BOARD MEMBER RESOLUTIONS FOR ACTION

Ms. Gonez moved the following resolution with an 11:30 a.m. time certain:

TAB 32: Ms. Gonez, Ms. Cortez Lopez – Reckoning with Our Past, Honoring Our Present: Developing a Los Angeles Unified Land Acknowledgement (Res-017-24/25) (Noticed October 22, 2024)

Whereas, The Los Angeles Unified School District (District) recognizes that we occupy land that was originally and is still inhabited and cared for by the Gabrieleno Tongva and Fernandeno Tataviam tribes;

Whereas, The Gabrieleno Tongva People inhabited the region Tovangar, known today as the Greater Los Angeles Basin, which is the distinct community of the present day San Gabriel Band of Mission Indians (Gabrieleno Tongva Tribal Council) that originated in the cultures of the period preceding the establishment of the San Gabriel Mission from which the natives received the name Gabrieleno;

Whereas, The Fernandeno Tataviam People inhabited the region of Northern Los Angeles County and eastern Ventura County that includes San Fernando, Simi Valley, Santa Clarita, and Antelope Valleys that originated in the cultures of the period preceding the establishment of Mission San Fernando from which the natives received the name Fernandeno;

Whereas, The District proudly serves students self-identified as American Indian /Alaskan Native and Indigenous, including those who are Gabrieleno Tongva and Fernandeno Tataviam, and the District is pursuing a campaign to improve identification of this student group;

Whereas, From an early age students are exposed to pervasive cultural narratives that normalize eurocentrism and white supremacy, which can promote anti-indigeneity and erasure of minority students and be alienating for native and indigenous students;

Whereas, In 2020 the District took a significant step to combat this history of exclusion in the curriculum and adopted the resolution “Ethnic Studies for All Students: Reaffirming our commitment to Ethnic Studies in Los Angeles Unified” to further expand the ethnic studies curriculum throughout all grade levels and make the completion of at least one

ethnic studies course a high school graduation requirement starting in the current school year 2024-25 (Res-001-20/21);

Whereas, The District has previously formally recognized the historical and current injustices committed against native and indigenous groups and disinvestment in native and indigenous students and, in 2021, the Board created a 10 million dollar fund dedicated to supporting the unique needs of Native American and Indigenous students and ensuring LAUSD schools affirm their linguistic, cultural, and historic backgrounds and promote their achievement and wellbeing;

Whereas, In 2021 the District formally urged the Office of Federal Acknowledgement within the Office of the Assistant Secretary – Indian Affairs of the Department of the Interior to grant long overdue formal Federal recognition of The Fernandeno Tataviam Band of Mission Indians (Res-017-20/21); and

Whereas, The District must join the State of California and County of Los Angeles in exploring the historical relationship between the District, Native Americans and indigenous students and families in the spirit of truth, healing, and reconciliation; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District apologizes on behalf of the Los Angeles Unified School District to tribal governments and communities for the history of maltreatment, subjugation, neglect and trauma that the California public education system has inflicted on the Gabrieleno Tongva, Fernandeno Tataviam, and other local tribes;

Resolved further, That the District acknowledges that colonization in what now constitutes Los Angeles Unified School boundaries resulted in land seizure, disease, slavery, relocation, genocide, multigenerational trauma, and educational disparities, and we are committed to truth, healing, cooperation and to elevating the stories, culture, and community of the original inhabitants of this land;

Resolved further, That the District shall collaborate with local tribes to explore the historical record and relationship between the District and native and indigenous students, families, and communities, including the District's policies, procedures, and practices that may have harmed Native American and indigenous students, and to develop a public land acknowledgement statement on behalf of the District accompanied by an educational campaign to raise awareness and ensure students have access to educational resources that support their understanding of the history of the land occupied by LAUSD;

Resolved further, That the forthcoming public land acknowledgement be brought back to the Board for a formal vote no later than June 2025 and, once approved, be publicly posted on the District's website with the accompanying educational resources and tools for students and school communities to utilize;

Resolved further, That the District explore the feasibility and options for honoring the history of the land occupied by District and atoning for past injustices, reporting back on findings when the land acknowledgement is considered, including:

- Providing professional development to educators at all grade levels on native histories, the impact of colonization on native tribes and on the land we now

- occupy, and on the continued existence and culture of local tribes;
- Providing an update on and promoting the Indigenous student identification campaign effort currently underway with the goal of better capturing the number of American Indian/Alaskan Native and Indigenous students served by the District;
- Inclusion of stories, literature, and instruction that centers native voice and native tribes throughout the curricula, especially in grades TK-8, and providing an update to the Board on the implementation of AB1703 and AB1821 to provide accurate instruction on the treatment of Native Americans during Spanish colonization in California;
- District review of school names and mascots to ensure they comply with our existing policies around cultural sensitivities and affirmations in alignment with AB 3074;
- Establishing a dedicated position to work with tribes in alignment with the current efforts of the Multilingual and Multicultural Education Department;
- Prioritizing the inclusion of native plants in the District's design plans for outdoor improvements and greening projects;
- Providing resources to educators in recognition of Indigenous People's Day, National Day of Remembrance, California Native American Day, Native American Heritage Month, and, where appropriate, National Awareness Day for Missing or Murdered Indigenous Women and Girls;
- Increasing the representation of native artists in the painting of murals on school campuses, and, be it finally,

Resolved, That the District reaffirms its support and advocacy for the federal recognition of the Gabrieleno Tongva and Fernandeño Tataviam and commits itself to advocating for the federal recognition of the First People of Los Angeles County.

Whereas, In *Plyler v. Doe* (1982), the United States Supreme Court held that *all* immigrant children are people “in any ordinary sense of the term” and hence protected from discrimination under the 14th Amendment, and that all children, regardless of their immigration status, have the right to a free public education;

Whereas, The California Constitution, Article 1, Section 28(f)(1) states, “All students and staff of public primary, elementary, junior high, and senior high schools, and community colleges, colleges, and universities have the inalienable right to attend campuses which are safe, secure, and peaceful;” and

Whereas, The 2024 presidential contest led to the election of the candidate whose previous administration created a brutal policy of immigrant family separation which did irreparable harm to thousands of immigrant children and parents, and whose 2024 campaign promised to deport millions of immigrants currently living in the United States;

Whereas, In *Plyler v. Doe* (1982), the United States Supreme Court held that *all* immigrant children are people “in any ordinary sense of the term” and hence protected from discrimination under the 14th Amendment, and that all children, regardless of their immigration status, have the right to a free public education;

Whereas, The California Constitution, Article 1, Section 28(f)(1) states, “All students and staff of public primary, elementary, junior high, and senior high schools, and community colleges, colleges, and universities have the inalienable right to attend campuses which are safe, secure, and peaceful;” and

Whereas, On May 9, 2017 the Governing Board of the Los Angeles Unified School District passed the resolution, “Reaffirmation of Los Angeles Unified School District Schools as Safe Zones for Families Threatened by Immigration Enforcement” (Res-093-16/17), and this resolution prohibited District personnel from voluntarily cooperating in any immigration enforcement action, including sharing information about students’ and families’ immigration status with any immigration agent or agency; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District reaffirms the policy established under Res-093-16/17;

Resolved further, That within the next 60 days, the Superintendent shall develop and share with the Board a plan for strong implementation of this policy from the beginning of the next Presidential administration;

Resolved further, That this plan shall include advocacy for and an exploration of all possible legal protections for District employees who are recipients of Deferred Action for Childhood Arrivals (DACA), Temporary Protected Status (TPS), or who are otherwise in an immigration status that may be vulnerable to federal attacks, in coordination with city, county and state agencies and legal organizations;

Resolved further, That this plan shall include training for all teachers, administrators, and other staff on how to respond to Federal agencies and any immigration personnel who request information about students, families, and staff, and/or are attempting to enter school property, as well as a thorough effort to communicate the District's sanctuary policy and plan to all District families in the language that they speak; and, be it finally

Resolved, That the District will aggressively oppose any effort to create Federal laws, policies, or practices that require school districts to cooperate with Federal agencies and immigration personnel in any way related to immigration enforcement action.

Ms. Goldberg outlined what actions would be taken next on the agenda.

Board President Goldberg resumed the Order of Business.

BOARD MEMBER RESOLUTIONS FOR ACTION (continued)

Dr. Rivas moved a waiver of Board Rule 72 to allow action on Version 2 of Res-032-24/25.

TAB 34: Ms. Goldberg, Dr. Rivas, Mr. Schmerelson, Mr. Melvoin, Ms. Gonez – Reaffirm Our Commitment to Immigrant Students, Families, and Staff and Update the District’s Policy “To Enforce the Respectful Treatment of All Persons” to Include Gender Identity and Gender Expression (Res-032-24/25) (Waiver of Board Rule 72)

Whereas, The 2024 presidential contest led to the election of the candidate who campaigned on an anti-immigrant and anti-LGBTQ+ agenda;

Whereas, On October 17, 1988 the Board of Education unanimously passed a resolution “To Enforce the Respectful Treatment of All Persons,” ~~which has been incorporated into Los Angeles Unified School District (LAUSD) BUL-5798.0, “Workplace Violence, Bullying and Threats (Adult to Adult)” (July 16, 2012)~~ and this policy’s intentions are reflected, with respect to students, in BUL-6224.3, “Gender Identity and Students – Ensuring Equity and Nondiscrimination;”;

Whereas, That resolution asserted that students and adults should treat all people respectfully without regard to “race, language spoken, color, sex, religion, handicap, national origin, immigration status, age, sexual orientation, or political belief” but did not include reference to gender identity and expression;

Whereas, There is a documented increase in anti-immigrant and anti-LGBTQ+ sentiment in the United States, and these narratives divide communities, elevate risk factors, and compromise mental health and school engagement;

Whereas, The nationwide proliferation of anti-immigrant and anti-LGBTQ+ legislation and narratives ~~legalizes~~ exacerbates discrimination, invalidates people’s humanity, and stokes fear and anxiety; and

Whereas, The District continues to be a strong advocate for the dignity and respect of students, staff, and family members of any national origin and of diverse sexual and gender identities and expressions; now, therefore, be it

Resolved, That the Los Angeles Unified School District is committed to elevating the dignity and respect of *all* students, staff, and families;

Resolved further, That the District reaffirms its policy that students and adults throughout LAUSD should treat all persons equally and respectfully, and explicitly adds gender

identity to the groups covered by this policy, and will make any necessary changes to District Policy Bulletins to ensure that this policy includes LAUSD staff and families in addition to students;

Resolved further, That the District will continue to support legislation that protects the dignity and rights of immigrant and LGBTQ+ students, staff, and families;

Resolved further, That schools will have ongoing access to age-appropriate educational and mental health resources to promote respect toward students, staff, and families of all identities; and, be it finally

TAB 38: Ms. Goldberg, Ms. Gonez – Study the Feasibility of Establishing a Contemporary Political Issues Course (Res-033-24/25) (Waiver of Board Rule 72)

Whereas, Los Angeles Unified School District seeks to ensure that all its graduates are “Ready for the World,” and our Strategic Plan states that this includes four key characteristics: (1) Advocates for self and others, (2) Open-minded, (3) Adaptable, and (4) Effective communicators;

Whereas, To be Ready for the World by this definition requires students to be critical thinkers, to be able to understand current events, to be able to understand how events impact our politics, to know the effects of specific policy proposals, and to be able to understand all sides of key political issues;

Whereas, It is the District’s responsibility to prepare students to be able to make distinctions between news and opinion in an increasingly fractured information

environment rife with misinformation, polarization, and questionable sources; and

Whereas, It is in the interest of all students to learn to navigate and participate in our political system, and that they emerge from their school years eager to advocate for themselves and their community, exercise their right to vote, and participate in democratic institutions and practices beyond the vote; now, therefore be it,

Resolved, That the Superintendent and the Division of Instruction will study the feasibility of establishing a senior high-level course on Contemporary Political Issues, including whether such a course would be considered an elective or required course, what topics such a course would cover, what credentials and professional development would be required to ensure the District has the workforce to implement this new course, and what would be the most appropriate grade or grades for students to take this course;

Resolved further, That this study should consider what age appropriate changes to Los Angeles Unified School District curriculum throughout students' school years would best prepare students to take this new course during senior high and derive the greatest benefit from it; and, be it finally

Resolved, That within 160 days the Superintendent and the Division of Instruction will report back to the Governing Board of the Los Angeles Unified School District about the feasibility of establishing a Contemporary Political Issues course.

Mr. Schmerelson moved a waiver of Board Rule 72 to allow action on Res-033-24/25. Dr. Rivas seconded the motion.

Remarks were heard from Ms. Goldberg regarding the resolution.

Remarks were heard from Ms. Cortez Lopez and Dr. Rivas.

Remarks were heard from Mr. Melvoin, who proposed the following amendments to the first Resolved and last Resolved:

Resolved, That the Superintendent and the Division of Instruction will study the feasibility of establishing a senior high-level course on Contemporary Political Education Issues, including whether such a course would be considered an elective or required course, what topics such a course would cover, what credentials and professional development would be required to ensure the District has the workforce to implement this new course, and what would be the most appropriate grade or grades for students to take this course;

Resolved, That within 160 days the Superintendent and the Division of Instruction will report back to the Governing Board of the Los Angeles Unified School District about the feasibility of establishing a Contemporary Political Education Issues course.

Ms. Goldberg accepted the amendments as friendly.

The following speaker addressed the Board:

- Jessica Robinson, Parent and community activist

On roll call vote, the resolution was adopted as amended, 4 ayes, 3 absent, Dr. McKenna, Ms. Gonez, Ms. Ortiz Franklin.

Ms. Cortez Lopez recorded an advisory vote of aye.

Later in the meeting, Ms. Gonez recorded an aye vote.

The final vote was 5 ayes, 2 absent, Dr. McKenna and Ms. Ortiz Franklin.

The final resolution reads as follows:

Ms. Goldberg, Ms. Gonez – Study the Feasibility of Establishing a Contemporary Political Education Course (Res-033-24/25) (Waiver of Board Rule 72)

Whereas, Los Angeles Unified School District seeks to ensure that all its graduates are “Ready for the World,” and our Strategic Plan states that this includes four key characteristics: (1) Advocates for self and others, (2) Open-minded, (3) Adaptable, and (4) Effective communicators;

TAB 40: Ms. Goldberg, Dr. Rivas, Ms. Gonez – Affirms that LAUSD Will Remain an Inclusive, Safe, and Welcoming Environment for All (Res-035-24/25) (Waiver of Board Rule 72)

Whereas, The 2024 presidential contest led to the election of a candidate who mounted an authoritarian campaign which promised to dissolve public agencies, erode the autonomy of public institutions including public schools, and roll back progress for numerous communities that Los Angeles Unified School District serves every day including immigrants, women, non-binary, LGBTQ+, working class, and poor people;

Whereas, Working for the Heritage Foundation, associates of the President-elect and likely members of the next administration created a 2025 Presidential Transition Project, known as Project 2025, which is explicitly intended as a blueprint for the next administration, and which lays out policies that would erode civil liberties, the separation of church and state, and the rule of law, and would undermine or abolish critical government agencies including the Department of Education;

Whereas, The enactment of the policies found in the 920-page “Project 2025 Mandate for Leadership” would do immediate, incalculable, and irreparable harm to public school students, families, and staff, as well as the entire institution of public education in this country; and

Whereas, On October 2, 2024, the Governing Board of the Los Angeles Unified School District, the Superintendent, and labor partners convened to announce L.A. Unified 2025, an affirmation of the District’s commitment to an inclusive, safe, and welcoming school district for all students, employees, and families; now, therefore, be it

Resolved, That the policy of Los Angeles Unified School District is the LA Unified 2025 vision, which stands in unity with all of the students, families, and staff in our school communities and embraces Diversity, Equity, and Inclusion throughout the District;

Resolved further, That the LA Unified 2025 vision means that we will do everything in our power to protect and defend students, families, and staff from the harm intended by Project 2025, and to defend all students’ right to a public education; and, be it finally

Resolved, That within 60 days, the Superintendent will present to the Governing Board of the Los Angeles Unified School District a formal L.A. Unified 2025 plan that provides a comprehensive overview of all of the Project 2025 policies that impact public education and public school students, families, and staff, and a detailed overview of the District’s plan to defend public education and the students, families, and staff we serve as the next administration seeks to implement these and similar policies.

BOARD MEMBER RESOLUTION FOR ACTION

TAB 33. Dr. McKenna, Mr. Schmerelson, Dr. Rivas, Mr. Melvoin, Ms. Gonez – Recognizing November as National Runaway and Homeless Youth Prevention Month (Res-020-24/25) (Noticed October 22, 2024)

Whereas, November is National Runaway and Homeless Youth Prevention Month;

Whereas, Runaway and homeless youth, defined as young people between 12 and 24 years of age, have the least access to essential opportunities and supports;

Whereas, The prevalence of runaways and homelessness among youth is staggering, with studies suggesting that nationally between 1,600,000 and 2,800,000 youth up to 24 years of age experience homelessness every year, of which an overrepresentation, compared to the general youth population, are youth of color, gay, lesbian, bisexual, or transgender;

Whereas, Based on national surveys and California's youth population, an estimated 200,000 youth under 18 years of age, and thousands more who are 18 to 24 years of age, are homeless for one or more days each year;

Whereas, The percentage of unaccompanied homeless youth who are unsheltered in California stands at 68.2 percent, which is the second highest in the country. California also has 29 percent of the homeless youth in the country, the largest number of homeless youth of any state;

Whereas, An estimated 44,007 children and youth experienced homelessness in Los Angeles County in the 2023-2024 school year;

Whereas, Runaway and homeless youth flee conflict, abuse, neglect, or increasingly, poverty in their homes. They have become disconnected from educational systems and the workforce, and do not have the skills and financial resources to live on their own. The factors impacting youth homelessness are complex and differ from those impacting other homeless populations;

Whereas, Runaway and homeless youth who live on the street are victims of physical abuse, sexual exploitation, human trafficking, and crime in untold numbers. An estimated 300,000 youth are either victims or at risk of becoming victims of the commercial sexual exploitation of children each year, and sixty percent of these victimized children are homeless;

Whereas, Homeless youth tend to have started using drugs at a younger age, often before

15 years of age. Early drug use and abuse is predictive of serious adult addiction problems and long-term homelessness;

Whereas, Youth who “age out” of the foster care system are at an increased risk of homelessness, and represent an estimated 20 percent of the 20,000 youth who leave foster care and are currently homeless;

Whereas, Youth without a high school diploma are 346 percent more likely to experience homelessness than their peers who complete high school;

Whereas, Providing safe, stable, and permanent housing for runaway and homeless youth is a family, community, state, and national priority, and homeless youth are considered one of the unique populations in the homeless community by the United States Interagency Council on Homelessness;

Whereas, The future well-being of our state depends on the value we place on our youth, and, in particular, on our actions to provide the most vulnerable young people in the state with opportunities to acquire the knowledge, skills, and abilities they need to find and maintain stable housing and develop into healthy and productive adults;

Whereas, When targeted resources are invested, we see a significant increase in the number of communities with youth-specific housing and programs that will help prevent youth from becoming chronically homeless. California has increased the number of youth beds from 3,159 in 2015 to 6,240 in 2023;

Whereas, The California Coalition for Youth has operated the California Youth Crisis Line (1-800-843-5200), 24 hours a day, seven days a week, for over 30 years as the state’s only emergency response system for youth in crisis, and which began offering chat-to-text counseling services in 2016;

Whereas, The California Coalition for Youth, along with other community-based organizations, providers, and advocates, are sponsoring California’s thirteenth annual Runaway and Homeless Youth Prevention Month to increase awareness and action on behalf of youth at risk or currently living on the street;

Whereas, The Governing Board of the Los Angeles Unified School District recognizes the important role education can play in preventing and ending youth homelessness; the District provides assistance to children, youth, and families experiencing homelessness ensuring the their access to the same free, appropriate public education, including public preschools, provided to other children and youth; and

Whereas, Awareness of the tragedy of youth experiencing homelessness and its causes must be heightened to ensure greater support for effective programs aimed at preventing homelessness and helping youth remain off the streets; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District declares November 2024 Homeless Youth Awareness Month; and, be it finally

Resolved, That the Los Angeles Unified School District recognizes the unique challenges of youth experiencing homelessness and commits to increasing awareness of the issues

impacting these students and will continue to support and explore programs, partnerships, and legislation that combat homelessness and remove barriers to success for homeless youth.

BOARD MEMBER RESOLUTIONS FOR INITIAL ANNOUNCEMENT

The following resolution will be for action at the December 10, 2024 Regular Board Meeting:

TAB 35: Ms. Gonez - Readers to Leaders: Advancing Literacy for Every Child in Los Angeles (Res-031-24/25)

Whereas, The Los Angeles Unified School District (District) has included in its 2022-2026 Strategic Plan a focus on Reading and English Language Arts within its first pillar, Academic Excellence, and the Governing Board of the Los Angeles Unified School District set a District goal to move third-grade students, on average, 30 points closer to proficiency in reading/English Language Arts on the Smarter Balanced Summative Assessments, using 2021-22 data as baseline data;

Whereas, The District has embraced evidence-based literacy instruction aligned to the science of reading – a comprehensive body of research across education and neuroscience that tells us how children learn to read;

Whereas, The District is continuously monitoring and analyzing the strategies, supports, and resources that are attributable to student progress by studying how coaching, instructional practices, culturally relevant curriculum, professional development, tutoring, and other activities most effectively support student academic growth;

Whereas, 45.43 % of all LAUSD third graders met or exceeded standards in English Language Arts, according to the 2024 California Assessment of Student Performance and Progress (CAASPP) Smarter Balanced Summative Assessments, and, all student groups made positive progress during the 2023-24 school year as compared with 2022-2023;

Whereas, 37.6% of students from low-income backgrounds met or exceeded standards in English Language Arts, according to the 2024 CAASPP, a gain of more than 5 percentage points from the 2022-23 school year;

Whereas, The District further saw progress for English Learners in English Language Arts, doubling the percentage of students meeting and exceeding standards to nearly 9% and exceeding pre-pandemic levels of achievement, according to the 2024 CAASPP;

Whereas, The District has explicitly committed to evidence-based literacy/structured literacy instruction, for all students;

Whereas, The Board passed the resolution, “Recognizing and Addressing the Educational Implications of Dyslexia in LAUSD Schools,” in 2017, which “ensures the provision of free and appropriate public education by providing an evidence-based, multisensory, direct, explicit, structured, and sequential approach to instructing students with dyslexia, as required by AB 1369, such as those used by Intensive Diagnostic Educational Centers (IDEC);”

Whereas, The District is one of only a handful of districts across the state that has invested time and resources to support and equip teachers, coaches, instructional aide, and other educators with professional development and ongoing support to implement evidence-based literacy instruction and adopt instructional materials aligned to such instruction; and

Whereas, There is more work to be done to ensuring proficiency in Reading/English Language Arts for all students, and the District is committed to continuing its work to ensure all students are proficient readers by end of third grade; now, therefore, be it:

Resolved, That the Los Angeles Unified School District shall provide an annual progress report on English Language Arts (ELA)/literacy student performance and efforts based on beginning-of-year, middle-of-year, and end-of-year data, across all student groups (including English Learners, Latina/os, African-American/Black students, students with disabilities and students in foster care), and include updates on:

- Implementation of evidence-based literacy instruction, including curriculum changes, staffing changes, percentage of teachers and principals receiving professional development on evidence-based literacy instruction, percentage of teachers receiving ongoing coaching and support, and percentage of schools using evidence-based literacy instruction;
- Implementation of the Interventionist Program;
- Tutoring opportunities, participation rates, and effectiveness;
- Implementation of the 2017 resolution on Dyslexia;
- Family engagement on literacy, including efforts to ensure families understand the data on their child’s reading proficiency levels, build parent/caregiver knowledge on how children, including children with disabilities and multilingual learners, learn to read and how to support their children’s literacy at home; and be it finally,

Resolved, That in order to ensure families can be active participants in their students’ learning, the District shall (1) ensure families receive timely updates on their students’

beginning-of-year, middle-of-year, and end-of-year data after each assessment period in an accessible and culturally/linguistically responsive way and (2) develop a family-friendly guide that shares information on how to support their students' language and literacy development at home and includes components of the literacy progress reports noted above in a manner that is accessible and digestible to parents in their home language.

BOARD MEMBER RESOLUTIONS FOR ACTION

The following item (TAB 25) was originally placed on consent but was later removed and placed for discussion.

- TAB 25: Dr. Rivas, Mr. Schmerelson, Ms. Gonez, Ms. Ortiz Franklin, Ms. Griego, Mr. Melvoin, Ms. Newbill - Earth Day 2025 Strengthening Climate Resilience and Sustainability in LAUSD (Res-064-24/25) (Waiver of Board Rule 72)

Whereas, Since 1970, Earth Day has been celebrated annually on April 22nd, mobilizing millions worldwide to advocate for a cleaner, healthier planet;

Whereas, The Governing Board of the Los Angeles Unified School has consistently supported environmental literacy, sustainability, and climate action through past resolutions, including Earth Day recognitions in 1994, 1999, 2000, and 2020 (Res-031-19/20), and values environmental education in empowering students as stewards of the planet;

Whereas, The impacts of climate change, such as extreme heat, poor air quality, and environmental inequities, disproportionately affect Black, brown, and low-income communities, making it more urgent than ever to take bold action to ensure a sustainable future for all students;

Whereas, The recent wildfires in Los Angeles have further underscored the growing threat of climate change, highlighting the urgent need for collective action to protect public health, school communities, and natural ecosystems;

Whereas, The City of Los Angeles is hosting LA Sanitation & Environment (LASAN) Earth Day LA 2025 on Saturday, April 26, 2025, at Norman O. Houston Park, providing an opportunity for students, families, and educators to engage in hands-on environmental

education, sustainability activities, and community clean-up efforts;

Whereas, Advancing climate resilience and sustainability across the Los Angeles Unified School District (District) requires a collective effort from students, educators, policymakers, community partners, and public agencies to secure and maximize state, federal, and private funding for clean energy, green schoolyards, and sustainability initiatives; and

Whereas, The District remains committed to increasing green spaces, expanding clean energy programs, and promoting sustainable practices across schools to ensure that every student has access to a healthy, climate-resilient learning environment; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District recognizes April 22, 2025, as Earth Day and encourages all Los Angeles Unified School District schools to participate in environmental education activities throughout the 2025 Earth Month Campaign;

Resolved further, That the District will promote and encourage student, teacher, and family participation in LASAN's Earth Day LA 2025 event to foster environmental awareness and community engagement; and, be it finally

Resolved, That the District will continue to advocate for and pursue funding to expand sustainability efforts while reaffirming its commitment to environmental education, clean energy, and climate action, recognizing the urgent need for collaboration to protect our students' future and our planet.

The following item (TAB 26) was originally placed on consent but was later removed and placed for discussion.

TAB 26: Dr. Rivas, Ms. Gonez, Ms. Ortiz Franklin, Ms. Griego, Mr. Schmerelson, Mr. Melvoin, Ms. Newbill - Denim Day 2025 Raising Our Voices Against Sexual Violence (Res-065-24/25) (Waiver of Board Rule 72)

Whereas, Denim Day is recognized annually in April as part of Sexual Assault Awareness Month, serving as a powerful statement against sexual violence, victim-blaming, and misconceptions about consent;

Whereas, The origins of Denim Day stem from a 1999 initiative by Peace Over Violence, in response to an Italian Supreme Court ruling that overturned a rape conviction based on the assumption that the victim's tight jeans implied consent, thereby perpetuating harmful myths about sexual violence;

Whereas, Los Angeles Unified School District (District) is committed to ensuring the safety, dignity, and well-being of all students, staff, and families, including efforts to prevent gender-based violence and harassment on school campuses;

Whereas, Recent statistics indicate that over half of women and almost one in three men experience sexual violence in their lifetime and nearly half of female rape survivors experienced their first assault before the age of 18, highlighting the urgent need for education and prevention efforts;

Whereas, Sexual violence disproportionately impacts women, girls, transgender, nonbinary, and gender-expansive individuals, and addressing these injustices is essential to achieving equity and safety for all; and

Whereas, Denim Day provides an opportunity for the District to stand in solidarity with survivors, foster critical conversations about consent and healthy relationships, and reaffirm its commitment to prevention through education and policy initiatives; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District recognizes Wednesday, April 30, 2025, as Denim Day and reaffirms its commitment to ending sexual violence, supporting survivors, and fostering a culture of safety, respect, and advocacy throughout the Los Angeles Unified School District; and encourages all students, teachers, administrators, and staff to wear denim as a visible statement against sexual violence and in support of survivors;

Resolved further, That the Superintendent shall work with appropriate staff to update educational materials to include age-appropriate discussions on consent, healthy relationships, and sexual violence prevention, and encourage schools to observe Denim Day through workshops, activities, and other efforts that empower students with knowledge and resources for survivors; and, be it finally

Resolved, That the Superintendent shall ensure District staff, school leaders, and community-based organizations collaborate to widely share educational materials and resources related to Denim Day and sexual violence prevention.

TAB 27: Ms. Ortiz Franklin, Dr. Rivas, Mr. Melvoin, Mr. Schmerelson, Ms. Griego, Ms. Gonez – Mandated Supporting: Child Abuse Awareness, Safety and Equity (Res-067-24/25) (Waiver of Board Rule 72)

Whereas, The Los Angeles Unified School District (LAUSD) Strategic Plan “Joy and Wellness” pillar represents the District’s commitment to serving the whole child – supporting students’ social, emotional, and physical health and wellness so they are prepared to focus on learning, growing, and building meaningful connections at school;

Whereas, The LAUSD Strategic Plan “Engagement and Collaboration” pillar commits to meaningful family engagement recognizing the importance of our families’ knowledge, traditions, and resources and the District is dedicated to strengthening these connections;

Whereas, The District recognizes the responsibility of all staff to protect students from abuse and neglect by becoming knowledgeable, well-trained and prepared on procedures for filing suspected child abuse reports;

Whereas, In 2022 82.5% of all reports to the LA County Child protection hotline were made by mandated reporters, such as educators, law enforcement, medical staff, and others required by law to report suspected abuse or neglect, and only 16% of allegations were substantiated;

Whereas, In 2022, Black children made up only 7.7% of LA County’s population but accounted for 19% of Child Protection Hotline reports, disproportionality exposing Black families to Child Protective Services at nearly 2.5 times the rate of non-Black families;

Whereas, In 2022 AB2805 redefined "general neglect" for purposes of the Child Abuse and Neglect Reporting Act (CANRA) by excluding a person's economic disadvantage and instead allows mandated reporters to offer support to families instead of reporting them;

Whereas, In 2023 the LA County Board of Supervisors passed the motion, “Evolving from Mandated Reporter to Mandated Supporter, shifting from “mandated reporting” to “mandating supporting” through supporting professionals in deciding whether families need Department of Children and Family Services intervention or community-based services. This includes improving decision-making tools, data analysis, expanding community services, and creating standardized training; and

Whereas, April is National Child Abuse Prevention Month, recognized by Congress in 1982 to raise awareness, promote support for families and advocate for prevention; now, therefore it be it

Resolved, That the Governing Board of the Los Angeles Unified School District (Board) commits to a holistic vision beyond compliance towards compassion, promoting the safety of children and the support of families where there may be suspicion of neglect or abuse, aiming to keep all children safe, reduce disparities for Black children and children living in poverty, and supporting all parents and caregivers with dignity and respect;

Resolved further, That the Board recognizes April as National Child Abuse Prevention Month in 2025 and every year thereafter; and be it finally;

Resolved, That the Los Angeles Unified School District will review and revise its Child Abuse policies and trainings to align to the Board, County and State’s requirements of a Mandated Supporting Protocol that is trauma-informed, equity-focused, and resource-connected.

BOARD RESOLUTION FOR ACTION

Mr. Schmerelson moved the following resolution:

TAB 23: Mr. Melvoin, Ms. Ortiz Franklin, Mr. Schmerelson, Dr. Rivas - Creating a More User-Friendly LAUSD by Digitizing District Processes (Res-056-24/25) (Noticed March 11, 2025)

Whereas, The Los Angeles Unified School District (District) is committed to being the district of choice for families;

Whereas, In 2017, the Governing Board of the Los Angeles Unified School District ~~Board of Education~~ (Board) unanimously passed Res-016-17/18, “TECH App: Transforming Engagement via Communication Hubs: Creating a New LAUSD App” which directed the District to create and maintain a District-wide smartphone app so that families could easily access, navigate, and provide meaningful input regarding information that is important to them in supporting their children’s academic success;

Whereas, The District uses the learning management system, Schoology, where students can monitor their grades and upload their assignments in a digital environment; and where parents can access their student's grades, Individual Education Plans, and school announcements, complete magnet applications, and access other pertinent information about their students and schools through the parent portal, a digital platform;

Whereas, The District has started modernizing its systems. A recent Transportation modernization request for proposal sought "equipment and services to deliver modern systems to support operations of school buses and trucks of varying sizes." And the District's YumYummi application now allows parents and families to view daily, weekly, and monthly school meal offerings online. Departments across the District—including schools and offices—should utilize modern systems to support their operations;

Whereas, While the District has begun modernizing its processes, many District systems remain outdated and duplicative, often relying on hard copies, manual data entry, and antiquated processes. For example, families complete the same emergency contact information year after year, with no option to digitally submit pre-populated information from the previous year. These systems create frustrations for busy employees, parents, and community members;

Whereas, Access to efficient and transparent online systems is especially important in 2025. We live in an increasingly digital world where you can order food online and pay with a mobile application, apply for a passport, and renew a driver's license or identification card. While the District has worked towards eliminating the digital divide, families do not have the option to make credit card payments online, utilize online booking systems, or complete annual enrollment forms online;

Whereas, Digitizing not only has positive environmental impacts due to the limited need for paper copies, but it also frees up schedules for other essential job functions and student support;

Whereas, Pillar 4D of the Strategic Plan focuses on operational effectiveness and includes updating processes and policies to strengthen student enrollment and academic success;

Whereas, The District has yet to digitize many internal systems and processes which causes delays and leads to frustration for families, community members, and staff. These outdated systems and processes include, but are not limited to:

- School enrollment;
- Emergency cards;
- Permission forms (i.e., field trip slips);
- Recording excused absences;
- Special Education reimbursement;
- Early Education Center payments;
- Leasing and civic center permits and payment;
- Transportation attendance and routes;
- Timesheet and mileage forms;
- Absence for illness and non-illness, family illness, and new child leave forms;
- TB Compliance forms;

- Cumulative records;
- Expanded learning sign-in and out forms

Whereas, The recent wildfires damaged thousands of hard copy cumulative records, emergency forms, and other critical documents that weren't yet digitized; and

Whereas, The time it takes to process paper copies and physical receipts has put the District at risk for being out of compliance with mandated timelines; now, therefore be it

Resolved, That the Los Angeles Unified District (District) shall:

- Conduct an audit of all its current systems and processes—both internal and external—to determine which can be digitized and modernized for ease of use and provide a report on the findings to the Governing Board of the Los Angeles Unified School District ~~Board of Education~~ (Board) within 60 days;
- Develop a plan to digitize and modernize the processes listed above—and others identified in the audit—and eliminate paper applications as the primary method for submission of documents and information for anything that is not expressly required by law by June 30, 2025. While parents and guardians and staff shall still have an option to complete forms via hard copies, digital systems and processes shall be prioritized;
- Conduct stakeholder and community feedback sessions by October 2025 with parents and guardians, District staff, and vendors and partners to gather input on modernization efforts;
- Fully implement the plan with all systems and processes digitized before school year 2026-27, with quarterly updates to the Board until that process is complete.

Ms. Newbill seconded the motion.

Mr. Melvoin provided introductory remarks and noted that an updated version of the resolution (Version 3), reflecting the following changes to the Resolve, had been prepared:

Resolved, That the Los Angeles Unified District (District) shall:

- Conduct an ~~audit~~ review of all its current systems and processes—both internal and external—to determine which can be digitized and modernized for ease of use and provide a report on the findings to the Governing Board of the Los Angeles Unified School District ~~Board of Education~~ (Board) within ~~60~~ 120 days;
- Continue current efforts to fully digitize school enrollment forms, field trip permission slips, special education reimbursements, and leasing and civic center permits and payments by the end of 2025;
- Develop a plan outlining the feasibility, considerations, cost, timeline, and requirements for digitizing and modernizing the remaining processes listed above—and others identified in the ~~audit-review- by District departments~~—and eliminate ing paper applications as the primary method for submission of documents and information for anything that is not expressly required by law by December ~~June 30~~, 2025. While parents and guardians shall still have an option to complete forms via hard copies, digital systems and processes shall be prioritized by leveraging a Districtwide communications campaign;

- Fully implement the plan with all systems and processes digitized ~~before~~ **by** school year 2026-27, with quarterly updates to the Board until that process is complete.

Mr. McLean confirmed that Version 3 of the resolution had been distributed to the Board Members and is available for public viewing.

Board Members shared comments.

In response, Mr. Melvoin and Pedro Salcido, Deputy Superintendent, Business Services and Operations, explained that the resolution was noticed in March, and the Informative was issued afterward to address emerging questions and to provide an update on the progress made to date.
