In Control: Charter Schools Division

Agenda Date: 2/11/2025

Approval of the Renewal Petition for Discovery Charter Preparatory 2 [PUBLIC HEARING] Charter Schools Division

Brief Description:

(Approval of the Renewal Petition for Discovery Charter Preparatory 2) - [PUBLIC HEARING] Recommends approval of the renewal petition for Discovery Charter Preparatory 2, located in Board District 6 and Region North, for five (5) years, beginning July 1, 2025, until June 30, 2030, to serve up to 350 students in grades 9-12 in each year of the charter term.

Action Proposed:

Approve the renewal petition for Discovery Charter Preparatory 2 (“Charter School”), located in Board District 6 and Region North, for five (5) years, beginning July 1, 2025 until June 30, 2030, to serve to up 350 students in grades 9-12 in each year of the charter term. The recommendation for approval is based on the information set forth in the attached Staff Assessment and Recommendation Report.

Background:

Discovery Charter Preparatory 2 is a 9-12 school currently serving 205 students on a private facility at 13570 Eldridge Avenue, Sylmar, CA, 91342 in Board District 6 and Region North. Discovery Charter Preparatory 2 was approved by the LAUSD Board of Education on June 26, 2007, for a one-year term (after the non-renewal of Discovery Prep). On June 24, 2008, the LAUSD Board of Education extended the charter term by two years. The term was extended an additional two years on March 23, 2010. The charter school had its first renewal approved December 6, 2011, with benchmarks, to serve 350 students in grades 9-12. On December 13, 2016, the charter school was renewed for a five-year term to serve 350 students in grades 9-12. Pursuant to Education Code section 47607.4, all charter schools whose term expires on or between January 1, 2022, and June 30, 2025, inclusive, shall have their term extended by two years, and all charter schools whose term expires on or between January 1, 2024, and June 30, 2027, inclusive, shall have their term extended by one additional year. Thus, by operation of law, the charter term for Discovery Charter Preparatory 2 expires June 30, 2025.

Discovery Charter Preparatory 2’s California Department of Education (CDE) Performance Category was revised by the state from Low to Middle performing in October 2024.

On November 14, 2024, Discovery Charter Preparatory 2 submitted its charter renewal petition application to the Charter Schools Division seeking to continue operations of its independent charter school. The 90-day statutory timeline for Board action on this petition runs through February 12, 2025.

An initial Public Hearing was held on December 10, 2024.

Based on a comprehensive review and assessment of Charter School’s renewal petition application and its record of performance, staff has determined that Charter School has met the requirements for renewal and therefore recommends approval of the renewal petition.

Due Diligence:

Current Discovery Charter Preparatory 2 governing board members completed questionnaires so the District may assess whether any conflicts of interest arise based on the information provided. A due diligence review of the charter school and its governing organization, school leader, and financial manager was performed by the Office of the Inspector General.

Statutory Framework and Criteria for Renewal:

A charter school must demonstrate that it is eligible for a renewal of its charter by meeting specific renewal criteria outlined in the Charter Schools Act. The renewal criteria prescribed in Education Code sections 47607 and 47607.2 requires a three-pronged analysis:

Criterion 1: The Charter Schools Act provides that renewals are governed by the standards and criteria described in Education Code section 47605 applicable to initial petitions. The first criterion considered in reviewing a renewal petition requires an analysis of the following:

- Whether the petition includes a sound educational program;
- Whether the petition contains a reasonably comprehensive description of the 15 elements required for petitions;
- Whether the petition contains an affirmation of each of the conditions described in Education Code section 47605(e); and
- Whether the charter school is likely to successfully implement the program set forth in the petition. Education Code section 47607(b) provides that renewals are governed by the standards and criteria described in section 47605 applicable to initial petitions. (The Board may not consider the community impact analysis or District fiscal analysis in determining whether to grant or deny a renewal petition).

Criterion 2: The Board is required to consider the charter school's performance on the California School Dashboard accountability indicators. Education Code sections 47607 and 47607.2 prescribe three-tiers of performance classification in which a charter school falls within one of the following categories - "high," "middle," or "low." The three-tier classification considers a charter school's performance on the California School Dashboard accountability indicators, with an emphasis on the measurements of academic performance.

Criterion 3: Notwithstanding Criterion 1 and 2, the Board must also consider whether the charter school's enrollment or dismissal practices are discriminatory as grounds for nonrenewal. (Ed. Code, § 47607(e).) Additionally, the Board considers whether the charter school has substantial fiscal or governance factors as grounds for nonrenewal. (Ed. Code, § 47607(e).)

Expected Outcomes:

Charter School is expected to operate its school in a manner consistent with Board action, policies and requirements, local, state, and federal law including ordinances, statutes, and regulations as well as with the terms and conditions set forth in Charter School's petition. The measurable pupil outcomes and method by which pupil progress toward outcomes will be measured are set forth in the charter petition.

Board Options and Consequences:

"Yes" - If the Board adopts the recommendation of approval of the renewal charter petition, Charter School would be authorized to continue operations as a charter school for the charter term beginning July 1, 2025.

“No” - If the Board does not adopt the recommendation of approval, and instead takes specific action to deny the renewal charter petition, Charter School would not be authorized to continue operations as a charter school. The petitioners may appeal a denial to Los Angeles County Board of Education. If the petition is approved on appeal by the Los Angeles County Board of Education, Charter School would be authorized by the Los Angeles County Board of Education. If the Los Angeles County Board of Education denies the renewal petition, the petitioners may appeal that denial to the California State Board of Education. If the denial of the renewal petition is reversed by the California State Board of Education, the California State Board of Education shall designate, in consultation with the petitioners, either the LAUSD Board or the Los Angeles County Board of Education as the chartering authority. This Board Report No. 192, accompanying documents, and transcript of the Board meeting, shall constitute the Board of Education’s adopted written findings of fact for the denial of Charter School renewal petition.

Policy Implications:

All provisions in the FSDRL shall be consistent with and be governed by all applicable legal and District policy requirements. To the extent any inconsistency may exist between any provision contained in the FSDRL and any applicable legal and District policy requirement, those applicable legal and District policy requirements shall control and the FSDRL shall be updated accordingly.

Budget Impact:

State income and various other income sources to the District are reduced when current District students enroll at a charter school, and comparable or offsetting expenditure reduction may not occur in such cases. Under Education Code section 47604(d), a chartering authority that grants a charter to a charter school to be operated as or by a nonprofit public benefit corporation is not liable for the debts or obligations of the charter school or for claims arising from the performance of acts, errors, or omissions by the charter school, if the chartering authority has complied with all oversight responsibilities required by law including, but not limited to, those required by Education Code section 47604.32 and Education Code section 47605(m). As the chartering authority, the District will continue to monitor and evaluate the charter school’s fiscal condition and operations, and management of public funds, including review of all legally required fiscal reports, and the annual update of the charter school’s LCAP. (Ed. Code, §§ 47604.32, 47604.33, 47606.5.) Any significant modifications to the charter school’s charter or operations that raise financial implications would require a material revision prior to implementation. Charter schools are expected to secure and maintain all insurance coverage consistent with all applicable legal, District and charter requirements.

Charter School has selected to join the LAUSD Special Education Local Planning Area (SELPA) Option 3. Charter School’s fair share contribution to special education will be 10% of the charter school’s AB 602 (rate includes Base, Cost-of-Living Adjustment (COLA), and Growth/Decline reduced by the amount withheld for Program Specialist/Regionalized Services) and Federal IDEA revenues. This amount will be paid from Charter School’s Local Control Funding Formula (“LCFF”) funds or other unrestricted revenue sources and will be allocated to support the existing District-wide administration of special education supports and services. The amount withheld by the District from the Program Specialist/Regionalized Services in fiscal year will continue to be withheld and adjusted annually for COLA. An additional 10% of special education revenues will be retained by the District and allocated as directed by the Advisory Board and members of the LAUSD SELPA Option 3, with the leadership of the Director, Charter Operated Programs. These funds will be used to support the personnel for the members of the LAUSD SELPA Option 3; build management and operating procedures to create an infrastructure to support schools in meeting the needs of students with mild to severe disabilities; and,

File #: Rep-192-24/25, Version: 1
In Control: Charter Schools Division

Agenda Date: 2/11/2025

to create and implement new programs that serve students in charter schools. If Charter School does not spend their allocation of special education funds during a fiscal year of the charter petition period, the allocation of special education funds to Charter School for the next fiscal year will be reduced in an amount equal to the unspent special education funds of the previous fiscal year.

In addition to the payments required under this option, Charter School may request specific special education related services from the District through fee-for-service arrangements that will reflect the calculated cost of the requested services and will be contingent on the District's available resources.

Any change in the Option election that occurs during Charter School's charter term shall be mutually agreed upon and addressed in a Memorandum of Understanding (MOU) between the charter school and the District. The new Option election shall be effective on July 1 of the next school year with the corresponding fair share contribution.

Student Impact:

As stated in the LAUSD Policy and Procedures for Charter Schools, "[W]hen the LAUSD Board authorizes and oversees a charter school, it establishes a relationship to advance its vision and mission and to accelerate gains in academic achievement and accountability for all of its students and public schools," (Policy, p.3). Based on a comprehensive review and assessment of Charter School's renewal petition application, staff has determined that Charter School has met the requirements for charter school approval.

Equity Impact:

Not Applicable

Issues and Analysis:

If all applicable pending issues, including but not limited to special education requirements, special education local planning area (SELPA) requirements, governance, fiscal and facilities matters, are not resolved at the time of the Board meeting, the item may be pulled from the agenda as consistent with the Charter Schools Act and the LAUSD Policy and Procedures for Charter Schools.

Site Address(es):	13570 Eldridge Avenue, Sylmar, CA 91342			
Board District(s):	6	Region(s):	North	
Grade Levels Served:	9-12	Current Enrollment:	205	
Grade Levels Authorized in Current Charter:	9-12	Approved Enrollment in Current Charter:	350	
CONSIDERATION:	Renewal			
CDE PERFORMANCE CATEGORY: (PER CDE'S 2024 CLASSIFICATION)	Middle Performing¹			
STAFF RECOMMENDATION:	Approval for a five (5)-year term (2025-2030)			
PROPOSED BENCHMARKS:	None			

STAFF ASSESSMENT**I. ACTION PROPOSED**

Staff recommends approval of the renewal petition for Discovery Charter Preparatory 2 ("Charter School"), located in Board District 6 and Region North, for a term of five (5) years, beginning July 1, 2025, until June 30, 2030, to serve up to 350 students in grades 9-12 in each year of the charter term.

II. RENEWAL REQUIREMENTS

Upon submission, District staff comprehensively reviews each renewal petition application to determine whether the school has met the requirements for renewal set forth in Education Code sections 47605, 47607, 47607.2, and 47611.5.

¹ Discovery Charter Preparatory 2's Performance Category was revised by the state from Low to Middle performing in October 2024.

Criteria for Charter School Renewal and Grounds for Nonrenewal

As part of staff's holistic review of the renewal petition application, the charter school must be determined to be eligible for renewal of its charter under the specific renewal criteria outlined in the Charter Schools Act. The renewal criteria prescribed in Education Code sections 47607 and 47607.2 requires a three-pronged analysis:

- **Criterion 1:** Does the renewal petition include a sound educational program, a reasonably comprehensive description of the 15 elements required for petitions, an affirmation of each of the conditions described in Education Code section 47605(e), and are petitioners likely to successfully implement the program set forth in the petition? (Ed. Code, § 47607(b).)
These criteria have been determined not to be bases for denial.
- **Criterion 2:** Is the charter school “high,” “middle,” or “low” performing? (see Ed. Code, §§ 47607(c), 47607.2(a), and 47607.2(b).) Has the charter school attained measurable increases in academic achievement schoolwide and for numerically significant student groups served by the charter school, and does the charter school have strong postsecondary outcomes, if applicable?
These criteria have been determined not to be bases for denial.
- **Criterion 3:** Is the charter school serving all pupils who wish to attend, or does the charter school have substantial fiscal or governance issues? (Ed. Code, § 47607(e).)
These criteria have been determined not to be bases for denial.

Charter Petition Requirement:

In accordance with Education Code section 47611.5, a charter school charter shall contain a declaration regarding whether or not the charter school shall be deemed the exclusive public school employer of the employees at the charter school for the purposes of Section 3540.1 of the Government Code, and that declaration shall not be materially inconsistent with the charter.

- Does the petition contain a declaration of whether or not the charter school shall be deemed the exclusive public employer of the employees of the charter school?
This requirement has been determined not to be a basis for denial.

III. GENERAL SCHOOL INFORMATION

A. School History

	Discovery Charter Preparatory 2
Initial Authorization:	On June 26, 2007, Discovery Charter Preparatory 2 was approved for a period of one year, effective July 1, 2007, to serve up to 350 students in grades 9-12.
Most Recent Renewal	The charter was renewed on December 13, 2016 for a five-year term (July 1, 2017 - June 30, 2022) to serve up to 350 students in grades 9-12.

	Discovery Charter Preparatory 2
Most Recent Renewal (Cont.):	Pursuant to Education Code section 47607.4, all charter schools whose term expires on or between January 1, 2022, and June 30, 2025, inclusive, shall have their term extended by two years, and all charter schools whose term expires on or between January 1, 2024, and June 30, 2027, inclusive, shall have their term extended by one additional year. Thus, by operation of law, the charter term for Discovery Charter Preparatory 2 expires June 30, 2025.
Approved Material Revisions of Current Charter:	None
Board Benchmarks in Current Charter Term:	On December 13, 2016, as part of the school's most recent renewal, the LAUSD Board of Education issued the following academic benchmarks to Discovery Charter Preparatory 2: 1. English Learner students will achieve ELA performance standards on the CAASPP (SBAC) that are equivalent to or better than the Resident Schools Medians in the Met or Exceeded Standards performance bands. 2. By January 30, 2017, the school will provide to the CSD a plan to increase English Learner achievement. Please see the "Additional Information" section below.
Submission of Renewal Petition Application:	Discovery Charter Preparatory 2 submitted its renewal petition application on November 14, 2024. The 90-day statutory timeline for Board action on the petition runs through February 12, 2025.
Concurrent Request for Material Revision:	None
Master Plan for English Learners and Standard English Learners:	Discovery Charter Preparatory 2 utilizes LAUSD's Master Plan for English Learners and Standard English Learners.
Special Education SELPA	Discovery Charter Preparatory 2 participates in LAUSD Special Education Local Plan Area (SELPA) Option 3.

B. Charter School Operator

Discovery Charter Preparatory 2 is operated by the Discovery Charter Preparatory School, a California nonprofit public benefit corporation. The Discovery Charter Preparatory School does not operate any other LAUSD-authorized charter school.

IV. STUDENT ACHIEVEMENT AND EDUCATIONAL PERFORMANCE

a. Summary

Discovery Charter Preparatory 2 has been identified by the state as a Middle performing charter school (and, as noted previously, Discovery Charter Preparatory 2's Performance Category was revised by the state from Low to Middle performing in October 2024). The recommendation for renewal has considered the schoolwide performance and performance of numerically significant student groups and the state and local indicators reported on the California School Dashboard, and whether there was clear and convincing verified data evidence showing the school demonstrated measurable increases in academic achievement, as defined by at least one year's progress in each year in school, and/or strong postsecondary outcomes, as applicable. The charter school has attained measurable increases in academic achievement schoolwide and for numerically significant student groups. Please see the attached the Discovery Charter Preparatory 2 Data Set.

b. Measurements of Academic Performance on the California School Dashboard

Due to the COVID-19 pandemic, the 2022 Dashboard only displayed one year of data (also known as Status). Status Levels are reported based on the 2021-2022 school year data using one of five Status Levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status Levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Below, the 2023 and 2024 Dashboard Performance Levels (colors) based on two years' data are provided.

c. English Language Arts Indicator

In 2022 in English Language Arts (ELA), the charter school's Distance from Standard (DFS) was lower than the state for All Students and higher than the state for one of two numerically significant student groups. In 2023 in ELA, the charter school's DFS was lower than the state for All Students and lower than the state for the one numerically significant student group. In 2024 in ELA, the charter school's DFS was higher than the state for All Students and higher than the state for the one numerically significant student group.

In order to continue to increase student outcomes in ELA, charter school leaders reported moving from a block schedule to a daily schedule ensuring the students have access to ELA classes on a daily basis. The teachers meet weekly to discuss

issues and strategies to support students. Teachers pursue professional development opportunities to better support students including attending the 2024 California Association of Teachers of English (CATE) Conference.

d. Math Indicator

In 2022 in Math, the charter school's DFS was lower than the state for All Students and lower than the state for both numerically significant student groups. In 2023 in Math, the charter school's DFS was lower than the state for All Students and lower than the state for the one numerically significant student group. In 2024 in Math, the charter school's DFS was lower than the state for All Students and higher than the state for the one numerically significant student group.

To continue increasing student outcomes in Math, charter school leaders report rearranging the course sequence to teaching Geometry in 9th grade followed by Algebra I, Algebra II, and Precalculus/Trigonometry. The school reported focusing on creating a safe environment for students to share their thoughts freely and engage in problem-solving-based learning. The school uses various Math platforms where students can practice and reinforce their

Math skills. Additionally, the Math teachers have opportunities to attend professional development in order to enhance instructional practices.

e. English Learner Progress Indicator

In 2022, there was no performance level on the English Learner Progress Indicator (ELPI) due to the low number of English Learners. The charter school's English Learner Progress Rate was higher than the state's rate. In 2023, there is no performance level on the ELPI due to the low number of English Learners. The charter school's English Learner Progress Rate was lower than the state's rate. In 2024, there is no performance level due to the low number of English Learners. The charter school's English Learner Progress Rate was higher than the state's rate.

f. College/Career Indicator

The College/Career Academic Indicator was not reported on the 2022 Dashboard. In 2023, the charter school's Status Level of Low for All Students was lower than the state's Status Level of Medium. The charter school's percentage of students prepared was lower than the state for both numerically significant student groups. In 2024, the charter school's Performance Level of Yellow for All Students was the same as the state's Performance Level of Yellow. The charter school's percentage of students prepared was lower than the state for both numerically significant student groups.

In order to continue increasing student outcomes in College/Career, charter school leaders report implementing a college and career readiness program in Advisory classes. Students have the opportunity to participate in dual and concurrent enrollment at Mission College.

g. Chronic Absenteeism Indicator

Not applicable

h. Graduation Indicator [HS only]

In 2022, the charter school's percentage of graduated students was lower than the state for All Students and for both numerically significant student groups. In 2023, the charter school's percentage of graduated students was lower than the state for All Students and for both numerically significant student groups. In 2024, the charter school's percentage of graduated students was higher than the state for All Students and for both numerically significant student groups. Discovery Charter Preparatory 2's students must meet A-G requirements with a grade of "C" or better.

i. Suspension Rate Indicator

In 2022, the charter school's percentage of students suspended at least once was the same as the state for All Students and for one of two numerically significant student groups. One of two numerically significant groups was lower than the state percentage. In 2023, the charter school's percentage of students suspended at least once was lower than the state for All Students and for both numerically significant student groups. In 2024, the charter school's percentage of students suspended at least once was lower than the state for All Students and for both numerically significant student groups.

j. Dashboard Local Indicators

Staff also considered the Local Indicators (e.g., Basic: Teachers, Instructional Materials, Facilities; Implementation of Academic Standards; Parent and Family Engagement; Local Climate Survey; Access to a Broad Course of Study) which have all been reported as "Met" in 2023 and 2024.

k. Reclassification Rates

As of the writing of this report, reclassification data for 2021-2022, 2022-2023, and 2023-2024 have not been published by the state.

l. Additional Information

Benchmark 1:

English Learner students will achieve ELA performance standards on the CAASPP (SBAC) that are equivalent to or better than the Resident Schools Medians in the Met or Exceeded Standards performance bands.

Data have not been available for English Learners taking the ELA CAASPP as there have been fewer than 11 students identified as part of this student group since 2017-2018.

Benchmark 2:

By January 30, 2017, the school will provide to the CSD a plan to increase English Learner achievement.

Benchmark 2 was met per the 2017-2018 Annual Performance-Based Oversight Visit report.

V. **ANNUAL PERFORMANCE-BASED OVERSIGHT RESULTS**

In accordance with Education Code section 47604.32, the District's Charter Schools Division (CSD) conducts at least one school site visit each year where the CSD evaluates charter school performance in the following four categories: Governance; Student Achievement and Educational Performance; Organizational Management, Programs, and Operations; and Fiscal Operations. Charter schools are rated in each category based on information and evidence gathered at the time of the annual performance-based oversight visit following a four-point rubric: (4) *Accomplished*, (3) *Proficient*, (2) *Developing*, and (1) *Unsatisfactory*. Please see below for Discovery Charter Preparatory 2's outcomes on its annual oversight evaluation reports for the last two years.

a. Governance

Oversight Ratings/Concerns	
2022-2023	<i>Proficient</i>
2023-2024	<i>Proficient</i>
Concerns	No unresolved issues pending

b. Student Achievement and Educational Performance

Oversight Ratings/Concerns	
2022-2023	<i>Developing</i>
2023-2024	<i>Developing</i>
Concerns	The rating of <i>Developing</i> in 2022-2023 was a result of the charter school's average DFS being lower than the state average for All Students and a majority of numerically significant student groups for both English Language Arts and Math. The rating of <i>Developing</i> in 2023-2024 was a result of the charter school's average DFS being lower than the state average for All Students and all of the numerically significant student groups for both English Language Arts and Math. In addition, the percentage of the charter school's students prepared for college or career, as documented in the College/Career Indicator, was lower than the state percentage, and the charter school's Graduation Rate was lower than the state average rate.

c. Organizational Management, Programs, and Operations

Oversight Ratings/Concerns	
2022-2023	<i>Proficient</i>
2023-2024	<i>Proficient</i>
Concerns	No unresolved issues pending

d. Fiscal Operations

Oversight Ratings/Concerns	
2022-2023	<i>Proficient</i>
2023-2024	<i>Proficient</i>
Concerns	No unresolved issues pending

VI. VERIFIED DATA

Charter schools satisfying the middle performing criteria may be renewed for a specified term. (Ed. Code, § 47607.2 (b)(7).) A chartering authority must consider, among other requirements, clear and convincing evidence, demonstrated by verified data, showing the charter school's achieved measurable increases in academic achievement, or strong postsecondary outcomes. (Ed. Code, § 47607.2(b)(3).)

Pursuant to Education Code section 47607.2(c)(2), the State Board of Education (SBE) established criteria to define verified data and identified an approved list of valid and reliable assessments. Charter schools submitting verified data must adhere to the state-approved criteria.

Discovery Charter Preparatory 2 did not submit verified data for consideration as part of its renewal application.

VII. FURTHER ANALYSIS FOR MIDDLE PERFORMING CHARTER SCHOOLS

Following the review of the foregoing performance data for this charter school placing a greater weight on academic performance on the California School Dashboard, and considering Charter School provided no verified data, staff determined that the school's performance in both ELA and Math requires further review.

Based on the charter school's performance on California School Dashboard in ELA, Math and CCI, and not having verified data submitted by the charter school, Staff conducted a further analysis of ELA and Math in comparison to the Resident Schools Median (RSM).² As indicated in the tables below, when comparing the school to the Resident Schools Median, Discovery Charter Preparatory 2's data indicates that its student performance on California School Dashboard in 2022 was higher than the RSM for All Students and for all numerically significant student groups in ELA. In 2023, the charter school was lower than the RSM for All Students and for the one numerically significant student group in ELA. In 2024, Discovery Charter Preparatory 2 was higher than the RSM for All Students and

² Per LAUSD Policy, a Resident Schools Median analysis is conducted for charter schools classified as Middle Performing, when determining whether closure of the charter school is in the best interest of pupils, among other factors.

for the one numerically significant student groups in ELA. In Math, student performance was lower than the RSM for All Students and one of two numerically significant groups in 2022. In 2023, Discovery Charter Preparatory 2 was lower than the RSM for All Students and for the one numerically significant student group in Math. In 2024, the charter school was higher than the RSM for All Students and for the one numerically significant student group in Math. In 2023 and 2024, Discovery Charter Preparatory 2 was lower than the RSM for All Students and for both numerically significant student groups in the College/Career Indicator (CCI).

VIII. FISCAL MANAGEMENT AND PERFORMANCE

a. Fiscal Condition

Discovery Charter Preparatory 2's fiscal condition is positive.

¹Per Discovery Charter Preparatory 2's FY 2020-2021 audited financials, the net income reported for the 2020-2021 school year, in contrast to the net losses incurred for the other school years summarized in the financial table above is primarily due to the recognition of \$388K in revenue from the forgiveness of a Paycheck Protection Program (PPP) loan, in addition to COVID-19 pandemic funding received for the same year.

²Per Discovery Charter Preparatory 2, the reported net losses for Fiscal Years 2021-2022 through 2022-2023 were primarily due to lower-than-expected enrollment. Additionally, the school reported additional expenses related to the COVID-19 pandemic during Fiscal Year 2021-2022.

³The outbound money transfers represented transfers out to DCPS Properties for facilities-related expenditures. DCPS Properties is the single member of DCPS Eldridge Ave, LLC and is the holder of the school property. DCPS Eldridge Ave, LLC leases facilities to the school.

⁴Per Discovery Charter Preparatory 2, the net loss reported for Fiscal Year 2023-2024 was primarily attributed to higher professional consulting fees and educational service

fees related to substitute services, particularly for new students with Individualized Education Programs (IEPs). Additionally, the school incurred additional costs for certificated and classified salaries to cover specific support needs for at-risk students, including tutoring, classroom coverage, and athletics supervision.

⁵Discovery Charter Preparatory 2 reported 205 Norm Enrollment for Fiscal Year 2024-2025. Charter School stated that it plans to increase enrollment through various means, for example, increasing community engagement and advertising through social media. The CSD will continue to monitor Charter School's student enrollment and financial condition as part of its oversight process.

Academic Performance - English Language Arts

This report shows the performance levels for a single state indicator, English Language Arts, for all student groups. It also shows how the current year (status, DFS) compares to prior years (change) for each state indicator. Status and change each have five possible levels, which are displayed with the data for each indicator. A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "--" means that data is not currently available. Note: Charter Schools are treated as schools (not LEAs) when it comes to reporting Foster Youth and Homeless student groups. Charter schools will need at least 30 or more Foster Youth, or 30 or more Homeless students, to receive a status level for each student group.

Participation Rate Report below displays the percent of students tested by content area. The Every Student Succeeds Act requires districts and schools to test at least 95 percent of all students and student groups in English language arts and mathematics. It also requires states to factor the participation rate into the Academic Indicator. For any local educational agency (LEA), school, or student group with less than 95 percent of students tested, the ESSA requires a penalty to be applied to the Academic Indicator. To meet this federal requirement, California assigns the Lowest Obtainable Scale Score (LOSS) to each student needed to bring the participation rate of the school, district, and/or student group to 95 percent. The LOSS assigned to each of these students who did not test will be used in calculating the Distance from Standard (DFS).

English Learner Progress Indicator (ELPI)

This report shows the percentage of current English learner (EL) students making progress towards English language proficiency at their school. The English Learner Progress Indicator (ELPI) relies on the results of the Summative English Language Proficiency Assessment (ELPAC), including Summative Alternate ELPAC results, to determine EL student progress. For the EL students taking the Summative ELPAC, those who increase an ELPI level or maintain ELPAC Level 4 are counted as making progress towards English language proficiency. ELPI Change measures the rate at which schools are improving their ability to move their EL students towards English language proficiency. It is the difference between the prior year Status and the current year Status. A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "---" means that data is not currently available.

Districts and schools that do not meet the 95 percent participation rate on the Summative ELPAC and Summative Alternative ELPAC and have at least 30 EL students enrolled during the testing window (February 1 to May 31) will receive a modified ELPI rate on the California School Dashboard (Dashboard). For each district and school that does not meet the 95 percent target, the minimum number of students needed to reach a participation rate of at least 95 percent is determined. The resulting number of students will be counted as not making progress in the current ELPI Status calculation.

Academic Performance - College / Career

Graduates who meet specific College/Career Indicator (CCI) "prepared" criteria are included in the calculations of the CCI rate. For the 2023 Dashboard, the CCI will report the most current year data or "Status only". Therefore the CCI will have performance displayed using one of five Status levels that range between Very Low (lowest performance), Low, Medium, High, and Very High (highest performance). A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "--" means that data is not currently available.

Suspension Rate Indicator

This report shows the number of students who have an aggregate suspension of at least one full day. A student is counted as suspended in the suspension rate only once regardless of multiple suspensions or multiple days of suspension. For most state indicators, the desired outcome is a high percentage of performance in the current year and an increase from the prior year. However, for the Suspension Rate indicator, the desired outcome is a low rate in the current year and a decline from the prior year. Current and prior year data is compared to see whether a school made improvement (i.e., had a lower rate of suspension in 2022-23 than it did in 2021-22) or did worse (i.e., had a higher rate in 2022-23 than in 2021-22). Taken together, current year data and its comparison with prior year data will give a performance level (color). A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "--" means that data is not currently available.

Graduation Rate Indicator

This report shows the combined four- and five-year graduation rate for comprehensive (or traditional) high schools and Dashboard Alternative School Status (DASS) schools. This rate is based on the number of high school students who graduate with a regular high school diploma in either four or five years. The 2023 Graduation Rate Indicator includes students from the most recent graduation cohort (Class of 2023) as well as students from the prior cohort (Class of 2022) who graduated in their fifth year of high school in 2022-23. Current and prior year data is compared to see whether a school made improvement (i.e., had a higher rate of graduation in 2023 than it did in 2022) or experienced a decline. Results will fall into one of five levels, ranging from "Increased Significantly" to "Declined Significantly." Combining current year data and its comparison with prior year data, will give a performance level (color). A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "--" means that data is not currently available.

Enrollment Report

This report displays CALPADS K-12 enrollment number and percentages of select student groups. Annual enrollment consists of the number of students primarily enrolled on Census Day (the first Wednesday in October). This information was submitted by local educational agencies (LEAs) and charter schools to the California Department of Education (CDE) as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS). These data were reviewed and certified in CALPADS as being accurate by authorized district or school personnel. In order to certify data in CALPADS, authorized district or charter school personnel are required to review the accuracy of all data associated with the applicable CALPADS submission. The California Department of Education collects some data on GATE programs through the California Longitudinal Pupil Achievement Data System (CALPADS); however, this information is submitted by LEAs on a voluntary basis and it wouldn't necessarily be accurate as per CDE. RECLASSIFICATION RATES

This reports shows a two year comparison of the number of English Learners (ELs) on Census Day, the number of students reclassified since the prior Census Day, and the reclassification rate for each specified year. The reclassification rate, displayed in percentage, is calculated by dividing the number reclassified by the number of prior year ELs.

Students with Disabilities Report

This report displays the K-12 enrollment and the number of K-12 students with disabilities total, by incidence category, and by eligibility as reported on the Census Day (First Wednesday in October) CALPADS Fall 1 Certified Student Profile List Report (Report 8.1) submitted by LEAs (Local Education Agencies). LEAs are required to "certify" specified data during submission windows. The CDE uses certified data for state and federal reporting and to develop accountability metrics. Once data are certified by an LEA following the close of the Amendment Window, they are "frozen" and cannot be amended. Note: Students with disabilities counts and percentages in this report may be higher or lower for some schools when comparing this report counts with 2021-22 Enrollment by Student Group counts posted in DataQuest by the CDE due to the accuracy of all data associated with the applicable CALPADS submission. CALPADS certification is a two-step process with Level-2 certification reserved for the district superintendents, charter school administrators, or their designees. High incidence eligibilities are indicated by an asterisk (*). Source: Data collected by the California Department of Education (CDE) through the California Longitudinal Pupil Achievement Data System (CALPADS), California School Dashboard, and testing vendor. Academic Performance - English Language Arts

This report shows the performance levels for a single state indicator, English Language Arts, for all student groups. It also shows how the current year (status, DFS) compares to prior years (change) for each state indicator. Status and change each have five possible levels, which are displayed with the data for each indicator. A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "--" means that data is not currently available. Note: Charter Schools are treated as schools (not LEAs) when it comes to reporting Foster Youth and Homeless student groups. Charter schools will need at least 30 or more Foster Youth, or 30 or more Homeless students, to receive a status level for each student group.

Participation Rate Report below displays the percent of students tested by content area. The Every Student Succeeds Act requires districts and schools to test at least 95 percent of all students and student groups in English language arts and mathematics. It also requires states to factor the participation rate into the Academic Indicator. For any local educational agency (LEA), school, or student group with less than 95 percent of students tested, the ESSA requires a penalty to be applied to the Academic Indicator. To meet this federal requirement, California assigns the Lowest Obtainable Scale Score (LOSS) to each student needed to bring the participation rate of the school, district, and/or student group to 95 percent. The LOSS assigned to each of these students who did not test will be used in calculating the Distance from Standard (DFS).

English Learner Progress Indicator (ELPI)

This report shows the percentage of current English learner (EL) students making progress towards English language proficiency at their school. The English Learner Progress Indicator (ELPI) relies on the results of the Summative English Language Proficiency Assessment (ELPAC), including Summative Alternate ELPAC results, to determine EL student progress. For the EL students taking the Summative ELPAC, those who increase an ELPI level or maintain ELPAC Level 4 are counted as making progress towards English language proficiency. ELPI Change measures the rate at which schools are improving their ability to move their EL students towards English language proficiency. It is the difference between the prior year Status and the current year Status. A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "---" means that data is not currently available.

Data collected by the California Department of Education (CDE) through the California Longitudinal Pupil Achievement Data System (CALPADS), California School Dashboard, and testing vendor. Districts and schools that do not meet the 95 percent participation rate on the Summative ELPAC and Summative Alternative ELPAC and have at least 30 EL students enrolled during the testing window (February 1 to May 31) will receive a modified ELPI rate on the California School Dashboard (Dashboard). For each district and school that does not meet the 95 percent target, the minimum number of students needed to reach a participation rate of at least 95 percent is determined. The resulting number of students will be counted as not making progress in the current ELPI Status calculation.

Note: Schools that do not meet the 95 percent participation rate on the Summative ELPAC and Summative Alternative ELPAC and have at least 30 EL students enrolled during the testing window (February 1 to May 31) will receive a modified ELPI rate on the California School Dashboard (Dashboard).

Academic Performance - College / Career

Graduates who meet specific College/Career Indicator (CCI) "prepared" criteria are include in the calculations of the CCI rate. For the 2023 Dashboard, the CCI will report the most current year data or "Status only". Therefore the CCI will have performance displayed using one of five Status levels that range between Very Low (lowest performance), Low, Medium, High, and Very High (highest performance). A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "--" means that data is not currently available.

Suspension Rate Indicator

This report shows the number of students who have an aggregate suspension of at least one full day. A student is counted as suspended in the suspension rate only once regardless of multiple suspensions or multiple days of suspension. For most state indicators, the desired outcome is a high percentage of performance in the current year and an increase from the prior year. However, for the Suspension Rate indicator, the desired outcome is a low rate in the current year and a decline from the prior year. Current and prior year data is compared to see whether a school made improvement (i.e., had a lower rate of suspension in 2022-23 than it did in 2021-22) or did worse (i.e., had a higher rate in 2022-23 than in 2021-22). Taken together, current year data and its comparison with prior year data will give a performance level (color). A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "--" means that data is not currently available.

Graduation Rate Indicator

This report shows the combined four- and five-year graduation rate for comprehensive (or traditional) high schools and Dashboard Alternative School Status (DASS) schools. This rate is based on the number of high school students who graduate with a regular high school diploma in either four or five years. The 2023 Graduation Rate Indicator includes students from the most recent graduation cohort (Class of 2023) as well as students from the prior cohort (Class of 2022) who graduated in their fifth year of high school in 2022-23. Current and prior year data is compared to see whether a school made improvement (i.e., had a higher rate of graduation in 2023 than it did in 2022) or experienced a decline. Results will fall into one of five levels, ranging from "Increased Significantly" to "Declined Significantly." Combining current year data and its comparison with prior year data, will give a performance level (color). A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "--" means that data is not currently available.

Academic Performance Medians- English Language Arts

This report shows the performance levels for state indicators, English Language Arts and Math, for all applicable student groups. It also shows the current year (status, DFS) for each state indicator. Status and change each have five possible levels, which are displayed with the data for each indicator. A single asterisk (*) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash '--' means that data is not currently available. Note: Charter Schools are treated as schools (not LEAs) when it comes to reporting Foster Youth and Homeless student groups. Charter schools will need at least 30 or more Foster Youth, or 30 or more Homeless students, to receive a status level for each student group.

Academic Performance Medians- College / Career Indicator

Graduates who meet specific College/Career Indicator (CCI) “prepared” criteria are include in the calculations of the CCI rate. For the 2023 Dashboard, the CCI will report the most current year data or “Status only”. Therefore the CCI will have performance displayed using one of five Status levels that range between Very Low (lowest performance), Low, Medium, High, and Very High (highest performance). A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash '--' means that data is not currently available.

LOS ANGELES UNIFIED SCHOOL DISTRICT

Board of Education Report

DESEGREGATION IMPACT STATEMENT (DIS)

DISCOVERY CHARTER PREPARATORY 2

BOARD OF EDUCATION REPORT 192 – 24/25

February 11, 2025

I. Category of Proposed Action:

The proposed action would renew the charter for five (5) years, beginning July 1, 2025 until June 30, 2030 to serve up to 350 students in grades 9-12 in each year of the charter term.

II. Summary Description of Current District Practice:

Charter schools are schools of choice by legislation and are open to any student in the State of California. Charter schools are granted renewal for single charter status for a minimum period of two years to a maximum of seven (7) years, depending on the state's classification of High, Middle or Low for a charter school's performance pursuant to applicable law. Low performing charter schools may be renewed for a period of two years, Middle performing charter schools for five years, and High performing charter schools may receive a term of five, six or seven years. It should be noted, however, that although State legislation allows students to attend a charter school from any area in the state, the Los Angeles Unified School District (LAUSD) is under Court Order, *Crawford v. LAUSD*, which applies to all schools within or chartered through the LAUSD. Any modifications to the Court-Ordered Integration Program must first be approved by Student Integration Services.

III. Proposed Change:

The approval of this charter petition would renew the charter of Discovery Charter Preparatory 2 for five (5) years beginning July 1, 2025 until June 30, 2030.

IV. Effects of This Proposal:

The Los Angeles Unified School District (LAUSD) does not guarantee availability of Court-ordered Integration funding. The charter school will be responsible for maintaining the Court Order and providing information requested by the LAUSD as set forth in the Charter petition. Modifications or school decisions cannot negatively impact or cause additional costs to the Court-ordered Integration budget.

V. Analyze the Impact of This Proposal on Integration, Desegregation, Re-segregation and/or Segregation:

If the Charter goals are met, there should be positive results on the five (5) Harms of Racial Isolation which are low academic achievement, low self-esteem, lack of access to post-secondary opportunities, interracial hostility and intolerance, and overcrowded conditions. The Court-ordered Integration Program for participating students will operate under various Court Orders for schools within the Los Angeles Unified School District. Any modification of the Court-ordered Integration Program must first be approved by Student Integration Services.

VI. If proposed action affects negatively any desegregation program, list other option(s) identified:

If the District Court-ordered Integration Guidelines are followed, there will not be a negative effect on the District's Court-ordered Integration Program.
