Los Angeles School Police Association (Unit A) Initial Bargaining Proposals for 2022-2023 Reopener and Successor (UIP-008-22/23)

April 20th, 2023

Los Angeles School Police Association: Sunshine Negotiations

The purpose of this letter is to advise the Los Angeles Unified School District (LAUSD) of the need to address our Contract Reopener and Successor Agreement. I believe it is fair to point out that LASPA members have been through a great deal in recent years. Starting with the defunding of our department, officers being harassed in the streets and asked to leave schools, and not to mentioned, being ridiculed unjustly in board meetings. Due to these reasons and the lack of equal pay in comparison to other agencies, many of our officers left. However, we as a union have reached out to former LASPD Officers who have lateraled to other police departments and asked them to come back. We understand the number one goal is here at LAUSD, is to protect our precious students, staff, and community members. Our officers understand the delicacy needed to confront situation involving kids. All public employees in Los Angeles County are paying very close attention to this year's LAUSD's salary negotiations and LASPA members, past and present, are no exception. I only ask the district to be thoughtful when addressing our members' concerns. Below you will find some of our members concerns and requests:

Our School Safety Officers (SSOs) are one of the lowest paid employees in the district. They are tasked with keeping LAUSD students, school staff, and Beaudry personal safe. A quick google search will reveal LAUSD's new minimum wage, is \$ 22.52 an hour. So, with that being said, our step 1 for School Safety Officers pay needs to be at least \$ 22.52 an hour. It is safe to say our School Safety Officers were hit the hardest as a result of the defunding of our department. Many were laid off and forced to find employment elsewhere, and as a result of this, many of them lost their medical benefits, which we all know how crucial these benefits are for families. I feel they deserve parity with other district employees.

Below is our current salary pay scale of our SSOs:

227 E Pomona Blvd Monterey Park, CA 91755 Office 323.727.7986

	Step 1	Step 2	Step 3	Step 4	Step 5
School Safety Officers	\$ 16.20540	\$ 17.07466	\$ 18.05922	\$ 19.05265	\$ 20.10817

Moreover, we are trying to provide the best quality service to the district we can but quite frankly, we do not have the amount of police officers and school safety officers we need to keep our schools safe. I spend my days trying to convince our officers to stay with our department as I believe we are looking forward to better days, but our officers are paying close attention to the negotiations of all the LAUSD bargaining units and deciding what's the best resolution for them and their families. Officers deserve to receive parity at the bargaining table with their LAUSD brothers and sisters, anything else would send a negative message to our officers and they would once again feel like outsiders working within the LAUSD Family.

In conclusion, we are facing a great number of retirements within the next few years. Our veteran police officers and school safety officers provide a wealth of knowledge to the district as they are the backbone of our department. Our union takes the rebuilding of our department seriously and retaining veteran officers is a must. The best way to keep these high-quality officers, is with a longevity increase at 20 years and at 25 years. I urge you to pay close attention to these details and to not allow our department to shrink even further, and put the safety of our children, LAUSD staff, and community members as your number one priority.

Best regards,

Gil Gamez

Gil Gamez
President
Los Angeles School Police Association
