ASSESSMENT

Based on a comprehensive review of the material revision application, staff has determined that the charter school has met the standards and criteria for approval. Staff analysis includes the following:

A. Does the petition, as revised, include a sound educational program, a reasonably comprehensive description of the 15 elements required for petitions, an affirmation of each of the conditions described in Education Code section 47605(e), and are petitioners likely to successfully implement the program set forth in the petition?

Yes, the petition, as amended, presents a sound educational program; a reasonably comprehensive petition with the requisite affirmations and the Federal, State, and District Required Language; and petitioners are likely to successfully implement the educational program for its targeted student population. The petition, as proposed through its revisions, is consistent with applicable legal, District policy and other requirements, and sufficiently addresses, including but not limited to, the identification of appropriate performance targets and description of an instructional program aligned to state performance standards and the salient needs of the target student population.

The charter school's record of performance during the term of the charter is addressed below under the following specific factors:

1. *Student Achievement and Educational Performance*

a. Summary

Ivy Academia has been identified by the state as a Middle performing charter school. Please see discussion of the charter school's record of academic performance below. Updated CDE Performance Levels from the state are not available at this time.

b. Measurements of Academic Performance on the California School Dashboard

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). Performance levels will be reported based on the 2021-2022 school year data using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High).

Ivy Academia							
Year	ELA	Math	EL Progress Indicator	College/Career Indicator	Chronic Absenteeism	Graduation Rate	Suspension Rate
2022	Low	Low	Low	N/A	Very High	No Performance Level	Very Low

Data Sources: California School Dashboard Research data files 2022 <https://www.cde.ca.gov/ds/sd/sd/>

Please see attached *Ivy Academia's* Data Set.

c. English Language Arts Academic Indicator

Distance from Standard Schoolwide and Numerically Significant Subgroups:

Ivy Academia – ELA (Grades 3-8 and Grade 11) Academic Indicator - CA School Dashboard Indicator						
Student Group	Number of Students with Scores	School 2022 Average DFS	School 2022 Status Level	State 2022 Average DFS	State 2022 Status Level	School to State DFS Comparison
All Students	360	-16.5	Low	-12.2	Low	Lower
Black or African American	44	-21.4	Low	-57.7	Low	Higher
English Learner	77	-57.5	Low	-61.2	Low	Higher
Latino	223	-30.3	Low	-38.6	Low	Higher
Socioeconomically Disadvantaged	262	-25.4	Low	-41.4	Low	Higher
Students with Disabilities	48	-97.9	Very Low	-97.3	Very Low	Lower
White	43	21.3	High	21.9	High	Lower

Data Sources: California School Dashboard Research data files 2022 <https://www.cde.ca.gov/ds/sd/sd/>

Due to requirements under AB 130, the CDE can only display the most current year of data (or Status) on the 2022 Dashboard. Therefore, every Local Educational Agency (LEA), school, and student group will receive one of five Status levels on the 2022 Dashboard based on 2021–2022 school year data. These Status levels range from Very High, High, Medium, Low, and Very Low. Change levels and performance colors are not reported.

As seen in the above table, in 2022, in English Language Arts (ELA), Ivy Academia’s Distance from Standard (DFS) schoolwide was lower than the state’s DFS.

In 2022, the charter school had six numerically significant student groups (Black or African American, English Learner, Latino, Socioeconomically Disadvantaged, Students with Disabilities, and White) in ELA. The charter school’s numerically significant student groups were higher than the state’s DFS for those student groups, except for the Students with Disabilities and White student groups, which performed lower than the state’s DFS for those student groups.

As outlined in Ivy Academia’s 2022-2023 Local Control Accountability Plan (LCAP), in order to improve academic achievement in ELA, school leadership shared the school is providing before, during, and after school interventions in the form of tutoring to mitigate learning loss and accelerate student learning. In addition, school leadership shared the school is using online programs to identify student learning gaps for individual students and assist with learning. To support Students with Disabilities and other student groups, school leadership shared the school is progress monitoring with California Assessment of Student Performance and Progress (CAASPP)/Smarter Balanced Assessment Consortium (SBAC) Interim Assessments, CAASPP/SBAC Interim Comprehensive Benchmarks, and curriculum assessments. School leadership also stated the school is implementing the Measures of Academic Progress (MAP) interim assessments by Northwest Education Association (NWEA) in 2022-2023 to better analyze and measure student performance in ELA.

Ivy Academia – 2021-2022 English Language Arts Indicator Participation Rate by Student Group											
All Students	Asian	Black or African-American	English Learner	Filipino	Foster Youth	Homeless	Latino	Socioeconomically Disadvantaged	Students with Disabilities	Two or More Races	White
99%	100%	100%	99%	100%	100%	100%	99%	99%	94%	100%	98%

Participation Rate Report above displays the percent of students tested by content area. The Every Student Succeeds Act (ESSA) requires districts and schools to test at least 95 percent of all students and student groups in English Language Arts and mathematics. It also requires states to factor the participation rate into the Academic Indicator. For any local educational agency (LEA), school, or student group with less than 95 percent of students tested, the ESSA requires a penalty to be applied to the Academic Indicator. Beginning with the 2022 Dashboard, California will assign the [Lowest Obtainable Scale Score \(LOSS\)](#) to each student needed to bring the participation rate of the school, district, and/or student group to 95 percent. The LOSS assigned to each of these students who did not test will be used in calculating the Distance from Standard (DFS).

In 2022, in ELA, the charter school met the participation rates (95%) schoolwide and for its student groups except for the Students with Disabilities student group.

School leadership shared the school will continue to hold parent meetings discussing the importance of state testing in providing an understanding of student achievement and continue messaging in email communication to stakeholders. In addition, school leadership shared school administration met with parents of Students with Disabilities to share how CAASPP achievement data contributes to the understanding of student proficiency within ELA and Math standards.

Internal Assessment Data

The charter school did not provide internal assessment data. For 2022-2023, Ivy Academia is implementing the Measures of Academic Progress (MAP) interim assessments by Northwest Education Association (NWEA) in ELA. Prior to 2022-2023, the charter school was employing the California Assessment of Student Performance and Progress (CAASPP) assessments as the school's internal assessment data.

d. Math Academic Indicator

Distance from Standard Schoolwide and Numerically Significant Subgroups:

Ivy Academia – Math (Grades 3-8 and Grade 11) Academic Indicator - CA School Dashboard Indicator						
Student Group	Number of Students with Scores	School 2022 Average DFS	School 2022 Status Level	State 2022 Average DFS	State 2022 Status Level	School to State DFS Comparison
All Students	359	-86.8	Low	-51.7	Low	Lower
Black or African American	44	-57.5	Low	-106.9	Very Low	Higher
English Learner	76	-116.3	Very Low	-92.0	Low	Lower
Latino	222	-108.2	Very Low	-83.4	Low	Lower
Socioeconomically Disadvantaged	261	-95.0	Low	-84.0	Low	Lower
Students with Disabilities	48	-147.8	Very Low	-130.8	Very Low	Lower
White	43	-56.6	Low	-13.4	Medium	Lower

Data Sources: California School Dashboard Research data files 2022 <https://www.cde.ca.gov/ds/sd/sd/>

Due to requirements under AB 130, the CDE can only display the most current year of data (or Status) on the 2022 Dashboard. Therefore, every Local Educational Agency (LEA), school, and student group will receive one of five Status levels on the 2022 Dashboard based on 2021–2022 school year data. These Status levels range from Very High, High, Medium, Low, and Very Low. Change levels and performance colors are not reported.

As seen in the above table, in 2022, in Math, Ivy Academia's DFS schoolwide was lower than the state's DFS.

In 2022, the charter school had six numerically significant student groups (Black or African American, English Learner, Latino, Socioeconomically Disadvantaged, Students with Disabilities, and White) in Math. In 2022, the Black or African American student group performed higher than the state's DFS for the student group, while the English Learner, Latino, Socioeconomically Disadvantaged, Students with Disabilities, and White student groups performed lower than the state's DFS for those student groups.

As outlined in Ivy Academia's 2022-2023 LCAP, in order to improve academic achievement in Math, school leadership shared the school is providing before, during, and after school interventions in the form of tutoring to mitigate learning loss and accelerate student learning. In addition, school leadership shared the school is using online programs to identify student learning gaps for individual students and assist with learning. To support Students with Disabilities and other student groups, school leadership shared the school is progress monitoring with CAASPP/SBAC Interim Assessments, CAASPP/SBAC Interim Comprehensive Benchmarks, and curriculum assessments. School leadership also stated the school is implementing the Measures of Academic Progress (MAP) interim assessments by Northwest Education Association (NWEA) in 2022-2023 to better analyze and measure student performance in Math.

Ivy Academia – 2021-2022 Math Indicator Participation Rate by Student Group											
All Students	Asian	Black or African-American	English Learner	Filipino	Foster Youth	Homeless	Latino	Socioeconomically Disadvantaged	Students with Disabilities	Two or More Races	White
99%	100%	100%	98%	100%	100%	100%	99%	99%	94%	100%	98%

Participation Rate Report above displays the percent of students tested by content area. The Every Student Succeeds Act (ESSA) requires districts and schools to test at least 95 percent of all students and student groups in English language arts and mathematics. It also requires states to factor the participation rate into the Academic Indicator. For any local educational agency (LEA), school, or student group with less than 95 percent of students tested, the ESSA requires a penalty to be applied to the Academic Indicator. Beginning with the 2022 Dashboard, California will assign the [Lowest Obtainable Scale Score \(LOSS\)](#) to each student needed to bring the participation rate of the school, district, and/or student group to 95 percent. The LOSS assigned to each of these students who did not test will be used in calculating the Distance from Standard (DFS).

In 2022, in Math, the charter school met the participation rates (95%) schoolwide and for its student groups except for the Students with Disabilities student group.

School leadership shared the school will continue to hold parent meetings discussing the importance of state testing in providing an understanding of student achievement and continue messaging in email communication to stakeholders. In addition, school leadership shared school administration met with parents of Students with Disabilities to share how CAASPP achievement data contributes to the understanding of student proficiency within ELA and Math standards.

Internal Assessment Data

The charter school did not provide internal assessment data. For 2022-2023, Ivy Academia is implementing the Measures of Academic Progress (MAP) interim assessments by Northwest Education Association (NWEA) in Math. Prior to 2022-2023, the charter school was employing the CAASPP assessments as the school's internal assessment data.

e. English Learner Progress Academic Indicator

Percent of English Learners Making Progress Towards English Proficiency:

Ivy Academia – English Learner Progress Indicator – CA School Dashboard Indicator						
Student Group	Number of English Learner Students	School 2022 Percentage of English Learners making progress towards English proficiency	School 2022 Status Level	State 2022 Percentage of English Learners making progress towards English proficiency	State 2022 Status Level	School to State ELPI Comparison
English Learner	67	40.3%	Low	50.3%	Medium	Lower

Data Source: DataQuest, Student and Downloadable Data File <https://www.cde.ca.gov/ds/sd/sd/>

As seen in the above table, the 2022 California School Dashboard indicates 40.3% of Ivy Academia’s English Learner (EL) students are making progress towards English proficiency, lower than the state at 50.3%. The Status Level for the school is Low while the state’s Status Level is Medium.

As outlined in Ivy Academia’s 2022-2023 LCAP, in order to improve English language proficiency for EL students, school leadership shared the school is providing professional development for teachers to further address the implementation of English Language Development (ELD) standards across content areas as well as implement Tier III interventions, including one-on-one tutoring, when necessary. School leaders shared that for their English Learners in middle school, students receive additional support through an elective course focused on designated and integrated ELD standards and strategies to strengthen English language proficiency.

School	Number of EL Students Enrolled	Number of EL Students Tested	Percent of EL Students Tested
Ivy Academia	89	85	95.5%

Schools that did not test at least 95 percent of their English learner population on the English Language Proficiency Assessments for California (ELPAC) are assigned a “Low” Status, unless they have a “Very Low” Status.

f. College/Career Academic Indicator

The College/Career Academic Indicator was not reported in the 2022 Dashboard.

g. Suspension Rate Indicator

Percentage of Students Suspended At Least Once Schoolwide and Numerically Significant Subgroups:

Ivy Academia - Suspension Rate Indicator - CA School Dashboard Indicator						
Student Group	Number of Students	School 2022 Percentage of Students suspended at least once	School 2022 Status Level	State 2022 Percentage of Students suspended at least once	State 2022 Status Level	School to State Suspension Rate Percentage Comparison
All Students	676	1.0%	Very Low	3.1%	Medium	Lower
Black or African American	65	0.0%	Very Low	7.9%	High	Lower
English Learner	116	2.6%	Medium	3.2%	Medium	Lower
Filipino	36	0.0%	Very Low	1.2%	Low	Lower
Latino	427	1.4%	Low	3.3%	Medium	Lower
Socioeconomically Disadvantaged	500	0.8%	Very Low	4.5%	Medium	Lower
Students with Disabilities	88	4.5%	Medium	5.4%	High	Lower
Two or More Races	40	0.0%	Very Low	2.9%	Medium	Lower
White	80	1.3%	Low	2.6%	Medium	Lower

Data Sources: California School Dashboard Research data files 2022 <https://www.cde.ca.gov/ta/ac/cm/>

As indicated in the above table, in 2022, Ivy Academia's suspension rate was lower than the state schoolwide and for all numerically significant student groups.

h. Graduation Rate Indicator [HS Only]

Percentage of Graduated Students Schoolwide and Numerically Significant Subgroups:

Ivy Academia – Graduation Rate Indicator – CA School Dashboard						
Student Group	Number of Students	School 2022 Percentage of graduated students	School 2022 Status Level	State 2022 Percentage of graduated students	State 2022 Status Level	School to State Graduated Students Comparison
All Students	23	73.9%	No Performance Level	87.4%	Medium	--

Data Sources: California School Dashboard Research data files 2022 <https://www.cde.ca.gov/ta/ac/cm/>

As seen in the table above, in 2022, the charter school's percentage of graduated students was lower than the state schoolwide.

Ivy Academia promotes the A-G course completion track for students. However, students can and do graduate without completing the A-G course requirements for admission eligibility into the California State University or University of California system. In addition, the charter school's graduation requirements include students completing 60 community service hours (volunteer/non-course) by the end of the third quarter of grade 12 and completing a career pathway of two years of business courses.

i. Chronic Absenteeism Indicator

Percentage Schoolwide and Numerically Significant Subgroups:

Ivy Academia – Chronic Absenteeism Indicator – CA School Dashboard						
Student Group	Number of students enrolled who meet criteria	School 2022 Chronic Absenteeism Percentage	School 2022 Status Level	State 2022 Chronic Absenteeism Percentage	State 2022 Status Level	School to State Chronic Absenteeism Percentage Comparison
All Students	539	43.2%	Very High	30.0%	Very High	Higher
Black or African American	61	44.3%	Very High	42.9%	Very High	Higher
English Learner	94	46.8%	Very High	33.6%	Very High	Higher
Latino	334	45.2%	Very High	35.8%	Very High	Higher
Socioeconomically Disadvantaged	406	48.0%	Very High	37.4%	Very High	Higher
Students with Disabilities	66	50.0%	Very High	39.6%	Very High	Higher
Two or More Races	34	58.8%	Very High	21.5%	Very High	Higher
White	60	40.0%	Very High	21.9%	Very High	Higher

Data Sources: California School Dashboard Research data files 2022 <https://www.cde.ca.gov/ta/ac/cm/>

As seen in the above table, in 2022, Ivy Academia had a higher percentage of Chronic Absenteeism than the state schoolwide and for all numerically significant student groups.

As outlined in Ivy Academia's 2022-2023 LCAP, in order to reduce Chronic Absenteeism, school leadership shared that the school has invested in tiered re-engagement strategies to increase student attendance, which includes the use of a school counselor to perform family outreach and provide family resources. School leadership shared the school works with families of chronically absent students to provide access to short-term independent study, when necessary, and tutoring when the students return to campus in the effort to mitigate learning loss.

j. English Learner Performance

Reclassification Rates:

Year	Students Redesignated FEP	Ivy Academia	State	School to State RFEP Comparison
2019-2020	2018-19 EL #	104	1,195,988	Higher
	2019-20 Reclass #	26	164,653	
	2019-20 Reclass Rate	25.0%	13.8%	
2020-2021	2019-20 EL #	78	1,148,024	Lower
	2020-21 Reclass #	0	79,667	
	2020-21 Reclass Rate	0.0%	6.9%	

Data Source: DataQuest, Student and Downloadable Data File <https://www.cde.ca.gov/ds/sd/sd/>

In 2019-2020, Ivy Academia's reclassification rate was 25.0%, which was higher than the state's reclassification rate of 13.8%. In 2020-2021, Ivy Academia's reclassification rate of 0.0% was lower than the state's rate of 6.9%.

The 2021-2022 reclassification rate data has not yet been released by the state.

Ivy Academia adheres to the District's reclassification criteria set forth in the *2018 Master Plan for English Learners and Standard English Learners*.

Long-term English Learners and "At-Risk" Rates:

English Learners	2020-21				2021-22			
	Ivy Academia		State		Ivy Academia		State	
	Enrollment	Percent	Enrollment	Percent	Enrollment	Percent	Enrollment	Percent
LTEL 6+ Years	35	17.7%	361,482	17.1%	49	22.3%	379,290	18.1%
At-Risk 4-5 Years	24	12.1%	214,740	10.1%	15	6.8%	211,055	10.1%

Data Source: Data Quest, Student and School Downloadable Data Files <https://www.cde.ca.gov/ds/sd/sd/filesenr.asp>

In 2020-2021, Ivy Academia's percentage of Long-term English Learners (LTELs) was 17.7% (35 students), compared to the state's rate of 17.1%. In 2021-2022, Ivy Academia's percentage was 22.3% (49 students), compared to the state's rate of 18.1%.

In 2020-2021, Ivy Academia's percentage of "At-Risk" was 12.1%, compared to the state's 10.1%. In 2021-2022, the charter school had 6.8% "At-Risk" compared to the state's 10.1%.

2. Annual Oversight Results

a. Student Achievement and Educational Performance

Ivy Academia has achieved the ratings of *Developing* and *No Rating* in the category of Student Achievement and Educational Performance on its annual oversight evaluation reports for the last two years.

The rating of "2" (*Developing*) in the 2020-2021 Annual Performance-Based Oversight Visit Report was based on Ivy Academia receiving 2019 schoolwide ELA Indicator and schoolwide Math Indicator performance colors of Orange as well as a schoolwide Chronic Absenteeism Indicator performance color of Red. In addition, in 2019, the school had less than a majority of its numerically significant student groups with "Status/DFS" scores above the statewide averages in ELA and Math.

Due to the COVID-19 pandemic, state law suspended the reporting of state indicators on the 2021 Dashboard. Accordingly, a "No Rating" was issued in the Student Achievement and Educational Performance category for the 2021-2022 Annual Performance-Based Oversight Report.

	2020-2021	2021-2022
Annual Oversight Evaluation Report Rating in Category of Student Achievement and Educational Performance	2 Developing	No Rating

*Note: The annual oversight rating represents the Charter Schools Division staff evaluation of the school's performance as outlined in the Annual Performance-Based Oversight Visit Report on or about the date of the annual oversight visit.

b. Governance

Ivy Academia has earned the rating of *Accomplished* in the category of Governance on its annual oversight evaluation reports over the past two years and has no unresolved governance issues pending.

Data Source: Data Quest, Student and School Downloadable Data Files <https://www.cde.ca.gov/ds/sd/sd/filesenr.asp> and CALPADS County Authorizing LEA Report 1.1 Enrollment by Primary Status.

According to 2021 CALPADS Fall 1 Certified Student Profile List Report, Ivy Academia has a 12.7% Special Education enrollment, which is the same as the state's percentage of 12.7%, and lower than the District's percentage of 13.6%. The CSD has

conferred with staff in the Division of Special Education, and no concerns have been noted at this time.

iii. Additional Information

Ivy Academia's teachers are collectively represented by United Teachers Los Angeles, as an affiliate of the California Teachers Association.

d. Fiscal Operations

Ivy Academia has earned the rating of *Proficient* in the category of Fiscal Operations on its annual oversight evaluation reports for the last two years and has no unresolved fiscal issues pending.

During the 2021-2022 oversight visit, the CSD noted that the school's internal controls and processes were generally in place and implemented in practice.

	2020-2021	2021-2022
Annual Oversight Evaluation Report Rating in Category of Fiscal Operations	3 Proficient	3 Proficient

*Note: The annual oversight rating represents the Charter Schools Division staff evaluation of the school's performance as outlined in the Annual Performance-Based Oversight Visit Report on or about the date of the annual oversight visit.

3. *Fiscal Management and Performance*

a. Fiscal Condition

Ivy Academia's fiscal condition is positive and has been upward trending since the 2019-2020 fiscal year. According to the 2021-2022 independent audit report, the school had positive net assets of \$5,776,583 and net income of \$1,609,801. The 2022-2023 First Interim Financials project positive net assets and net income.

The disparity between the 2018-2019 net income and 2019-2020 net loss is attributable, in part, to Ivy Academia's receipt of a one-time legal settlement payment. The payment was made in Fiscal Year 2018-2019 (resulting in net income) and utilized for the school's purchase and transition into a new facility in Fiscal Year 2019-2020 (resulting in a net loss).

	2018-2019 (Audited Actuals)	2019-2020 (Audited Actuals)	2020-2021 (Audited Actuals)	2021-2022 (Audited Actuals)	2022-2023 (First Interim)
Net Assets	\$5,220,764	\$3,013,534	\$4,166,782	\$5,776,583	\$5,847,703
Net Income/Loss	\$3,900,486	(\$2,207,230)	\$1,153,248	\$1,609,801	\$71,120
Transfers In/Out	\$0	\$0	\$0	\$0	\$0
Prior Year Adjustment(s)	\$0	\$0	\$0	\$0	\$0

b. 2021-2022 Independent Audit Report

Audit Opinion: Unmodified

Material Weaknesses: None Reported

Deficiencies/Findings: None Reported

Lack of a Going Concern: None Reported

c. Other Significant Fiscal Information

The school's reported Norm Enrollment was 668, 617, 598, 629, and 526 for Fiscal Years 2018-2019, 2019-2020, 2020-2021, 2021-2022, and 2022-2023, respectively, representing an accumulated decline in enrollment of 142 students since Fiscal Year 2018-2019. Ivy Academia explains that the drop in enrollment was primarily due to its two moves in location in recent years and the proximity of two large high schools in the area that make it hard to compete for students for grades 9-12.

As noted above, Ivy Academia's proposed material revision is to remove grades 9-12 and reduce capacity to 750 students. The school has projected enrollment through its renewal term for Fiscal Years 2023-2024 and 2024-2025 to be 601 and 750 students, respectively. Please see the breakdown by grade below:

GRADE	2022-23	2023-24	2024-25
	Norm	Projection	
ENROLLMENT BY GRADE			
TK	6	12	12
K	23	48	75
1	48	48	75
2	35	68	78
3	53	56	78
4	40	72	81
5	36	72	81
6	66	75	90
7	56	75	90
8	74	75	90
9	29	0	0
10	23	0	0
11	21	0	0
12	16	0	0
TOTAL	526	601	750

The school shared its plans to focus on outreach to the community, should this material revision be approved, to highlight its single site and focus on grades TK-8.

On April 3, 2020, Ivy Academia applied for the Paycheck Protection Program (PPP) through the U.S. Small Business Administration and received the funds of \$962,300 on May 4, 2020. The school stated that, on April 9, 2021, its PPP loan and interest amounts were forgiven.

- B. Does the Petition Contain a Declaration of Whether or Not the Charter School Shall Be Deemed the Exclusive Public Employer of the Employees of the Charter School Community?
Yes, the petition contains the required declaration.

ATTACHMENT B

Ivy Academia

Academic Performance - English Language Arts

This report shows the performance levels for a single state indicator, English Language Arts, for all student groups. It shows the current year, Status level. Status levels range from Very High, High, Medium, Low, and Very Low for all state measures based on the 2021-22 school year data. A single (*) and a single dash (-) shows that the student group has fewer than 11 students, for that reason the Status and Status level are not reported for privacy reasons. For student groups with 11-29 students, the Status is reported but the Status level is not reported. A double dash (-) means that data is not currently available. Note: Charter Schools are treated as schools (not LEAs) when it comes to reporting Foster Youth and Homeless student groups. Charter schools will need at least 30 or more Foster Youth, or 30 or more Homeless students, to receive a status level for each student group.

Source: Data collected by the California Department of Education (CDE) through the California Longitudinal Pupil Achievement Data System (CALPADS), California School Dashboard, and testing vendor. Aggregate data files are provided by the CDE – Data Reporting Office at <http://www.cde.ca.gov/ds/ed/sd/files.asp> and California School Dashboard System of Support <https://www.cde.ca.gov/ia/acs/cm/>. Please note: There may be slight differences with some of the information in this report and with what is displayed in Dataquest and CA Dashboard due to changes in file modifications such as Date Modified, Date Posted, other data updates by the testing vendor and updates in CALPADS.

Participation Rate Report below displays the percent of students tested by content area. The Every Student Succeeds Act requires districts and schools to test at least 95 percent of all students and student groups in English language arts and mathematics. It also requires states to factor the participation rate into the Academic Indicator. For any local educational agency (LEA), school, or student group with less than 95 percent of students tested, the ESSA requires a penalty to be applied to the Academic Indicator. To meet this federal requirement, beginning with the 2022 Dashboard, California will assign the Lowest Obtainable Scale Score (LOSS) to each student needed to bring the participation rate of the school, district, and/or student group to 95 percent. The LOSS assigned to each of these students who did not test will be used in calculating the Distance from Standard (DFS).

English Language Arts Indicator Participation Rate By Student Group														
	All Students	American Indian or Alaska Native	Asian	Black or African American	English Learner	Filipino	Foster Youth	Homeless	Latino	Hawaiian or Pacific Island	Socioeconomically Disadvantaged	Students with Disabilities	Two or More Races	White

Ivy Academia
English Learner Progress Indicator (ELPI)

This report shows the percentage of current EL students making progress towards English language proficiency or maintaining the highest level. ELs take the ELPAC annually to measure their progress towards English language proficiency. The ELPAC has four performance levels. The four ELPAC performance levels are divided into six ELPI levels to determine whether ELs made progress toward English language proficiency. Due to the restrictions imposed by Assembly Bill 130, California is required to only report current year data (or Status) for the 2022 Dashboard. Results will fall into one of five Status levels, ranging from "Very High" to "Very Low." An asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students, for that reason the Status and Status level are not reported for privacy reasons. For student groups with 11-29 students, the Status is reported but the Status level is not reported. A double dash (-) means that data is not currently available.

Data collected by the California Department of Education (CDE) through the California Longitudinal Pupil Achievement Data System (CALPADS), California School Dashboard, and testing vendor. Aggregate data files are provided by the CDE – Data Reporting Office at <http://www.cde.ca.gov/ds/sd/sd/files/enr.asp> and California School Dashboard System of Support <https://www.cde.ca.gov/ia/ia/csm/>. Ivy Academia
Chronic Absenteeism

This report displays the percentage of students in Kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled. Due to the restrictions imposed by Assembly Bill 130, California is required to only report current year data (or Status) for the 2022 Dashboard. Results will fall into one of five Status levels, ranging from "Very High" to "Very Low." Note: The Status levels are reversed for the Chronic Absenteeism Indicator in comparison to other state measures, and the goal is to have a low rate of student absence. An asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students, for that reason the Status and Status level are not reported for privacy reasons. For student groups with 11-29 students, the Status is reported but the Status level is not reported. A double dash (--) means that data is not currently available.

Source: Data collected by the California Department of Education (CDE) through the California Longitudinal Pupil Achievement Data System (CALPADS), California School Dashboard, and testing vendor. Ivy Academia
Suspension Rate Indicator

Suspension Rate: The percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once. Due to the restrictions imposed by Assembly Bill 130, California is required to report current year data (or Status) only for the 2022 Dashboard. Results will fall into one of five Status levels, ranging from "Very High" to "Very Low." Note: The Status levels are reversed for the Suspension Rate Indicator in comparison to other state measures, and the goal is to have a low rate of student suspension. An asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students, for that reason the Status and Status level are not reported for privacy reasons. For student groups with 11-29 students, the Status is reported but the Status level is not reported. A double dash (--) means that data is not currently available.

Source: Data collected by the California Department of Education (CDE) through the California Longitudinal Pupil Achievement Data System (CALPADS), California School Dashboard, and testing vendor. Aggregate data files are provided by the CDE - Data Reporting Office at <http://www.cde.ca.gov/ds/sd/filesenr.asp> and California School Dashboard System of Support <https://www.cde.ca.gov/ta/ac/cmi/>. Please note: There may be slight differences with some of the information in this report and with what is displayed in Dataquest and CA Dashboard due to changes in file modifications such as Date Modified, Date Posted, other data updates by the testing vendor and updates in CALPADS.

Ivy Academia
Graduation Rate Indicator

Graduation Rate: Students completing high school, which includes students who receive a standard high school diploma or complete their graduation requirements at an alternative school. Due to the restrictions imposed by Assembly Bill 130, California is required to only report current year data (or Status) for the 2022 Dashboard. Results will fall into one of five Status levels, ranging from "Very High" to "Very Low." Note: The Status levels are reversed for the Chronic Absenteeism Indicator in comparison to other state measures, and the goal is to have a low rate of student absence. An asterisk (*) and single dash (-) shows that the student group has fewer than 11 students, for that reason the Status and Status level are not reported for privacy reasons. For student groups with 11-29 students, the Status is reported but the Status level is not reported. A double dash (-) means that data is not currently available.

Ivy Academia
Enrollment Report

This report displays CALPADS K-12 enrollment number and percentages of select student groups. Annual enrollment consists of the number of students primarily enrolled on Census Day (the first Wednesday in October). This information was submitted by local educational agencies (LEAs) and charter schools to the California Department of Education (CDE) as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS). These data were reviewed and certified in CALPADS as being accurate by authorized district or school personnel. In order to certify data in CALPADS, authorized district or charter school personnel are required to review the accuracy of all data associated with the applicable CALPADS submission. The California Department of Education collects some data on GATE programs through the California Longitudinal Pupil Achievement Data System (CALPADS); however, this information is submitted by LEAs on a voluntary basis and it wouldn't necessarily be accurate as per CDE. Source: Data collected by the California Department of Education (CDE) through the California Longitudinal Pupil Achievement Data System (CALPADS), California School Dashboard, and testing vendor. Aggregate data files are provided by the CDE – Data Reporting Office at <http://www.cde.ca.gov/ds/sd/sd/filesenr.asp> and California School Dashboard System of Support <https://www.cde.ca.gov/ta/ta/ac/cm/>. Please note: There may be slight differences with some of the information in this report and what is displayed in Dataquest and CA Dashboard due to changes in file modifications such as Date Modified, Date Posted, other data updates by the testing vendor and updates in CALPADS.

RECLASSIFICATION RATES

This reports shows a two year comparison of the number of English Learners (ELs) on Census Day, the number of students reclassified since the prior Census Day, and the reclassification rate for each specified year. The reclassification rate, displayed in percentage, is calculated by dividing the number reclassified by the number of prior year ELs.

Ivy Academia

Long-Term English Learners (LTEL) and "At-Risk"

Note: The "EL Total" column in this report displays the summed total of the disaggregated English Learner (EL) data in the four columns under the "English Learners" heading. The "Total (Ever-EL)" column displays the summed total of the data in the "RFEF" column plus the data in the "English Learners" heading OR the data in the "EL Total" column, but not both. The percent values displayed in this report are calculated as a percent of the "Total (Ever-EL)" which fully and more accurately considers what happens to all EL students over time, including those who are Reclassified Fluent English Proficient (RFEF). Source: Data collected by the California Department of Education (CDE) through the California Longitudinal Pupil Achievement Data System (CALPADS), California School Dashboard, and testing vendor. Aggregate data files are provided by the CDE – Data Reporting Office at <http://www.cde.ca.gov/ds/sd/filesenr.asp> and California School Dashboard System of Support <https://www.cde.ca.gov/ta/ac/cm/>. LOS ANGELES UNIFIED SCHOOL DISTRICT
Board of Education Report
DESEGREGATION IMPACT STATEMENT (DIS)
IVY ACADEMIA
BOARD OF EDUCATION REPORT 182 – 22/23
March 7, 2023

- I. Category of Proposed Action:
The proposed action would amend the charter for Ivy Academia (“Charter School”), located in Board District 4 and Region North, to decrease grade levels and reduce enrollment capacity.
- II. Summary Description of Current District Practice:
Charter schools are schools of choice by legislation and are open to any student in the State of California. Charter schools are granted renewal for single charter status for a minimum period of two years to a maximum of seven (7) years, depending on the state’s classification of High, Middle or Low for a charter school’s performance pursuant to applicable law. Low performing charter schools may be renewed for a period of two years, Middle performing charter schools for five years, and High performing charter schools may receive a term of five, six or seven years. It should be noted, however, that although State legislation allows students to attend a charter school from any area in the state, the Los Angeles Unified School District (LAUSD) is under Court Order, Crawford v. LAUSD, which applies to all schools within or chartered through the LAUSD. Any modifications to the Court-Ordered Integration Program must first be approved by Student Integration Services.
- III. Proposed Change:
The approval of this request for material revision would amend the charter to decrease grade levels and reduce enrollment capacity.
- IV. Effects of This Proposal:
The Los Angeles Unified School District (LAUSD) does not guarantee availability of Court-ordered Integration funding. The charter school will be responsible for maintaining the Court Order and providing information requested by the LAUSD as set forth in the Charter petition. Modifications or school decisions cannot negatively impact or cause additional costs to the Court-ordered Integration budget.
- V. Analyze the Impact of This Proposal on Integration, Desegregation, Re-segregation and/or Segregation:
If the Charter goals are met, there should be positive results on the five (5) Harms of Racial Isolation which are low academic achievement, low self-esteem, lack of access to post-secondary opportunities, interracial hostility and intolerance, and overcrowded conditions. The Court-ordered Integration Program for participating students will operate under various Court Orders for schools within the Los Angeles Unified School District. Any modification of the Court-ordered Integration Program must first be approved by Student Integration Services.
- VI. If proposed action affects negatively any desegregation program, list other option(s) identified:
If the District Court-ordered Integration Guidelines are followed, there will not be a negative effect on the District’s Court-ordered Integration Program.

PREPARED BY:

ERIK ELWARD, Ed.D.
Specialist
Charter Schools Division

APPROVED BY:

KEITH H. ABRAHAMS, III
Executive Director
Student Integration Services
