Fiscal Year 2025 OIG Work Plan

June 18, 2024

Office of the Inspector General

Action Proposed:

Approve the Fiscal Year 2025 Office of the Inspector General (OIG) Work Plan.

Background:

The Office of the Inspector General (OIG) performs its work in accordance with professional standards including the Principles and Standards for Offices of Inspector General and Government Auditing Standards. These standards require the efficient and effective use of resources as well as keeping appropriate officials informed of OIG activities. The attached Work Plan incorporates the results of our robust risk assessment process utilizing Board Member, Bond Oversight Committee, District Management, OIG staff, and public input. This Work Plan is a guide for how OIG resources will be used during Fiscal Year 2025.

Expected Outcomes:

With Board approval of this item, the planned work of the OIG will be deemed approved by the appropriate governing body.

Board Options and Consequences:

If the Board approves this item, then the OIG will be operating in accordance with professional standards and its Charter.

If the Board does not approve this item, then the OIG will lack evidence that its annual work plan was approved by the appropriate governing body.

Policy Implications:

The OIG Charter requires the Inspector General to present an annual work plan for the Board of Education's review and approval.

OFFICE OF THE INSPECTOR GENERAL Annual Work Plan for Fiscal Year 2025

INTRODUCTION

The Office of the Inspector General (OIG) is celebrating its 25th year of service to the Los Angeles Unified School District community. This is our Annual Work Plan for Fiscal Year 2025 (FY 2025), a risk-based roadmap of projected activities for the upcoming year.

The OIG reports directly to the Board of Education (Board) and operates in accordance with the Principles and Standards for Offices of Inspectors General.¹ Our mission is to promote a culture of accountability, transparency, collaboration, and integrity through the performance of audit and investigative services designed to drive continuous improvement, support effective decision-making, and detect and deter fraud, waste, and abuse in the Los Angeles Unified School District (LAUSD or District).

In FY 2025, the OIG will conduct contract and performance audits, special reviews, technical evaluations of construction projects, due diligence reviews related to independent charter schools, prospective vendors and contractors, background investigations of potential District senior management employees, and will investigate allegations of criminal conduct and violations of policies by employees and entities doing business with the LAUSD.

Our work plan is intended to be dynamic and flexible. Throughout the year, the OIG responds to emerging risks and changing priorities. Board requests, District management interests, and unforeseen events may require that we perform activities not listed in this work plan or defer or forego projects based on new information and the availability of resources.

We thank the Board of Education for investing in oversight that helps instill trust and confidence in the LAUSD. The OIG remains dedicated to providing valuable services that promote positive change for LAUSD students, families, employees, vendors, contractors, and the public.

Sue Stengel
Inspector General

¹ The principles and standards represent generally accepted principles, quality standards, and best practices applicable to federal, state, and local Offices of Inspectors General.

RISK ASSESSMENT

The OIG developed its work plan through a comprehensive risk assessment process.

1. We developed a survey through which we asked respondents to identify areas of concern as well as the risk of fraud, waste, and abuse in the District (See Exhibit A). The survey was available in English and Spanish on the OIG website and disseminated via our social media.

We also sent the survey by email to constituencies such as the members of the Board of Education, Bond Oversight Committee, and high-level District managers. Additionally, we shared our survey during various presentations to District personnel and at public meetings.

The goal was to obtain as many survey responses as possible from a broad and diverse group of LAUSD stakeholders. As a result of these efforts, we doubled the response rate this year compared to last year.

Exhibit A includes a copy of the complete survey and Exhibit B provides the top areas of concern according to the survey responses.

2. OIG staff interviewed approximately 30 key District personnel asking for their input about areas at highest risk for fraud, waste, and abuse.
3. We solicited input from OIG staff, who collectively possess hundreds of years of auditing and investigative experience, and hundreds of years of experience in LAUSD. Tapping into this knowledge, staff contributed their expertise related to areas in the District at highest risk for fraud, waste, and abuse.
4. Based on the responses from steps 1 through 3, we organized District operations into auditable areas, applied risk factors, and assessed the likelihood and impact of those risk factors relative to each auditable area. The OIG employed a risk assessment instrument originally developed in conjunction with Deloitte, and which has evolved over the years, to assess the risk level of each auditable area. Then, each area was determined to be high, medium, or low risk.
5. Finally, we chose the topics (and examples of related contracts) that were determined to be the highest risk in the assessment for the upcoming year's work plan.

FY 2025 AREAS OF FOCUS

Based on the results of this year's comprehensive risk assessment process, the OIG will focus its auditing, investigating, and other oversight activities in the following high-risk areas:

- ☐ Attendance Management for Students
- ☐ Change Order Bond Rates
- ☐ Charter Schools
- ☐ Child Abuse
- ☐ Construction Project Design Management
- ☐ Contractors with prior audit findings
- ☐ Contractors with the highest combined total contract values
- ☐ Contracts with the highest values
- ☐ District Credit Cards such as travel cards and gas cards
- ☐ Facilities Contracts
- ☐ Facilities Services Division - Asset Management Branch
- ☐ Facilities Services Division - Project Execution
- ☐ Fair Cost Estimates for Construction Projects
- ☐ Information Technology - Assets and Security
- ☐ Physical Security at Schools
- ☐ Procurement Contracting Processes such as Job Order Contracts, California Multiple Award Schedules (CMAS) Contracts , and Non-Competitively Bid Contracts
- ☐ School Budgets
- ☐ Special Education
- ☐ Warranties

AUDIT AND REVIEW ACTIVITIES

Audit activities are performed primarily to (i) evaluate the efficiency and effectiveness of District operations, (ii) determine if activities are being carried out in accordance with District policies, applicable laws and regulations, and (iii) ensure that District vendors and contractors comply with the requirements of their contracts and (iv) that contracted funds, especially bond funds, are expended as intended.

In FY 2025, the OIG will endeavor to conduct more comprehensive audits and special reviews, in addition to the contract and performance audits we have completed in the past. For example, this year we will examine a construction project from “cradle to grave,” analyzing the project from inception to completion, utilizing the expertise of our audit teams and technical evaluation team for one project.²

Because the source of almost half of the OIG’s budget is bond funds, we are limited in the non-bond eligible work we can do. Therefore, notwithstanding the results of our risk assessment, the OIG’s audit activities focus significantly on contracts, as well as District-wide programs, processes, and systems, funded by school bond measures.

In FY 2025, the OIG will determine whether each of the high-risk areas listed above is best addressed by performing a single type of audit or if the high-risk area requires a combination of different types of audits and reviews.

The following section describes the types of audit and review activities that may be performed during the year.

PERFORMANCE AUDITS

These audits are an objective and systematic examination of evidence for the purpose of providing an independent assessment of the performance of an organization, program, activity, or function to determine if it is performing efficiently and effectively and in compliance with policies, procedures, laws and regulations.

CONTRACT AUDITS

These audits examine the actual costs incurred by the contractor to determine whether the costs were allowable, allocable and reasonable in accordance with the contract terms and, where applicable, the Federal Acquisition Regulation (FAR). The contracts we will consider are either ongoing or were executed within the last three years.

The OIG will conduct contract audits of individual contracts and/or groups of contracts with apparent similarities, such as contracts for similar goods and services.

² See Page 12. Technical Evaluation No. 1, PCL Construction Services, Inc., Contract No. 4400009889

SPECIAL REVIEWS

These reviews are conducted as a result of (i) special requests from the Board of Education or District Management, (ii) issues identified during the course of an audit or investigation, or (iii) concerns reported to the OIG. These types of reviews are not conducted in accordance with Government Auditing Standards.

CHANGE ORDER AUDITS

These audits examine construction contract change orders (CO) for allowability, allocability and reasonableness of the proposed or claimed CO costs. These change orders were executed to adjust the contract amount for added or deleted work, equitable compensation to the contractor for delay, disruption, inefficiencies, contract terminations and other claims. Additionally, for more than five years, the OIG has been reviewing COs to determine if the District is adhering to policies and procedures when approving COs.³ These audits found no deviations.

In FY 2025, change order audits will also evaluate whether (i) CO work was within the scope of the original contract, (ii) the contractor was entitled to the CO, and (iii) the bond rates were charged appropriately.⁴

FOLLOW-UP AUDITS

In FY 2025, the OIG will conduct follow-up audits to determine whether the District implemented recommendations from past audits. In particular, the OIG will endeavor to check on the District's progress related to the following audits:

Report Date	Title	Report Link
January 13, 2021	Information Security Audit	OA 20-1261-R
November 29, 2021	Special Review of Tool Purchases for M&O Area N1	OA 21-1320
November 22, 2022	Performance Audit of Physical Security of Schools	OA 20-1371

³ In FY 2024, the District and OIG agreed to raise the value of COs examined from \$500,000 to \$1 million.

⁴ OIG audits found that contractors were overcharging bond costs in COs. As a result, the District updated related policies and we agreed to audit bond rates in COs after the new policies were in effect.

INVESTIGATIVE ACTIVITIES

For FY 2025, in addition to responding to allegations of District employee misconduct and policy violations, we will continue to proactively focus on certain strategic areas and investigative activities that we believe will provide the District with added protection of public resources.

The OIG will continue to concentrate on the high-risk areas that have the greatest potential for exposing the District to fraud, waste, and abuse. In more complex criminal matters, we will work collaboratively with federal, state, and local law enforcement agencies, such as with the Education Fraud Working Group, and the federal Procurement Collusion Task Force.

OIG HOTLINE

The OIG manages the District's fraud, waste, and abuse hotline, which generates hundreds of complaints, allegations of criminal misconduct, and District policy violations from internal and external sources each year. According to studies conducted by PriceWaterhouseCoopers⁵ and the Association of Certified Fraud Examiners,⁶ corporate and occupational fraud is detected most often by whistleblowers or tipsters, rather than internal controls or law enforcement activities. As a result, they recommend that companies have robust reporting mechanisms, such as a hotline.

With this in mind, the OIG expanded our outreach to raise awareness about the hotline through social media and the redesign of our website. In addition to investigating allegations of fraud, waste, and abuse, we ensure that other matters from the hotline are referred to District departments and are adequately addressed and responded to promptly.

Additional Outreach

In FY 2024, the OIG reached approximately 700 employees through presentations to District personnel across various departments and regions. We will continue to promote awareness of the hotline, webpage and the OIG's role and responsibilities among District personnel, the public, and through Board and Bond Oversight Committee meetings. Furthermore, the hotline information is now included in every Board agenda and on the Board's television feed.

So far this year, the OIG has seen a 20% increase in reports to our hotline compared to last year.

Anyone can easily report to the OIG allegations of fraud, waste, abuse, or misconduct occurring within the District. Allegations can be reported online via our web-based hotline 24 hours a day, seven days a week. Reports can also be made via email, phone, in writing, or in person.

EMPLOYEE INTEGRITY

Since the OIG hotline generates hundreds of calls each year, the OIG will continue to focus on employee misconduct investigations. These investigations largely center on conflicts of interest, misappropriation of funds, embezzlement, payroll fraud, falsification of documents, property and equipment misuse, theft of property, misuse of District-issued computers and telecommunication equipment, nepotism, forgery, and ethics violations.

To enhance District-wide awareness of employee integrity issues, when necessary, we will engage and include relevant District management and staff in the various types of fraud awareness training that we secure throughout the year and encourage the use of deterrent products such as the Inspector General Fraud Warning currently included in LAUSD procurement packages.

CONTRACTOR, CONSULTANT, AND VENDOR INTEGRITY

The OIG will continue its investigative activities related to District contractors, consultants, and vendors. Allegations of theft, misappropriation of public funds, bid-splitting, and bid-rigging are among the more common complaints. The OIG will also concentrate on deterring and detecting corruption in the District's school construction bond programs by focusing on allegations of conflicts of interest, nepotism, impropriety, and employee and consultant malfeasance. The use of contracts awarded through the Job Order Contracting (JOC) and California Multiple Award Schedules (CMAS) processes continues to be an area of vulnerability requiring more District and OIG oversight. To assist with these efforts, the OIG will continue investing in fraud awareness training and reporting mechanisms for referring suspected fraud, waste, and abuse to the OIG.

WHISTLEBLOWER PROTECTION

Persons who report improper governmental activity involving the District are protected against retaliation, interference, intimidation, threats, or similar acts. The OIG has the authority to investigate violations of the Whistleblower Protection Policy. The OIG will endeavor to

thoroughly investigate any and all credible complaints of violations of the District's Whistleblower Protection Policy.

DUE DILIGENCE AND BACKGROUND INVESTIGATIONS

The OIG conducts due diligence reviews in support of the District's ongoing efforts to assess the backgrounds of senior management applicants, contractors seeking to do business with the District, and independent charter schools and their petitioners. The Office of the Inspector General utilizes searchable public record databases when conducting these due diligence reviews and the results are reported to the respective District division leader.

Due diligence services and background investigations are generated proactively by the OIG and through District management requests. Due diligence services are conducted before the District enters into contracts and agreements to assess whether contractors, vendors, or consultants are free from such issues as criminal history, bankruptcies, or other matters that may impact the District's decision to enter into contracts or agreements with the entity or its principals.

SPECIAL PROJECTS

The OIG recently created a hybrid special projects team consisting of both auditors and investigators. This team will capitalize on the combined experience and expertise of the OIG's audit and investigative functions to work on special reviews of district wide programs and policies.

DATA ANALYTICS

The OIG created a data analytics function to support our audit, investigative, and hybrid work by mining and analyzing LAUSD data. The team will conduct robust analyses of District enterprise-wide and function-specific systems such as the Systems Applications and Products system (SAP), My Integrated Student Information System (MiSiS), and the Consolidated On-Line Information Nexus (COLIN).

The data analytics work will serve to proactively drive investigations, enhance our risk assessment process, assist in shaping audit objectives, and enable a data-driven approach to how we perform our work.

TECHNICAL EVALUATIONS

Technical evaluations are tests or assessments of construction projects conducted to determine the technical suitability of a structure, equipment, material, product, process or system for the intended objectives. Completed construction projects will be evaluated to ensure compliance with contract documents, specifications, and code requirements. Technical evaluations may also be performed to evaluate facility-related departments and programs to assess their compliance with state and local laws and regulations, and District policies and guidelines. The OIG's technical evaluation team consists of a Facilities Project Manager II and an Architect.

In FY 2025, the OIG will perform technical evaluations of the following bond-funded projects.

The first three projects were selected because of their high contract value and because the OIG has not conducted a technical evaluation of these firms. The fourth project was selected because of previously identified project management issues with the user department and because the OIG has not conducted a technical evaluation of this firm before.

BOARD REPORT NO. 296-23/24

**RECOMMENDING BOARD APPROVAL FOR THE FISCAL YEAR 2025 OIG WORK
PLAN/STRATEGIC EXECUTION PLAN**

WHEREAS, District Staff proposes that the Board of Education approve the Fiscal Year 2025 Office of the Inspector General (OIG) Work Plan; and

WHEREAS, in March 2003, the Board of Education authorized the OIG to conduct audits of bond funded new construction and modernization programs and related bond expenditures with Proposition BB and Measure K bond funds; and

WHEREAS, in March 2004, June 2005, November 2008, and November 2020 additional bond funds were programmed for audits in Measures R, Y, Q, and RR as approved by the electorate; and

WHEREAS, the associated Fiscal Year 2025 OIG Work Plan/Strategic Execution Plan proposes to use School Upgrade Program (SUP) funds in the amount of \$6,078,738 to provide audit and investigative services, staffing, and training.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The School Construction Citizens' Bond Oversight Committee recommends that the Board of Education adopt the Fiscal Year 2025 OIG Work Plan/ Strategic Execution Plan as defined in Board Report No. 296-23/24, a copy of which is attached hereto in the form it was presented to the BOC and is incorporated herein by reference.

RESOLUTION 2024-17**RECOMMENDING BOARD APPROVAL FOR THE FISCAL YEAR 2025 OIG WORK PLAN/STRATEGIC EXECUTION PLAN**

2. This resolution shall be transmitted to the Los Angeles Unified School District Board of Education and posted on the Bond Oversight Committee's website.
3. The District is directed to track the above recommendation and to report on the adoption, rejection, or pending status of the recommendations as provided in section 6.2 of the Charter and Memorandum of Understanding between the Bond Oversight Committee and the District.
