Board of Education Report

File #: Res-027-23/24, Version: 3

Ms. Gonez - Éxito y Promesa: Deepening and Expanding Support for Multi Language Learners (Res-027-23/24) (Noticed April 9, 2024)

Whereas, The Los Angeles Unified School District is proud to serve students who speak 98 different languages at home;

Whereas, Approximately 85,000 English Learners (EL), and 99,000 Reclassified Fluent English Proficient (RFEP) students make up approximately 44% of all students in the District;

Whereas, The Multi Language Learners (MLL) student population is heterogeneous including, among others, Potential Long-Term English Learners (PLTEL), Long-Term English Learners (LTEL), English Learner students with disabilities, English Learners identified as gifted and talented, as well as refugee and International Newcomer students, an MLL student population that has been rising steadily in recent years;

Whereas, The District is committed to supporting students who are Multi-Language Learners, including approximately 22,000 (5%) who are International Newcomers, as evidenced by ongoing efforts outlined in the District's Strategic Plan including targeted professional development, assigning trained staff to schools with a high concentration of International Newcomer students, providing instructional resources with EL-specific strategies to all teachers, assigning Multilingual Multicultural Academic Language Teams that support each region, and the creation of four International Network Academies and Dream Centers;

Whereas, The District is focused on decreasing the number of LTELs by providing targeted, supplemental supports in elementary and middle schools through the allocation of support staff who provide direct services to students and work with teachers to implement research-based strategies such as those highlighted in<<https://www.lausd.org/cms/lib/CA01000043/Centricity/Domain/22/UTK-12%20Essential%20Instructional%20Approaches%20for%20Multilingual%20Learners%20.pdf>>[LAUSD UTK-12 Essential Instructional Approaches for Multilingual Learners](https://www.lausd.org/cms/lib/CA01000043/Centricity/Domain/22/UTK-12%20Essential%20Instructional%20Approaches%20for%20Multilingual%20Learners%20.pdf)
<[https://www.lausd.org/cms/lib/CA01000043/Centricity/Domain/22/UTK-12%20Essential%](https://www.lausd.org/cms/lib/CA01000043/Centricity/Domain/22/UTK-12%20Essential%20Instructional%20Approaches%20for%20Multilingual%20Learners%20.pdf)

Whereas, A measure of success for eliminating opportunity gaps is increasing EL reclassification rates to 25% (from 15.8% in 2019-20), and in the first year of the Strategic Plan, the District showed improvement in this area by increasing its EL reclassification rates to 21.8%;

Whereas, The 2023 Smarter Balanced Assessment (SBA) results show English Learners as the student group with the greatest Distance from Standard in English Language Arts, where the SBAs are comprehensive end-of-year assessments for English Language Arts/literacy and mathematics that measure progress toward college and career readiness;

Whereas, MLL high school students have class schedules that include state-required English Language Development (ELD) courses to achieve English proficiency which may delay access to a full range of courses, and the District is piloting a new grade-level ELD placement policy to expand ELs' access to grade-level coursework, including expediting International Newcomers' access to electives/grade-level English courses after their first year of ELD instruction;

Whereas, Newcomer students are a part of the overall MLL population but may also have unique needs, reflecting the traumas of the migration process, interrupted formal education, or other challenges, which necessitate specialized resources and programming;

Whereas, While wraparound services are available to newcomer students at the secondary level, the dispersal of newcomer elementary school students may pose resource gaps; and

Whereas, The 2022-2025 UTLA collective bargaining agreement includes a side letter Memorandum of Understanding "Support for Immigrant Students and Families", which includes establishing the joint District and UTLA "Immigrant Support Committee;" and

Whereas, The Strategic Plan indicates that the District will pursue eliminating opportunity gaps by creating an inclusive environment, acting on early warning indicators to ensure students remain on track, and offering multiple opportunities for intervention and credit recovery during and after school, among other strategies; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District reaffirms its commitment to ensuring that all MLL students have access to a rigorous, well-rounded, high-quality public education;

Resolved further, That the Superintendent shall assess the holistic needs of MLL students and their families, the current provision of services, and explore additional strategies to deepen support, including:

- Increasing access to a diverse academic portfolio (including A-G coursework, electives and the arts), enrichment opportunities, extracurricular activities, technology, social-emotional resources;
- Updating protocols and processes for communications with families to ensure cultural and linguistic appropriateness, awareness and understanding, including on the reclassification process and college preparation (e.g. for undocumented students and their unique financial aid needs), and improving partnership with families so they can be equipped and empowered to support their children's learning at home;
- Increasing access to ~~Updating protocols for~~ language/interpretation services, especially in school communities where languages are spoken besides English and Spanish, such as Russian, Ukrainian, and indigenous languages from around the world;
- Building employee capacity to support all MLL students through culturally responsive practices and awareness of the social-emotional needs of newcomers, and creating career pathways including "grow your own" programs to ensure a pipeline of teachers who can meet the diverse needs of MLL and newcomer students;
- Creating partnerships with academic institutions and organizations specializing in multicultural education and the needs of International Newcomers; and

- Providing additional support to schools with high concentrations of MLL students and International Newcomers, such as providing additional staff, financial resources and wraparound services (e.g. legal and social-emotional support and resource hubs, such as Dream Resource Centers and enrollment supports, such as additional School Enrollment, Placement and Assessment (SEPA) Centers), and considering opportunities to add supports to schools midyear based on recent arrivals;
- Incorporating, in the District's annual legislative and advocacy priorities, legislation that helps support the diverse needs of MLL and newcomer students; and be it finally

Resolved, That, with input from students, educators, and families, community organizations, and the LAUSD-UTLA Immigrant Support Committee, the Superintendent shall develop a revised Master Plan for English Learners plan for the 2025-2026 school year to fulfill the promise of our MLL students by addressing gaps in each of the areas listed above and report back to the Board on the implementation of the resolution in 120 days and as part of the annual Strategic Plan.

RESOLUTION IMPACT STATEMENT

RESOLUTION IMPACT

Please complete the sections applicable to your impact statement, and **delete non-applicable areas.**

Type of Impact Statement:

☒ BUDGET ☐ LEGAL ☐ OPERATIONAL POLICY & STUDENT IMPACT

BUDGET IMPACT:

This resolution resolves that the Board will reaffirm its commitment to ensuring that all Multi Language Learners have access to a rigorous, well-rounded, high-quality public education, and that the Superintendent shall assess the holistic needs of these students and their families (including the current provision of services and potential additional strategies). This assessment will include increasing access to a diverse academic portfolio, increasing access for communications with families and language/interpretation services, building employee capacity to support students through culturally responsive practices, creating partnerships with other organizations specializing in multicultural education, providing support to schools with high concentration of Multi Language Learners and

International Newcomers, and expanding advocacy for legislation to support the needs of these students. Finally, this resolution resolves that the Superintendent shall develop a revised Master Plan for English Learners plan for the 2025-26 school year to address the focus areas described in the resolution and report back to the Board in 120 days (as well as in annual Strategic Plan updates).

Current program budgets for the Multicultural and Multilingual Education Department will be leveraged to implement these policies. Should the assessment determine the need to provide additional staff or funding to sites, this policy may incur costs beyond those existing budgets. In addition, future services for the 2025-26 school year are dependent on both TSP and Title III allocations, which will be determined in January 2026. As a result, the exact budget impact cannot be quantified at this time.

The section below applies to all impact statements.

Please indicate if proposed actions above will be completed with current resources or if additional resources will be required, i.e., staff, funding, etc. (Please connect with Budget if funding impact)

As stated above, the assessment of current needs, services, and potential strategies may be completed with current resources, but at this time, it is unclear whether additional resources will be required.

RESOLUTION IMPACT STATEMENT

RESOLUTION IMPACT

Please complete the sections applicable to your impact statement, and **delete non-applicable areas.**

Type of Impact Statement:

- ☒ BUDGET ☐ LEGAL ☒ OPERATIONAL POLICY & STUDENT IMPACT

BUDGET IMPACT:

MMED currently has applied for state and philanthropic grants that directly support services for International Newcomer students. Grant funds will expire in 2025. We also have 3-year contracts with CHIRLA and Internationals Network of Schools that support the work with 4 high schools (Belmont, Bernstein, Van Nuys, and Monroe High Schools). There are no additional funds currently available to span services to other impacted schools.

OPERATIONAL IMPACT:

The Resolution calls for the District to incorporate in its annual legislative and advocacy priorities, legislation that helps support the diverse needs of Multi Language Learners (MLL) and newcomer students. This priority is included in the Office of Government Relations' Guiding Principles and Priorities that were approved in December 2023:

English Learners and Language Acquisition

Throughout Los Angeles Unified, over 94,000 English Learners are learning to speak English proficiently. Sixty percent of our students live in a home where a language other than English is spoken. English Learners include both newcomer students who immigrate from other countries as well as students born in the US to families who speak languages other than English. We will support policies that allow our English Learners to acquire English fluency and reclassify as English proficient while maintaining their home language and graduating college- and career-ready with the California Seal of Biliteracy. We will seek to expand dual language education programming and offer world language classes that reflect the diversity of our district, and to provide multilingual pathways for all students to become bilingual and biliterate.

Additionally, for our federal priorities, we already state:

Advocate for protection and support of immigrant students and families, including support for permanent legal protections and a pathway to citizenship for undocumented youth.

Space Impact: ☒ Yes ☐ No If yes, please describe

- Dream Resource Center – dedicated space will need to be evaluated by Region staff, Master Planning and Demographics in collaboration with the school principal.

Policy Impact:

The resolution itself does not impact any policies. However, the strategies to be explored to deepen support for MLL students and their families, and the development of a revised Master Plan for English Learners for the 2025-26 school year may have impacts.

Student Impact:

The resolution will support the continuity of comprehensive resources for MLLs by ensuring:

- Social Emotional Support
 - Cultural Training for Staff: Provide ongoing professional development for teachers and staff on cultural competency and strategies for supporting the emotional needs of MLLs.
 - Wellness Centers: Utilize wellness centers on campus that offer them to provide health services in multiple languages and are staffed with culturally aware counselors.
- A-G completion
 - Language-Specific Academic Counseling: Offer academic counseling in students' native languages to help MLLs understand A-G requirements and develop appropriate academic plans.
 - Utilize Bilingual Instructional Aides: in classrooms to support MLLs' understanding and completion of A-G courses.

- Student motivation and engagement measured by attendance
 - Parental Engagement Initiatives: Highlight initiatives aimed at increasing parental involvement in education, such as multilingual parent academies that educate parents about how they can support their children’s schooling.
 - Attendance Monitoring: Utilize school teams dedicated to monitoring MLL attendance and addressing barriers to regular attendance, such as transportation or health issues.
 - Culturally Relevant Programming: Integrate culturally relevant materials and activities into the curriculum to make learning more engaging for MLLs.
- Graduation rates and/or career pathways
 - Career Exploration Workshops: Host workshops and fairs Like Newcomer fairs that expose MLLs to various career pathways and provide information about the education and skills required for different fields, with a focus on bilingual opportunities.

The section below applies to all impact statements.

Please indicate if proposed actions above will be completed with current resources or if additional resources will be required, i.e., staff, funding, etc. (Please connect with Budget if funding impact)

To address the resolved clauses of the resolution, additional staff and resources will need to be allocated at schools where there is a higher need for MLL support. We have connected with budget services to provide such impact.
