Approval of Facilities Contracts Actions

January 14, 2025

Procurement Services Division - Facilities Contracts

Action Proposed:

Ratify the Procurement Services Division (PSD) contract actions taken by Facilities Contracts under delegated authority as listed in Attachment "A" including: award of advertised construction contracts; approval of change orders; completion of contracts; award of informal contracts; award of architectural and engineering contracts; extra services/amendments for architectural and engineering contracts and approve the proposed contract listed in Attachment B including a Major Modernization Project contract at Fairfax High School.

Background:

Facilities Contracts staff prepares monthly reports for contract actions necessary for the execution of projects approved by the Board and contained in the FSD Strategic Execution Plan (SEP), and for the maintenance and operation of District facilities in accordance with District policies and Board-delegated authority. As described in the November 12, 2013, Board Report #048-13/14 Informative, detailed information is provided on the Facilities Services website.

Expected Outcomes:

Approval of these items will allow services provided by these contracts to proceed in support of FSD projects, District policies and goals, and the Board-approved FSD-SEP.

Board Options and Consequences:

The Board can approve all actions presented or postpone selected actions pending receipt of additional information. Non-ratification of actions awarded under delegated authority in Attachment "A" will result in the immediate discontinuance of services. While non-ratification may be legally defensible, it will likely result in costly litigation over discontinued payments or if the District attempts to reclaim payments made to a vendor. District costs will likely increase as fewer contractors compete for future procurements.

Policy Implications:

This action does not change District policy and conforms to California Education Code section 17604 that permits the Board of Education to delegate authority for Facilities Contracts (Board Report #444-17/18), which the Board exercised on May 8, 2018.

Budget Impact:

The contract actions presented are within the budget authority previously approved by the Board. Unless indicated otherwise, all contract actions are Bond funded.

File #: Rep-100-24/25, **Version:** 1

Student Impact:

The contract actions will help ensure that the students are provided with safe and healthy environments, and up to-date facilities that promote learning.

Equity Impact:

Not Applicable.

Issues and Analysis:

There are no policy implications on these agreements.

Ratification of design contract to provide architectural and engineering services for site analysis, construction document, bid/proposal, award, construction, and closeout phases for the classroom upgrade project at Los Angeles Middle School, as authorized on November 14, 2023 (Board Report No. 111-23/24). Services were procured via RFQ R-19012.

The project includes upgrades to approximately 59 classrooms utilized for instruction, special education and school set-asides within permanent and relocatable buildings. Each classroom within a school site has unique conditions and will be surveyed to understand deficiencies that need to be addressed. Based on the individual needs of each classroom, the scope may include upgrades to technology, whiteboards, tack boards, window blinds, paint, and security locks. The project also includes providing new classroom furniture, replacing damaged ceiling tiles, and other upgrades required to comply with local, state and federal requirements.

The contractor has worked with the District since 2006 as a subconsultant.

These services provide operational effectiveness and modernize infrastructure. Pillar 4 of the Strategic Plan is supported by this action.

Ratification of design contract to provide architectural and engineering services, site investigation/preliminary planning, construction document, bid/proposal, award, construction, and closeout phases for the accessibility enhancement project at Perez Special Education Center, as authorized on June 4, 2024 (Board Report No. 304-23/24). Services were procured via RFQ R-24025.

The project site spans 8.11 acres and is comprised of one special education program. The building area is approximately 110,560 square feet and includes three single-story permanent buildings and one multi-story permanent building. The permanent buildings were constructed between 1926 and 1981. As of the 2023-2024 Electronic Capacity Assessment Review (E-CAR), the school serves 237 students, and all have been identified as having a disability.

The site has been assigned a Category Two accessibility level. In order to meet the criteria for Category Two, upgrades to three buildings are required including corrections, installation, or replacement of: one concrete ramp, 10 restrooms, seven drinking fountains, 26 paths of travel, one changing room, two parking areas, one bus loading zone, and other accessibility upgrades such as door hardware, playground components/matting, railings, and any other required improvements or mitigations to ensure compliance with local, state and/or federal facilities requirements.

The contractor has worked with the District since 1998.

These services provide operational effectiveness and modernize infrastructure. Pillar 4 of the Strategic Plan is supported by this action.
