Board of Education Report

File #: Rep-177-24/25, Version: 1
In Control: Facilities Contract Actions

Agenda Date: 3/11/2025

Approval of Facilities Contracts Actions Procurement Services Division - Facilities Contracts

Brief Description:

(Approval of Facilities Contract Actions) Recommends the ratification of the Procurement Services Division contract actions taken by Facilities Contracts under delegated authority as listed in Attachment “A” including award of advertised construction contracts; approval of change orders; completion of contracts; award of informal contracts; award of architectural and engineering contracts; extra services/amendments for architectural and engineering contracts and approved proposed contracts listed in Attachment B including plumbing repair and replacement task order contracts and a design build contract for an electrification project at the Sun Valley Bus Garage.

Action Proposed:

Ratify the Procurement Services Division (PSD) contract actions taken by Facilities Contracts under delegated authority as listed in Attachment “A” including: award of advertised construction contracts; approval of change orders; completion of contracts; award of informal contracts; award of architectural and engineering contracts; assignment and assumption of rights and delegation of duties for architectural and engineering agreements; extra services/amendments for architectural and engineering contracts and approve the proposed contracts listed in Attachment B including a plumbing repair and replacement task order contracts and a design build contract for an electrification project at the Sun Valley Bus Garage.

Background:

Facilities Contracts staff prepares monthly reports for contract actions necessary for the execution of projects approved by the Board and contained in the FSD Strategic Execution Plan (SEP), and for the maintenance and operation of District facilities in accordance with District policies and Board-delegated authority. As described in the November 12, 2013, Board Report #048-13/14 Informative, detailed information is provided on the Facilities Services website.

Expected Outcomes:

Approval of these items will allow services provided by these contracts to proceed in support of FSD projects, District policies and goals, and the Board-approved FSD-SEP.

Board Options and Consequences:

The Board can approve all actions presented or postpone selected actions pending receipt of additional information. Non-ratification of actions awarded under delegated authority in Attachment “A” will result in the immediate discontinuance of services. While non-ratification may be legally defensible, it will likely result in costly litigation over discontinued payments or if the District attempts to reclaim payments made to a vendor. District costs will likely increase as fewer contractors compete for future procurements.

Policy Implications:

This action does not change District policy and conforms to California Education Code section 17604 that permits the Board of Education to delegate authority for Facilities Contracts (Board Report #444-17/18), which the Board exercised on May 8, 2018.

Budget Impact:

The contract actions presented are within the budget authority previously approved by the Board. Unless indicated otherwise, all contract actions are Bond funded.

Student Impact:

The contract actions will help ensure that the students are provided with safe and healthy environments, and up to-date facilities that promote learning.

Equity Impact:

Not Applicable.

Issues and Analysis:

There are no policy implications on these agreements.
