Tab 25. Mr. Melvoin, Ms. Ortiz Franklin, Dr. Rivas - Celebrating Labor Day and Championing Los Angeles' Workforce (Res-005-23/24) (Waiver of Board Rule 72)

Whereas, Labor Day became a federal holiday in 1894, commemorating the history and sacrifices of the nation's growing labor movement as they continued to fight for better working conditions, living wages, and respect for the essential roles they played in building the country's infrastructure and economy;

Whereas; More than a century later, we celebrate the workers who keep our communities functioning everyday while fighting for their invaluable contributions to be justly compensated and respected;

Whereas, The Los Angeles Unified School District recognizes the dedicated service and invaluable contributions of its hard-working employees;

Whereas, Beyond our school campuses, a workforce of more than 6.5 million people supports our city's diverse populations and broad range of industries. Each of those workers deserve fair and healthy working conditions, living wages, and respect from the employers and industries that benefit from their labor, and we support our District families that are on strike and out of work;

Whereas, In the last few years, and especially since the COVID-19 pandemic, we have seen ~~more of our nation's unions take a stand to demand fair working conditions.~~ both a local and national resurgence of workers' rights movements and unionization efforts across industries. This includes our own SEIU Local-99, UTLA, and other bargaining units, with whom the District reached historic agreements to ensure the highest minimum wage in the nation; and includes writers, actors, and hospital and hotel hospitality workers, represented by the Writers' Guild of America (WGA), Screen Actors Guild – American Federation of Television and Radio Artists (SAG-AFTRA), and UNITE HERE Local 11 who are currently striking here in Los Angeles;

Whereas, Studio executives have been publicly quoted as intentionally seeking to "...allow

things to drag on until union members start losing their apartments and losing their houses”;

Whereas, Hospital employees at Kaiser Permanente, represented by SEIU United Healthcare Workers (UHW), provide quality care and support for over 47 thousand LAUSD employees and retirees, and are currently in contract negotiations; and

Whereas, The Governing Board of the Los Angeles Unified School District also passed Res-022-22/23 in May to support the WGA workers on the picket lines and urges a just resolution to their strike; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District celebrates District employees and unions for their hard work and unwavering dedication to serving our students, families, and school communities during its annual recognition of Labor Day on September 4th, 2023;

Resolved further, That the Board reaffirms its support for WGA members, as well as SAG-AFTRA members who have joined the ongoing Hollywood strike – and extends this support to all workers around the world engaged in the struggle for just labor conditions;

Resolved further, That, in solidarity with hospital workers represented by SEIU UHW, the Board of Education calls on the leadership of Kaiser Permanente to negotiate in good faith with union members;

Resolved further, That the Board calls ~~upon~~ on the City of Los Angeles to enact an eviction moratorium for striking workers;

Resolved further, That the Board calls on the California State legislature to determine and enact policy that would allow striking workers access to unemployment insurance benefits;

Resolved further, That, in solidarity with the UNITE HERE Local 11 ~~hotel~~ workers currently on striking in Los Angeles, the District commits to not crossing UNITE HERE Local 11’s picket lines ~~and doing everything possible to~~ avoid any and all District contracts, subscriptions, event reservations, or other business interactions with hotels that have active labor disputes ~~with represented employees~~ until such contracts are fairly settled.

Furthermore, District staff will consult the fairhotel.org website for a list of any hotels with labor disputes before booking events or hotel stays locally and nationally; and, be it finally

Resolved, That the District commits to supporting District families who are impacted by lost work due to labor strikes by connecting them with community resources.

BOARD MEMBER RESOLUTIONS FOR ACTION

- Tab 23. Mr. Schmerelson, Dr. Rivas, Ms. Goldberg, Ms. Gonez - Suicide Prevention and Awareness Month (Res-002-23/24) (Waiver of Board Rule 72)

Whereas, Suicide is a serious public health problem that takes an enormous toll on families, students, employees, and communities;

Whereas, In 2017, the Centers for Disease Control and Prevention's Youth Risk Behavior Surveillance System (YRBSS) indicated that a large number of Los Angeles Unified School District youth reported that they considered attempting suicide (25 percent of middle school and over 13 percent of high school students) and attempted suicide (10 percent of middle school and 8 percent of high school students);

Whereas, Factors such as discrimination, adverse childhood experiences, stigma, familial and community rejection, mental illness, social networks, and other factors that compromise life functioning may result in elevated suicide risk, particularly for vulnerable student populations. According to the 2021 YRBSS female students were twice as likely to seriously consider attempting suicide than male students, and LGBTQ+ students and students who had same-sex partners were at higher risk than their peers to consider suicide. Additionally, Hispanic and multiracial students were more likely than their peers to experience persistent feelings of sadness and hopelessness;

Whereas, In September 2016, Governor Jerry Brown signed Assembly Bill (AB) 2246, now California Education Code 215, that took effect in 2017-18, setting a requirement for all Local Educational Agencies (LEA), including county offices of education, school districts, state special schools and charter schools that serve pupils in grades 7 to 12 to adopt a policy on pupil suicide prevention that specially addresses the needs of high-risk students;

Whereas, In July 2017, Michelle King, Superintendent of Schools, approved the implementation of the annual online Suicide Prevention and Awareness Training for all District staff;

Whereas, Despite the fact that mental illness is treatable and youth suicide is a preventable public health problem, ninety percent of deaths by suicide can be attributed to mental illness;

Whereas, Suicide rates increased by 36% between the years 2000 and 2021, responsible for being the second leading cause of death for people ages 10-14 and 20-34, according to the Centers for Disease Control (CDC);

Whereas, In the first year of the Coronavirus (COVID-19) pandemic, anxiety and depression increased globally by 25%, according to the World Health Organization;

Whereas, The phone number of the Suicide and Crisis Hotline has changed to 988, available 24 hours a day, 7 days a week;

Whereas, The focus on mental health aligns with the Los Angeles Unified School District's Strategic Plan on Pillar 1B, which focuses on student happiness at their schools, and Pillar 1C, which seeks to eliminate opportunity gaps. Furthermore, this also aligns with Pillars 2A, which establishes welcoming environments, 2B, the whole-child well-being, and 2C, strong social-emotional skills;

Whereas, Children and teens spend a significant amount of their young lives in school, and the personnel who interact with them daily are in a prime position to recognize the warning signs of suicide and make the appropriate referrals for help. School personnel are

instrumental in helping students and their families by identifying students at-risk and linking them to school and community mental health resources;

Whereas, Suicide prevention involves the collective efforts of families and caregivers, the school community, mental health practitioners, local community organizations, and related professionals to reduce the incidence of suicide through education, awareness, and services;

Whereas, Suicide prevention involves inclusive school-wide activities and programs that enhance a sense of belonging, contribute to a safe and nurturing environment, and strengthen protective factors that reduce the risk for students; and

Whereas, National Suicide Prevention Week will be observed from September 10-16, 2023, to help call public attention to the increasing incidence of suicide and to inform about suicide prevention and warning signs of suicide; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District hereby declares September Suicide Prevention Awareness Month in the Los Angeles Unified School District;

Resolved further, That throughout the National Suicide Prevention Month, but especially during National Suicide Prevention Week (September 10-16, 2023) the District will use social media channels and direct communication to District families to raise awareness and promote resources on suicide prevention, especially resources focused on the needs of our most vulnerable students;

Resolved further, That the District will review and update as necessary the resources posted to LAUSD's School Mental Health / Crisis Counseling and Intervention Services website, and make sure that the website prominently features the new Suicide and Crisis Hotline Lifeline: 988;

Resolved further, That the Superintendent or his designee report to the Committee of the Whole within 90 days on the process of hiring Psychiatric Social Workers (PSW) and School Psychologists in order to fully staff all schools, reduce student to staff ratios, and support School Site Suicide/Threat Assessment Staff. The report should also explore the potential of developing regional partnerships with colleges and universities, training opportunities, and workforce pathways for PSWs and other school site mental health professionals; and, be it finally

Resolved, That by the adoption of this resolution, the Board encourages all students, faculty, administrators, and parents to promote a climate of positive behavior support and intervention; monitor students' emotional state and well-being; and make referrals for crisis support and mental health, as needed.

Tab 24. Mr. Schmerelson, Dr. Rivas - Commemorating National Read a Book Day (Res-003-23/24) (Waiver of Board Rule 72)

Whereas, Experts agree that reading aloud to children provides a strong foundation for their educational and professional future, and it is the single most important thing that parents can do to ensure their child's success in reading and in life;

Whereas, Reading stimulates brain activity, improves concentration, strengthens memory, and reduces stress;

Whereas, People who read books tend to be more aware of social complexities and more empathetic, compassionate, and understanding, along with other social benefits;

Whereas, Reading also improves communication, critical thinking, and language comprehension skills, and can make people better writers;

Whereas, on July 10, 2023, Governor Newsom signed SB 114 wherein Section 53008 (a) (2) was added to Part 28 of Division 4 of Title 2 of the Education Code, which calls for early literacy intervention detection of dyslexia, and adapting learning strategies to better-fit student needs;

Whereas, The National Center for Education Statistics identifies 26.5% of US adults as having level 1 reading proficiency, 8.4% as below reading proficiency, and 8.2% could not participate in the study due to complete or nearly complete illiteracy;

Whereas, Students are influenced by educational factors and beyond, such as peers, parents, siblings, grandparents, teachers, co-students, among others;

Whereas, Studies also show that students from low-income backgrounds are more likely to fall behind with reading;

Whereas, Studies show that children who read out loud, especially at home, strengthens their visual imagery, story comprehension, and word meaning;

Whereas, The National Book Foundation is an American nonprofit organization established to raise the cultural appreciation of great writing in America;

Whereas, Schools, libraries, and other literacy organizations participate in National Read a Book Day through read-a-thons, celebrity appearances, book drives, and more;

Whereas, Getting to 100% graduation at the Los Angeles Unified School District takes a community village that begins with parents, grandparents, relatives, and other extended family alike valuing reading, learning, and achieving;

Whereas, The Los Angeles Unified School District has key staff and resources to help both students and parents with their literacy needs, such as librarians, library aids in elementary schools, and a diverse set of books and other learning materials; and

Whereas, Schools and public libraries serve as necessary functions in our community, also filled with vast resources in literacy such as activities, free audiobooks, internet connectivity, and media access; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District shall commemorate September 6, 2023 as National Read a Book Day;

Tab 26. Mr. Schmerelson - September as Child Welfare and Attendance Month (Res-001-23/24)

Whereas, The Compulsory Education Act was enacted in 1903 and the Governing Board of the Los Angeles Unified School District appointed the first Attendance Officer to enforce compliance with the compulsory attendance mandate, creating the Pupil Services and Attendance Division;

Whereas, In September 2017, the National Child Welfare Workforce Institute celebrated the first National Child Welfare Workforce Development Month, and honored the hard work of child welfare professionals in improving outcomes for children, youth, and families;

Whereas, In our schools, Child Welfare and Attendance Counselors are called Pupil Services and Attendance Counselors (PSA Counselors). They focus on children's safety and wellbeing, strengthening families by providing services and referrals, and they reconnect youth to schools;

Whereas, The pandemic highlighted that our schools are severely underfunded. It also opened our eyes to the importance of supporting the whole child, their socio-emotional learning, and their mental health, making child welfare a priority;

Whereas, Absenteeism is a significant problem that caused learning loss among more than 200,000 LAUSD students during the 2021-2022 school year, as absenteeism and truancy impacts our children regardless of age, race, gender, and socioeconomic status;

Whereas, The rate for chronic absenteeism for African-American students is at 57%, for Latino students at 49%, and for homeless students at 68%;

Whereas, The National Child Welfare Workforce Development Month in September offers an opportunity to recognize and honor the work of Child Welfare and Attendance Counselors, who help vulnerable children and their families. It provides an opportunity to educate the community and policymakers about the effectiveness of truancy and dropout prevention interventions, supported by the California Legislature as outlined in the California Education Code (EC) sections 48240–48244;

Whereas, Pupil Services and Attendance Counselors are frontline professionals who are indispensable in identifying resources and fostering partnerships with community-based organizations to complement existing school programs;

Whereas, Pupil Services and Attendance Counselors conduct assessments to identify issues that may impact attendance and barriers to learning, to facilitate linkages to services that meet the needs of the whole child while simultaneously integrating multi-tiered interventions to promote overall wellness of the family, to address absenteeism, truancy and to support students of culturally diverse populations;

Whereas, Pupil Services and Attendance Counselors use data-driven solutions to identify individual student strengths and needs in order to assist with successful student learning outcomes;

Whereas, Pupil Services and Attendance Counselors increase graduation rates and prevent students from dropping out. They increase access to college pathways, link students and families to services, and provide comprehensive services to foster and homeless youth;

Whereas, Pupil Services and Attendance Counselors re-engage out-of-school youth back into an educational setting, ensuring the successful transition and re-enrollment of all students following juvenile detention;

Whereas, Pupil Services and Attendance Counselors help parents, guardians, tutors, and other heads of households by focusing on personalized pathways to further their children's educational, personal, and social growth; and

Whereas, The Association of Pupil Services and Attendance Counselors (APSAC) has declared the last Tuesday of September as the Child Welfare and Attendance (PSA) Counselor Day; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District hereby declares the month of September 2023, as Child Welfare and Attendance Month and the last Tuesday of September as the Pupil Services and Attendance Counselors Day; and, be it finally

Resolved, That the District will continue to promote attendance awareness through District websites and social media outlets, conducting home visits, engaging families, and taking action with the Association of Pupil Services and Attendance Counselors (APSAC) to strengthen child welfare in our communities.

Tab 27. Ms. Gonez - Celebrating Latino Heritage Month in the Los Angeles Unified School District (Res-004-23/24)

Whereas, The United States has observed Latino Heritage Month from September 15 to October 15 since 1988 to commemorate the contributions, heritage, achievements, and cultural influences of Latino Americans in the United States;

Whereas, Latino Heritage Month also recognizes the intersectionality and diversity of the U.S. Latino population, incorporating indigenous histories and celebrating the independence days of several Latin American countries including: Costa Rica, El Salvador, Guatemala, Honduras, and Nicaragua;

Whereas, This month-long recognition serves as an opportunity for all Americans to learn more about Latino history, promote cultural awareness and inclusivity, and celebrate diversity both in the present and in our nation's history;

Whereas, The U.S. Latino population has grown to become the second largest racial or ethnic group in the United States in the last decade, reaching 62.6 million Latinos as of 2021 and accounting for 19% of all Americans;

Whereas, The state of California is home to the largest Latino population in the country, where they comprise 40.3% of the state's overall population, and almost 50% of the population of the County of Los Angeles;

Whereas, Latino students comprise almost 78% of the Los Angeles Unified District student population, underscoring the importance and relevance of Latino Heritage Month among the District's students and families;

Whereas, Recognizing and celebrating Latino Heritage Month as a District furthers the work of our Strategic Plan to provide culturally relevant, empowering curriculum that inspires students to become leaders and advocates for their communities; and

Whereas, The District is committed, above and beyond this commemoration, to empowering students through culturally responsive and inclusive learning environments that celebrates the value and diversity of all its students; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District hereby recognizes and celebrates September 15 through October 15 as Latino Heritage Month;

BOARD MEMBER RESOLUTIONS FOR ACTION

- Tab 17: Dr. McKenna - November as Homeless Youth Awareness Month (Res-011-23/24)
(Noticed October 17, 2023)

Whereas, Congress first declared November as National Homeless Youth Awareness Month in 2007;

Whereas, California passed a resolution recognizing November as California Runaway and Homeless Youth Prevention Month in 2023;

Whereas, November is a time to elevate the issue of youth homelessness and grow the commitment to prevent and end homelessness among young people in the United States;

Whereas, In 2022, an estimated 9,100 youth in Los Angeles County lacked a safe place to live;

Whereas, A disproportionate number of youth experiencing homelessness are members of historically underserved populations;

Whereas, Youth experiencing homelessness are often exposed to dangers, have an increased likelihood of substance abuse, early parenthood, and trafficking, and experience depression and posttraumatic stress disorder;

Whereas, Nearly 70 percent of Los Angeles Unified School District's homeless students were chronically absent during the 2021-22 school year;

Whereas, The District is developing programs such as iAttend to identify homeless students and provide them with needed resources;

Whereas, Research has shown that homeless youth are more likely to score lower on standardized tests, be placed in special education, repeat a grade, transfer schools, and drop out of school;

Whereas, The McKinney-Vento Homeless Assistance Act ensures educational rights and protections for homeless youth;

Whereas, In compliance with the McKinney Vento Homeless Assistance Act, the District's Homeless Education Office was designed to provide assistance to homeless students and families and maximize access to educational, social, and enrichment programs to promote student achievement;

Whereas, The Governing Board of the Los Angeles Unified School District recognizes that homelessness is a serious problem for many students, families, and the City at large; and

Whereas, The Board recognizes the important role education can play in preventing and ending youth homelessness; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District declares November 2023 as Homeless Youth Awareness Month; and, be it finally

Resolved, That the Los Angeles Unified School District recognizes the unique challenges of youth experiencing homelessness and commits to increasing awareness of the issues impacting these students and will continue to support and explore programs, partnerships, and legislation that combat homelessness and remove barriers to success for homeless youth.

Tab 18: Mr. Schmerelson - Commemorating Diwali and Celebrating South Asian Heritage (Res-012-23/24) (Noticed October 17, 2023)

Whereas, Diwali, also known as Deepawali, is a five-day festival observed by more than a billion people across faiths, including Hinduism, Sikhism, Newar, Buddhism, and Jainism;

Whereas, Diwali marks the start of the Hindu New Year: and symbolizes the spiritual victory of light over darkness, good over evil, and knowledge over ignorance;

Whereas, California has the largest Indian population in the United States, with nearly one million residents living within the state;

Whereas, Indian Americans contribute highly to California's economy, community, social services, and diverse culture;

Whereas, The Los Angeles Unified School District acknowledges the growing presence of Indian Americans and others of South Asian heritage in public life, service, and business positions;

Whereas, Diwali is celebrated as an official holiday in India, Nepal, Sri Lanka, Myanmar, Guyana, Fiji, Singapore, Trinidad and Tobago, Malaysia, and Mauritius; now therefore be it

Resolved, That the Governing Board of the Los Angeles Unified School District acknowledges Sunday, November 12, 2023, as Diwali;

Resolved further, That the District recognizes the importance of the South Asian Community, including Indian Americans, to Los Angeles and California as leaders for their contributions to their communities and various sectors such as, but not limited to, academics, health, science, and sports;

Resolved further, In alignment with the District's inclusive practices, the Governing

Board of the Los Angeles Unified School District encourages the Superintendent to support and uplift the Indian American Community and others of South Asian heritage in our schools, workplaces, and communities; and, be it finally

Resolved, That the Board requests that the Superintendent update or create reference guides and resources to inform students, teachers and staff so that proper age appropriate discussions of Diwali can happen in our school sites and classrooms.

Tab 19: Mr. Schmerelson - Celebrating Substitute Educators Day (Res-013-23/24)
(Noticed October 17, 2023)

Whereas, The United States observes Substitute Educators Day, which was instituted by the National Education Association (NEA) and is to be celebrated on Friday during American Education Week;

Whereas, The purpose of this day is to highlight the role and importance of the substitute teacher by providing information about, advocating for, and helping to increase appreciation and respect for this unique professional;

Whereas, Los Angeles Unified School District substitute school employees play an essential role in the maintenance and continuity of daily education for all students, ensure the minimization of learning disruption, and are tasked to provide effective learning plans;

Whereas, The unmatched professionalism of substitute teachers is evidenced by their willingness to be at a school site early in the morning, oversee and execute a quality lesson plan, and provide students with a safe learning environment, all on short notice;

Whereas, These professional educators provide a critical link in the education of public schoolchildren by serving as a bridge to provide continued quality education to children in the temporary absence of regular classroom educators;

Whereas, Our professional substitutes make a valuable and meaningful contribution to the success of our students by ensuring that the time they spend in school is productive;

Whereas, Substitutes are experienced in the adaptation to different school lessons, climates, cultures, and personnel due to changing worksites;

Whereas, In addition to substitute teachers being purveyors of knowledge in the classroom, they also serve our students as role models and mentors;

Whereas, Although the role of the substitute teacher may be different from that of the regular teacher in some aspects, it is equally demanding, essential, and professional; and

Resolved, The Board expresses their deep appreciation to our supporting substitute educators in the challenging conditions they face to provide the best education possible for our students and as crucial members of the Los Angeles Unified School District.

Tab 21: Ms. Gonez, Mr. Schmerelson - Celebrating National Special Education Day and Calling for Increased Special Education Funding (Res-015-23/24) (Waiver of Board Rule 72)

Whereas, For the 2023-24 school year the Los Angeles Unified School District proudly serves over 65,000 students receiving special education services, almost one-third of which have moderate-to-severe disabilities;

Whereas, The District provides 38 types of services and supports to students with disabilities in order to provide a free appropriate public education;

Whereas, The chronic underfunding of the federal law now known as the Individuals with Disabilities Education Act of 1975 (IDEA) by the federal government places an additional funding burden on states, local school districts, and taxpayers to pay for needed services, and often means using local budget dollars to cover the federal shortfall, ultimately shortchanging other school programs that students with disabilities often also benefit from;

Whereas, In the 2023-2024 school year, the District plans to spend over \$2 billion in special education costs, with the District's federal IDEA funding reaching only \$133 million, accounting for merely 7% percent of the District's share of costs, woefully short of Congress' commitment upon IDEA's passage to 40 percent of the additional costs necessary to provide a free and appropriate public education to students with disabilities;

Whereas, The grossly inadequate level of funding for special education at both the federal and state level also does not differentiate funding based on the severity of the student's disability and therefore fails to recognize the additional resources required to fully meet the needs of students with moderate to severe disabilities;

Whereas, The majority of the current state funding structure for special education is based on student attendance (AB 602) providing Special Education Local Plan Areas (SELPAs) funding based on their overall student attendance, regardless of how many students with disabilities the SELPA serves or the services they provide; and

Whereas, The District proudly operates 13 Special Education and Career Transition Centers which provide students with a robust instructional program that meets each individual student's unique needs and prepares them and their families for their transition beyond secondary school; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District recognizes and celebrates the unique assets and needs of our students with disabilities and is proud to serve them and their families, particularly in light of the shameful historic exclusion of students with disabilities;

Resolved further, That the District formally recognizes December 2 as National Special Education Day this year and every year and encourages all schools, students, and families to celebrate our children with disabilities and the unique assets they contribute to our school communities;

Resolved further, That the Board commits to continued advocacy for additional resources that will adequately resource and sustain the instructional programs and services for our students with disabilities, such as increasing California's funding allocations to meet the increases in special education costs, particularly for students with moderate to severe disabilities, Congress significantly increasing the annual appropriation for IDEA, passing the IDEA Full Funding Act (S. 3213/H.R. 5984), as well as the Keep Our Pact Act (S. 72/H.R. 764), to create a mandatory 10-year path to fully fund both IDEA and Title I of the Every Student Succeeds Act; and, be it finally

Resolved, That the Superintendent is directed to develop more regular opportunities for parents and families of students with disabilities to engage with the District to provide meaningful feedback, opportunities for continuous improvement and strengthen partnerships and resources.

Tab 22: Ms. Ortiz Franklin - Celebrating Read LA! Day (Res-016-23/24)
(Waiver of Board Rule 72)

Whereas, Early literacy is a fundamental building block of a child's education, developing strong reading and comprehension skills, leading to improved communication, critical thinking, and problem-solving abilities and a key determinant of future academic and life success;

Whereas, According to the 2023 California Smarter Balanced assessment results, nearly 60% of all LAUSD third grade students did not meet state standards in English Language Arts; 67% of Latino/x/e students, 73% of Black students, 91% of English Learners, and 68% of economically disadvantaged students in third grade did not meet these standards;

Whereas, Early literacy begins at birth, therefore supporting and equipping families and caregivers in the early years are essential to nurture young children's language development, cognitive and executive function skills and other critical early childhood milestones;

Whereas, Structured literacy instruction in the early grades, following the Science of Reading (SoR), including effective SoR practices for English Learners/Emergent Bilinguals as outlined in the Joint Statement by the Reading League and National Committee for Effective Literacy, has proven to be the most effective way to help children learn to read;

Whereas, All teachers deserve to be provided with science-aligned professional

development and ongoing supports to ensure their students meet or exceed state standards in English Language Arts;

Whereas, Children’s access to high quality early learning environments, enriching summers, tutoring supports, and literacy resources in homes, schools, and communities can reduce educational disparities and bridge opportunity and achievement gaps; and

Whereas, Families In Schools and its coalition partners will launch the Read LA!: *Literacy & Justice for All* campaign on November 14, 2023, mobilizing all of Los Angeles to elevate and prioritize early literacy and work to reverse our literacy crisis, giving every child the right to read; now, therefore, be it

Resolved, That the Board of Education of the Los Angeles Unified School District hereby proclaims November 14 as “Read LA Day” and encourages all Los Angeles leaders and stakeholders, including early education providers, schools, parents, civic leaders, community organizations, policymakers, and funders to recognize and prioritize early literacy as a cornerstone of our children's educational journey.

BOARD MEMBER RESOLUTION FOR ACTION

Mr. Melvoin moved the following resolution, with a 3:30 p.m. time certain:

Tab 20: Mr. Melvoin, Ms. Goldberg, Mr. Schmerelson, Ms. Ortiz Franklin - Excellence in Before and Afterschool Programming in LAUSD (Res-014-23/24) (Noticed October 17, 2023)

Whereas, Before and afterschool programs, support students, families and communities. They keep youth safe, inspire learning, and give working parents and guardians peace of mind;

Whereas, The Los Angeles Unified School District (District) is committed to delivering well-rounded, inspiring educational and enrichment experiences during the school day and before and after school as outlined in Pillar 1B of the 2022-2026 Strategic Plan;

Whereas, The average workday for full time workers is 8.4 hours according to the U.S. Bureau of Labor and Statistics, while the average school day for students in California is 6 hours;

Whereas, Quality before and afterschool programs not only promote physical health and wellbeing, but also support academic and social-emotional development and provide a safe and supportive environment for students;

Whereas, According to research at the University of California, Irvine, the University of Wisconsin Madison, and Policy Studies Associates, Inc., students who regularly attended high-quality afterschool programs had significant gains in standardized math test scores;

Whereas, According to the Rose Institute at Claremont McKenna College, every \$1 invested in afterschool programs saves at least \$3 through increasing youth's earning potential, improving their performance at school, and reducing crime and juvenile delinquency;

Whereas, Effective before and afterschool programs align with and complement the school day instructional goals. This helps reinforce academic skills and concepts while providing additional enrichment and opportunities for hands-on learning;

Whereas, The District and its partners are committed to ensuring students have access to before and afterschool programs in a safe and supportive environment that offers high-quality academic, enrichment, and recreation programs to motivate students to work towards their full potential. Most District students have access to an on-site before and/or afterschool program, although availability and quality may vary from school to school;

Whereas, There are challenges to providing quality before and afterschool programs including attracting and retaining qualified, part-time afterschool employees, developing coherence between the school day and before and afterschool programs, and blending funding to meet the needs of all students while following funding guidelines;

Whereas, There remains unmet demand for high-quality before and afterschool programs, disproportionately impacting low-income families and families of color; now therefore be it

Resolved, That the District recognizes and celebrates Lights on Afterschool Day annually in October. This event celebrates after school programs that keep youth safe, inspire them to learn, and help working families;

Resolved, That advocacy for more before and afterschool funding and support be incorporated into the 2024 District's Advocacy Agenda as a legislative priority at the local, State, and national level;

Resolved, That the District will continue to strengthen before and afterschool program coherence, quality, developmental appropriateness, and accessibility.
