Application for Exemption from the Required Expenditures for Classroom Teachers' Salaries

August 13, 2024

Office of the Chief Business Officer

Action Proposed:

Approve to submit a request to the Los Angeles County Office of Education (LACOE) for exemption from the Required Expenditures for Classroom Teachers' Salaries for Fiscal Year 2022-23 (enclosed herewith as "Attachment A").

Background:

California Education Code (EC) Section 41372, requires that unified school districts expend at least 55% of their current cost of education for classroom compensation, including benefits.

For fiscal year 2022-23, Los Angeles Unified School District (the District) was not able to meet the minimum spending requirement. The District spent \$4.07 billion or 47.05% on classroom teacher salaries and benefits, which is \$687.56 million or 7.95% below the 55% minimum. The reason for the shortfall was the significant amount of dollars spent on expenditures other than classroom salaries and benefits necessary to respond to the COVID-19 pandemic, including amounts paid to provide remote learning to students. The ratio is lower due to the significant increase in COVID-19 expenditures, which are part of the denominator of the formula. Examples of these expenditures included COVID-19 testing and vaccinations, purchases of devices, connectivity, instruction software licenses, and other necessary expenditures to address distance learning, learning loss mitigation, and the health and safety of students.

Given the extraordinary circumstances brought about by the COVID-19 pandemic, the District is seeking exemption from the 55% requirement as it applies to fiscal year 2022-23.

Expected Outcomes:

Upon adoption by the Board, the District submits the application for exemption to the County Superintendent of schools for review and approval or denial.

In the absence of approval of the exemption, the identified deficiency of \$687.56 million may be designated by the County Superintendent and restricted for classroom teacher salaries in the current fiscal year.

Board Options and Consequences:

The Board may approve and direct District staff to submit the application for Exemption from the Required Expenditures for Classroom Teachers' Salaries, based on the hardship that would have been caused if the District were required to meet the 55% threshold for fiscal year 2022-23 under the circumstances. Assuming the exemption is granted, the District will not have additional restrictions placed on certain of its funds in the current fiscal year.

If the Board does not approve, the District shall not apply for the exemption. In the absence of a Board approved exemption, the County Superintendent of School will order the \$687.56 million to be added to the amounts to be expended for salaries of classroom teachers in the current fiscal year. This would have a significant impact on amounts already budgeted for specific investment strategies in the current fiscal year.

Policy Implications:

Submission of the District's 2022-23 Current Expense of Education (CEA) Actuals exemption request shall comply with the Education Code and LACOE requirements.

Budget Impact:

With the exemption approval, the District shall be able to operate based on the approved budget for fiscal year 2024-25 and maintain reserves at the required statutory level, including maintaining the funding appropriated for investment strategies. Without the approval of exemption, the District shall review its spending priorities and reallocate program funding to meet the requirements of EC 41372.

Student Impact:

The District shall continue to operate and serve its student population.

Equity Impact:

Component	Score	Score Rationale
Recognition	2	Classroom expenses cover a wide range of spending that ranges from “not recognizing historical inequities” to “actively recognizing and specifying historical inequities.”
Resource Prioritization	2	Resource prioritization varies from a district-wide perspective to a targeted student population based on student need and its impact on student achievement.
Results	2	Resources are allocated to the extent that it would support student needs, address priorities of achieving the District goals.
TOTAL	6	

Issues and Analysis:

The District, like any other school district, has been the beneficiary of historic one-time funding from the federal government to mitigate learning loss brought about by the COVID-19 pandemic. It should be noted that it is this funding, intended to help schools reopen and ensure a safe and healthy environment, that causes a school district like the District to be non-compliant. This is due to a significant amount of dollars spent on expenditures other than classroom salaries and benefits, because such expenditures were necessary to provide in-person learning, accelerate learning and protect the health and safety of students. In addition, as the District continues to be challenged with a structural deficit wherein on-going expenditures are greater than on-going revenues, meeting the requirements of EC 71372 causes additional challenges to balance its budget.

Sample Form (Rev 03/2024)

**Application for Exemption from the Required Expenditures for Classroom
Teachers' Salaries**

Pursuant to Education Code Section 41372

To: County Superintendent of Schools

For _____ fiscal year, the _____ School District
did not spend the minimum percentage of its budget on classroom teacher salaries as
required by *Education Code (EC)* Section 41372. We are requesting an exemption
from this requirement as provided by law.

Reason for request (Check one):

Serious hardship to the school district (Please attach a written explanation, the
district's latest interim report, and a multiyear projection for the current and two
subsequent fiscal years that reflects the financial impact of meeting the
requirement of *EC* 41372.)

Payment of classroom teacher salaries that are in excess of those paid by other
comparable school districts (Please attach a classroom teacher salary & benefits
comparison for at least three other comparable school districts. The comparison
should include annual classroom teacher salaries paid at the beginning, average,
and maximum salary levels plus the average annual employer contributions for
health & welfare benefits.)

Deficiency is less than \$1,000.00 (exemption is automatically approved)

A. Deficiency Amount

(Source: Form CEA)

1. Enter the minimum percentage for your district type.
(60% Elementary/ 50% High School/ 55% Unified) %
2. Enter the percentage spent by your district. %
3. Percentage below the minimum.
(Line 1 minus line 2) %
4. Enter the district's current expense of education (Form CEA) \$
5. Deficiency Amount.
(Line 3 times line 4) \$

B. Certification of the School District Governing Board

It is hereby certified that the information contained in this application is true and correct.

Signature of Authorized Official Title

Print Name of Authorized Official Date

**C. Decision of the County Superintendent of Schools
(Completed by the County Superintendent of Schools or Designee)**

Based on my review of the information contained with this application, I have taken the following action with respect to the school district named on this application (Check one):

I am granting the request for exemption from the requirements of *Education Code* Section 41372.

I am granting a partial exemption from the requirements of *Education Code* Section 41372. The amount not exempted is \$ (A written explanation of the reason(s) for approving a partial exemption is attached.)

I am denying the request for exemption from the requirements of *Education Code* Section 41372. (A written explanation of the reason(s) for denying the exemption is attached.)

It is hereby certified that the information contained in this application has been reviewed and is true and correct.

Application for Exemption from the Required Expenditures for Classroom Teachers' Salaries

Los Angeles Unified School District (the District) is providing this memorandum to explain the circumstances that resulted in the District's inability to meet the 55% minimum spending requirement for classroom compensation in Fiscal Year 2022-23, and to support its application for an exemption from that requirement due to the financial and operational hardship that would be caused to the District without the exemption.

During the COVID-19 pandemic, the District, like other school districts, has been the beneficiary of historic one-time funding from the federal government to mitigate learning loss and address health and safety concerns arising from the COVID-19 pandemic. Primarily due to a significant amount of dollars spent to meet its obligations to its students and staff in responding to the monumental challenges presented by the COVID-19 pandemic, meeting the 55% spending requirement for classroom compensation was not feasible. Examples of these expenditures include COVID-19 testing and vaccinations, purchases of devices, connectivity, instruction software licenses, and other necessary expenditure to address learning loss, provide in-person learning, and protect the health and safety of students. The District had no choice but to incur these expenses to address the unprecedented challenges arising from the COVID-19 pandemic. Were it not for the COVID-19 specific expenditures using relief funds designated for such purposes, the District estimates that its ratio for the classroom compensation would have exceeded the 55% threshold.

The District never experienced this shortfall prior to Fiscal Year 2020-21. If the District were required to allocate dollars to meet the 55% requirement while it continues to receive and expend COVID-19 relief funds, it would cause serious hardship. The rate by which the District spends one-time COVID funding dollars to cover a wide array of expenses other than classroom teacher salaries remains significantly high brought about by operational needs and District strategic investment priorities. Based on the Fiscal Year 2023-24 Second Interim data, the District is projecting about \$776.6 million deficiency on classroom expenditures (Exhibit A-1). Maintaining the 55% ratio would require reallocating a significant amount of unassigned unrestricted General Fund to teacher salaries, which is neither sustainable nor feasible given the limited amount of such funding. This is further complicated by the planned future use of dollars in alignment with the District's investment priorities, and the projected structural deficit based on the District's Second Interim Projections, which is approximately \$1.7 billion and \$1.2 billion for 2024-25 and 2025-26 (Exhibit A-2), respectively. If the District were to reallocate one-time funding for on-going expenses, this would further aggravate the structural deficit situation that would lead to drastic program changes in future years that may not be operationally effective and could be more detrimental to its students. Had it not been for the pandemic, the District's ratio for the classroom compensation would have been 57.98%, granted that the District can take credit of salaries and benefits paid for classroom teachers and instructional aides regardless of funding source (i.e. the numerator) and exclude in the total Current Expense of Education (i.e., the denominator) expenditures incurred for state declared emergency related to the COVID-19 pandemic Exhibit A-3).

The District recognizes the importance of, and shall continue to prioritize, classroom instruction. However, requiring the District to meet the 55% threshold under the present circumstances would create significant hardship for the District as it continues to address budgetary issues and expend dedicated COVID-19 relief funds specifically designated for the District's response to the extraordinary challenges presented by the COVID-19 pandemic. Hence, the District is requesting an exemption from the application of the 55% threshold for Fiscal Year 2022-23.
