Education Compacts

June 4, 2024

Office of Government Relations

Action Proposed:

Authorize the Education Compact with the City of Carson and City of Los Angeles.

Background:

As part of the 2022-2026 Strategic Plan for the Los Angeles Unified School District, new education compacts are to be established between the District and local governmental entities. Education Compacts with the municipal governments are intended to align resources and implement innovative programs to equip our students with the tools they need to be Ready for the World.

Through these Education Compacts, each city and the District will collaborate to meet the educational needs of youth and families in the respective city through the end of the District's Strategic Plan (June 2026). The city and the District may choose to revisit the Compact after June 2026 to renew their shared commitments to students and families.

The commitments outlined in the Education Compact are not legally binding nor do they mandate budgetary expenditures on behalf of the Parties. They represent a shared philosophical goal of improving the educational opportunities and enriching the lives of children and families attending District sites living within the city.

The Office of Government Relations (OGR) will continue discussions with other municipalities to finalize Education Compacts that can be brought forth for Board approval at a future meeting.

Expected Outcomes:

The approved Education Compacts will result in a coherent agenda that OGR, Region Offices and the respective District Divisions will promote and advance by strengthening collaboration with each municipality to deliver on the commitments outlined in the shared vision.

Board Options and Consequences:

A "Yes" vote, will allow OGR, Region Offices and the respective District Divisions to proceed in a timely manner to deliver on the commitments outlined in the shared vision.

A "No" vote, will delay the opportunity to strengthen these partnerships.

Policy Implications:

The Education Compacts are in alignment with the District's 2022-26 Strategic Plan.

Budget Impact:

No budgetary expenditures are outlined in the Education Compacts.

Student Impact:

The Education Compacts support students and families through strengthening partnerships between the city and the District. Such partnership ensures a coherent and joint effort to support student success.

Equity Impact:

Component	Score	Score Rationale
Recognition	3	The Education Compacts may establish partnerships between the District and the smaller and less representative cities and communities that also serve our student population. While only around 20% of Los Angeles Unified students attend schools outside of the City of Los Angeles, it is equally important for the District to continue to pursue collaborative efforts with the other cities and unincorporated communities represented by the Los Angeles County Board of Supervisors.
Resource Prioritization	3	Pursuing these partnerships would mean that our programs and initiatives are also being replicated in other communities outside the City of Los Angeles, ultimately broadening opportunities and services to students and families in a more equitable way.
Results	2	The Education Compacts represent a shared philosophical goal of improving the educational opportunities and enriching the lives of children and families attending District sites within respective cities and unincorporated communities, however the commitments are not legally binding, nor do they mandate financial obligations.

EDUCATION COMPACT BETWEEN THE LOS ANGELES UNIFIED SCHOOL DISTRICT AND THE CITY OF CARSON

As part of the 2022-2026 Strategic Plan for the Los Angeles Unified School District (“District” or “Los Angeles Unified”), new education compacts are to be established between the District and local governmental entities. Education Compacts with the municipal governments in the South Bay region are intended to align resources and implement innovative programs to equip our students with the tools they need to be Ready for the World.

As a member of the South Bay region, the City of Carson (“City”), is served by the District and accounts for a 10,866 student enrollment (LAUSD SY 23-24 Enrollment). The City of Carson has 95,558 residents (2020 US Census) and expands a total area of 19 square miles. The District and the City may each be referred to, individually, herein as a “Party” or, collectively, as “the Parties.”

Through this Education Compact (“Compact”), the City and the District will collaborate to meet the educational needs of youth and families in the City through the end of the District’s Strategic Plan (June 2026). The City and the District may choose to revisit the Compact after June 2026 to renew their shared commitments to students and families of the City of Carson.

The commitments outlined are not legally binding nor do they mandate budgetary expenditures on behalf of the Parties. They represent a shared philosophical goal of improving educational opportunities and enriching the lives of children and families attending District sites or living within the City. The Parties recognize there may be financial expenditures associated with one or all the following aspects, however any financial expenditure shall not be made unless the responsible Party’s governing board has authorized the expenditure through its budgetary process and shall be voluntary in nature.

The Compact between the District and the City will undertake efforts that would be enriched, expedited, or enhanced through collaborative efforts in the following areas:

1. Communications and Ongoing Engagement
2. Enrollment and Positive Attendance
3. Crossing Guards and Other Traffic Safety Improvements
4. Safe and Positive School Climate
5. Student Health and Medical Services
6. Parent and Family Engagement
7. Academics and Expanded Learning
8. Connectivity
9. Facilities
10. Transportation

Communications and Ongoing Engagement

- The City and the District will work jointly on communications through the City’s website to include an educational tab/section with information on Los Angeles Unified schools and districtwide initiatives. The District will also work with the City to share city events, news

and City-led programs to students, families, and staff. Concerted efforts will be made to share information via social media and other communication channels and may include a disclaimer, as appropriate.

- The City and District will explore leveraging current City events, recreation programs, and activities to promote District services to families and will consider establishing a standardized process for making such requests.
- The City and District will explore leveraging current City events and activities to promote District employment opportunities.
- The City and District will promote educational initiatives to local businesses and chambers of commerce to encourage volunteering, mentorship, and other opportunities to support local students and education.
- The City and the District will collaborate on opportunities to deliver specific programming for local families via the Family Academy and Cultural Arts Passport initiatives.
- The City, in partnership with the District, will convene education roundtables with local partners on efforts to strengthen student success.

Enrollment and Positive Attendance

- The City will support the District in student recruitment campaigns for District-operated schools in the City.
- The City and District will collaborate on programs, annual attendance campaigns, and other events that support school attendance to ensure all school-aged youth are enrolled in District-operated schools.

Crossing Guards and Other Traffic Safety Improvements

- The City will promote safe passages for students and families by committing to continue providing a crossing guard program.
- The District will provide additional support and training for the Traffic Safety Valet programs at elementary school sites experiencing traffic safety needs by reviewing traffic and pedestrian incident data and identifying schools in need for outreach. The District will also promote the Traffic Safety Valet program by distributing flyers when visiting elementary schools, during the District's safe school inspections, and during meetings with principals.
- The District will work with the City to address traffic concerns related to school drop-off and pick-up, including exploring additional opportunities to reduce traffic congestion and enhance pedestrian safety. This may include, but is not limited to, exploring the installation of bollards and speed humps, quick design build projects and flashing lights.
- The District will provide additional support by sharing Reference Guide, 4492.2, School Traffic Safety with school administrators which details the guidelines for requesting traffic surveys, speed limit signs, pavement markings, crossing guards and other assistance to resolve traffic safety issues. Los Angeles Unified's Office of Environmental Health and Safety (OEHS) will liaison between the City and school administrators and make requests on behalf of schools.

Safe and Positive School Climate

- The District will continue to facilitate School Safety Collaborative meetings between City personnel, the District and other local partners to discuss various issues including the

school community, including but not limited to, updates on school construction and operational projects, school safety, safe passages to and from school, educational and community events, and opportunities to collaborate on seeking community partner, city and school collaborations.

- The District/Los Angeles School Police Department and City will identify a Law Enforcement Liaison officer from the Sheriff's Department to ensure coordinated approach on issues related to youth, crime prevention and other relevant safety and area school consistent with Section 32281 (f)(1) of the California Education Code.
- The District/Los Angeles School Police Department and City will explore the possibility of entering into data-sharing agreements to assess the status of school crimes with a goal of helping to prevent crimes and improve coordination consistent with Section 32282 (a)(1) of the California Education Code.

Student Health and Medical Services

- The District and the City will work jointly to expand prevention and public education efforts to combat the public health issue of fentanyl-related overdoses and strengthen support services for students.
- The District will continue to work with the California Department of Healthcare Services (DHCS) Naloxone Distribution Program (NDP) to obtain doses of Narcan for all TK-12 school sites, early education centers, adult education schools and afterschool programs.
- The District, in partnership with the City and other service providers, will explore the feasibility of bringing additional student health and mental health services and entities to provide whole child and school community services at District school, which may include mobile health services.

Parent and Family Engagement

- The District will develop specialized classes/workshops that address the needs of families in the Carson community through the Family Academy. The City will promote these classes and workshops to the families and community members at large.
- The District will develop a training program for City personnel on the District's Parent Portal/LAUSD App and School Volunteer Program procedures.
- The District and City will explore the feasibility of incorporating a Parent Resource Center or information into a City-owned facility.

Academics and Expanded Learning Programs

- The District will work jointly with the City to promote the District's various academic and enrichment programs to students and families in the Carson community, including the tutoring program, summer programming, and Beyond the Bell's Expanded Learning Opportunity Programs.
- The District will work with the City to support programs that will assist students in bridging academic voids that may exist due to digital inequities, pandemic effects, or other outside effects that would negatively impact the learning environment, such as an after school reading program at the City parks or a similar initiative.
- The District will offer the Cultural Arts Passport to families in the Carson community. The District and the City will explore expanding the use of museums or cultural sites within the City of Carson, if any, for the benefit of students.

- The District will work with the City to promote City programming for students and families, including but not limited to internship, work-study, and workforce development programming.

Connectivity

- The District will explore Digital Divide partnerships and continue its advocacy to urge increased connectivity funding to provide students access to devices and internet services for off-campus use.
- The District will continue to provide high speed network access to students at Los Angeles Unified schools.
- The District has equipped 1,300 school buses with LTE connectivity and will continue to provide WiFi access to students who ride Los Angeles Unified buses to and from school.
- The District will continue to create partnerships with organizations/programs such as Verizon Innovative Learning and School2Home to provide devices and/or connectivity for home use for students.

Facilities

- The District and City will continue to collaborate to provide access to and use of District and City facilities for meetings, community events, athletic activities, and cultural and historic programs, among other facility use needs that benefit students and families.
- The District will work with the City to receive access to and use the City's pools upon terms and conditions available to those provided to other governmental agencies.
- The District's over twenty-year construction program will continue to rely heavily on its commitment to meaningful engagement by bringing timely and accurate information to all stakeholders (students, parents, teachers/administrators, key stakeholders, local municipalities, and elected officials) and collecting feedback that guides the District's decision-making.
- The City and District will work collaboratively to increase the amount of green space on District sites to expand access to additional green space for families and students.
- The District will examine how to strengthen the collection of developer fees for all new residential, commercial, and industrial construction projects within the school district boundaries, including opportunities for increased collaboration with the City in support of these efforts to collect and transmit developer fees for construction projects in the City.

Transportation

- The City will support the District in promoting the District's free Metro passes from the Metro GoPass Program for students, by promoting it at community events, newsletters and on the City's website if the pilot program is continued beyond June 30, 2024.

APPENDIX

Cultural Arts Passport

The Los Angeles Unified Cultural Arts Passport is a program to provide students access to the Arts. In partnership with Southern California's finest cultural organizations and venues, the Cultural Arts Passport program ensures equal access to arts, culture, and environmental experiences for every child. The Cultural Arts Passport is partially supported through generous monetary and in-kind donations from the community. Founding partners who generously support the initiative include The Broad Foundation, Creative Arts Agency, the Fender Play Foundation, and other cultural institutions.

Digital Divide Partnerships

The District has developed partnerships with LTE/5G and fixed broadband providers such as Verizon and AT&T to allow piggyback on our contracts with very affordable pricing for other governmental entities.

Everyone Mentors LA

Everyone Mentors LA is a new mentoring initiative by Los Angeles Unified that will invest in the lives of historically underserved students to ensure every student graduates Ready for the World. The new initiative will match students contending with declining grades, chronic absenteeism, a need for socio-emotional support and other challenges that have inhibited their academic success with a mentor from the Los Angeles community. More information on this program can be found at <https://achieve.lausd.net/everyonementors>.

Family Academy

The Los Angeles Unified Family Academy is designed to leverage families' assets to be empowered as they support their child from the early primary years to college and career success. This effort complements family knowledge by connecting them to actionable learning focused on their child's development, as well as opportunities to accelerate their own careers and quality of livelihood. Families may expand and share prior knowledge with other parent leaders by attending learning segments offered by the Family Academy course catalog, which offers webinar and regional segments hosted in-person. The course catalog is available at achieve.lausd.net/familyacademy.

A second path to learning with the Family Academy is through four family courses which are geared for the following family audiences: youngest learners, multilingual learners, twice exceptional, and Black and African-American students. The curriculum is organized as a 7-class course experience where families engage in a culturally relevant curriculum, in a cohort learning environment, define family engagement, and develop their action plan to stay engaged in their child's education. Course registration information is available at achieve.lausd.net/familyacademy. Families may also contact the Los Angeles Unified Family Hotline for more information: 213-443-1300.

Traffic Safety Valet Program

The Los Angeles Unified Safety Valet program is designed to help improve student safety and provide more fluid movement of vehicular traffic around schools during the morning drop off. A Valet directs drivers through a queue of traffic cones where volunteers assist students to safely exit the car. This eliminates the need for parents to exit their vehicles and for students to cross busy intersections.

Education Compact Between the Mayor's Office of the City of Los Angeles and Los Angeles Unified School District

Education Compact to Address Shared Priorities on Housing, Homelessness, and Student Safety

The Mayor's Office of the City of Los Angeles ("City") and the Los Angeles Unified School District ("District") (collectively referred to as "the Parties") recognize the importance of leveraging each organization's collective resources for the greater benefit of the students and the residents of Los Angeles.

Over the past year, the City and District have taken steps to address the housing and homelessness crisis and ongoing student safety issues. In December 2022, the Mayor of Los Angeles [declared a state of emergency](#) on homelessness to lift rules and regulations that slow or prevent the building of permanent and temporary housing for the unhoused; expedite contracts that prioritize bringing unhoused Angelenos inside; and allow the City to acquire rooms, properties and land for housing for Angelenos in need. In August 2023, Mayor Karen Bass and Los Angeles Unified School District Superintendent Alberto Carvalho [jointly announced](#) a set of actions to improve school safety, including efforts to address substance use, make streets surrounding schools safer, and prevent violence near schools.

By increasing collaboration and leveraging City and District resources, Los Angeles will better confront the homelessness crisis, build more affordable housing for students, teachers, staff, and their families, and ensure the safety and well-being of our students.

THEREFORE, it is mutually agreed that:

The Parties are forming this partnership to address the shared priorities of housing and homelessness solutions and student safety in Los Angeles. This Education Compact between the District and the City describes efforts that will enrich, expedite, or enhance the collaboration between the Parties to make a meaningful impact on the livelihoods of students, their families, and all Angelenos.

In alignment with the District's Strategic Plan, the City and the District will collaborate on this Education Compact through June 2026. The Parties may choose to revisit the Education Compact after June 2026 to renew their shared commitments to students and residents in the City of Los Angeles.

While this Education Compact is centered on several pressing issues impacting students, families, and the communities we serve, the District and the City may explore additional opportunities to collaborate on other issues of mutual interest beyond these areas. This may include the pursuit of additional regional based priorities specific to City Council districts with the underlying goal of improving opportunities and enriching the lives of children and families.

The commitments outlined are not legally binding, nor do they mandate budgetary expenditures on behalf of the Parties. The City and District recognize there may be financial expenditures associated with one or all of the following commitments; however, any financial expenditure is voluntary and shall not be made unless the responsible Party's processes or governing board has authorized the expenditure through its budgetary process. This document does not create any legally binding rights or obligations and does not alter any existing obligations or liability of the Parties. This will be construed and carried out in a manner consistent with all applicable laws, and is not intended to supersede local, or federal, laws or obligations by which the Parties are bound.

Addressing the Lack of Affordable Housing and Confronting the Homelessness Crisis

Housing

- The District will assess surplus or underutilized District-owned properties and identify potential development, investment, and financial entities which can support the District's initiative to provide housing that is more affordable for the District's workforce, students, and their families. The District will issue a Request for Expression of Interest ("REI") and select a Housing Consultant who will conduct a survey for the purpose of identifying and assessing the rental housing needs of District employees, students, and families.
- The District will accelerate all efforts to provide housing that is more affordable for District students, families, and employees, including housing units on District-owned land.
- The District and City will explore opportunities to develop available City and District-owned land in conjunction with each other to maximize housing development.

Homelessness

- The City will continue leading the Inside Safe program, which aims to reduce the loss of life on our streets, increase access to mental health and substance use treatment for those living in encampments, eliminate street encampments,

promote long-term housing stability for people experiencing homelessness, and enhance the safety and hygiene of neighborhoods for all residents, businesses, and neighbors. The District will continue to provide the City with an ongoing assessment of impacted schools.

- The City and District will continue meeting with other regional entities, such as the Housing Authority of the City of Los Angeles, the County of Los Angeles, the Los Angeles Homeless Services Authority, and the Los Angeles County Office of Education, to strengthen intergovernmental collaboration and integrate resources and services to serve and support students and families experiencing homelessness, while addressing the needs of other disadvantaged and vulnerable student populations.
- The District will explore how Wellness Centers and other District initiatives can provide additional resources to students at risk of experiencing homelessness.
- Through Mayor Bass's Executive Directive 3, the City will work to create a list of unused and underutilized City-owned properties and complete a formal assessment of each identified site to determine its suitability for housing or shelter for those experiencing homelessness.
- The City and the District will work together to advocate for increased housing voucher funding and flexibility to help meet the housing needs of District students and families experiencing homelessness in Los Angeles.

Improving Public Safety, Traffic Safety, and Community Safety in Our Communities

Student Health and Substance Use:

- The District and the City will work jointly to expand prevention and public education efforts to combat the public health issue of drug-related overdoses and strengthen support services for students.
- The City and District will collaborate to address drug usage in the District; this includes collaborating on task force(s) that bring internal and external partners to address the issue.
- The City will train Community Safety agencies and partners with naloxone intervention and develop regular training for intervention teams.

Safety and Positive School Climate

- The District/Los Angeles School Police Department and City will identify a Law Enforcement Liaison from each of the respective law enforcement departments to ensure a coordinated approach on issues related to youth, crime prevention, and other relevant safety and school areas.

- The City and District will co-host multiple events to solicit feedback from parents and community members related to student safety and identify solutions to address quality-of-life issues for students on and off campus.
- The City and its Gang Reduction and Youth Development (GRYD) agencies will continue to provide safe passage to and from school and campus support and resources for gang-related incidents.
- The Parties shall explore establishing a formal relationship to support intervention and GRYD safety initiatives on school campuses.

Traffic Safety Around Schools

- The City, in coordination with the District, will continue to support safe passage for students and families through traffic safety initiatives. This may include dedicated coordination between the District and the Los Angeles Department of Transportation (LADOT) to identify and address traffic safety outside of the Safe Routes to School (SRTS) Program; exploring the development of a partnership to develop a safety education and awareness campaign; and improving efforts to effectively assign and hire crossing guards.
- The District shall formally designate a senior school safety lead to serve as the primary partner with a LADOT-designated lead for this program.
- The Parties also may develop, implement, and communicate a joint agency rapid response protocol in the wake of fatal or severe injury crashes involving school community members driving, walking, or bicycling in school zones.
- The District will work with the City to address traffic student safety needs related to school drop-off and pick-up zones, including exploring additional opportunities to improve safety and access to schools while enhancing pedestrian safety.
- The City will collaborate with the District to continue its efforts to implement traffic safety infrastructure improvements near schools. Annually, LADOT shall seek to complete “quick-build” street improvements at key sites, including installation of speed humps near schools, and establishment of School Slow Zones.
