Career Technical Education Incentive Grant (CTEIG) 2024-25

Career Technical Education-Linked Learning/Division of Instruction

Brief Description:

(Career Technical Education Incentive Grant (CTEIG) 2024-25) Recommends ratification of the \$13,269,537 Career Technical Education Incentive Grant (CTEIG) Round 10 award for the period of July 1, 2025, to December 31, 2026.

Action Proposed:

Ratification for the 2024-25 Career Technical Education Incentive Grant (CTEIG) total award of \$13,269,537 (July 1, 2025, through December 31, 2026).

Background:

This annual California Department of Education (CDE) formula-based grant provides LAUSD with funding to strengthen and enhance the District's Career Technical Education (CTE) program. Per CDE, students in CTE pathways have higher attendance rates, lower dropout rates, and increased post-secondary enrollment rates. Our grant award supports students in over 450 career pathways at 167 schools, while preparing them for post-secondary and career opportunities, with special emphasis on careers (Pillar 1: Academic Excellence, Priority D: College and Career Readiness). All schools with a CTE pathway are included in the grant, as outlined in Attachment A. The grant funds are expected to support:

- CTE staff salaries
- Supplementary salaries for professional development/special CTE projects
- Instructional material/consumables/non-capital equipment and software
- Professional services (e.g., curriculum development, certification services, annual CTE career guide)
- Capital equipment
- Indirect costs related to the administration of the grant funds

Expected Outcomes:

The Board ratifies the grant award. The funding is expected to help:

- Increase the number of students who will:
 - (a) Acquire technical and career-ready skills through growing CTE pathways
 - (b) Earn industry-recognized certifications to gain employable skills
 - (c) Complete CTE pathways and transition to post-secondary institutions to advance their skills for careers of their choice
- Create an experience of a continuum of work-based learning opportunities for participating students
- Increase the number of career pathways with industry-standard equipment, materials, and work-based learning integrated into the curriculum
- Increase industry sector pathways with high-wage and high-demand occupations as identified by current

File #: Rep-016-25/26, **Version:** 1
In Control: Division of Instruction

Agenda Date: 9/16/2025

local labor market research

- Develop a deeper understanding of the purpose and benefits of CTE programs among all students and stakeholders
- Increase the number of dual enrollment and articulation agreements through partnerships with the Los Angeles Community College District postsecondary schools
- Increase the number of District teachers with industry-relevant training and externships
- Increase recruitment and retention of CTE teachers

Board Options and Consequences:

The Board has the option of voting “Yes” to ratify the award of these grant funds or voting “No” to decline these funds.

A “No” vote would decrease students’ access to funds for industry-specific, professional-grade materials, equipment, work-based learning, and certifications.

A “Yes” vote would provide students with access to additional CTEIG-funded materials, equipment, work-based learning, and certifications within their CTE pathways, beginning in the 2025-26 school year.

Policy Implications:

None.

Budget Impact:

The CTEIG grant will have no additional budget impact on LAUSD. It operates on a 2:1 matching basis, meaning for every \$1 of grant funding received, LAUSD has already incurred \$2 in qualifying CTE-related expenditures. Match expenditures (2 to 1) have already been incurred in fiscal year 2025, and the amount was verified before the grant was awarded.

Student Impact:

- Career exploration and guidance opportunities for students
- Pathway alignment with community colleges
- Better instruction via elevated teaching through CTEIG-funded training, externships, and professional development
- Increased attainment of industry-specific certifications and training

Equity Impact:

Component	Score	Score Rational
Recognition	3	This CTEIG grant recognizes historical inequities as the California Department of Education (CDE) deliberates in promoting equity and access to Career Technical Education (CTE) programs. CTE programs are evaluated based, in part, on the measurement of how an applicant provides opportunities for the participation of “pupils who are individuals with exceptional needs.”

Component	Score	Score Rational
Resource Prioritization	3	Resource prioritization of this grant is based on student need, as LAUSD prioritizes schools and pathways that have received less funding from other grant sources (e.g., Perkins, Strong Workforce Program, previous CTEIG grants). Grant funds also aid in supporting teacher professional development and conferences aimed at building educator capacity to address achievement gaps among special populations. The grant funds are also utilized to purchase industry-standard equipment and integrate work-based learning curriculum for CTE pathways to ensure all students are prepared for college and careers.
Results	3	CTE classes and pathways provide opportunities for students to explore careers and develop career-ready skills that lead to living wage employment, which is needed in areas with opportunity and achievement gaps.
Total	9	

Issues and Analysis:

To be eligible for funding, LAUSD's high schools with CTE programs must meet a number of requirements as outlined in the CTEIG Request for Applications. These include a \$2 for every \$1 match requirement and a commitment to provide high-quality CTE programs with a focus on preparing students for college and careers. The application process requires schools to describe how they will improve their CTE programs and demonstrate how their budget aligns with those plans.

The grant funding is subject to several limitations and non-allowable expenditures. The funds must be fully expended by December 31, 2026. Non-allowable costs include, but are not limited to:

- **Supplanting:** Using grant funds for existing services that would be paid for by other sources.
- **General Purpose Costs:** Expenditures for items that are not directly and exclusively for the CTE program, such as general classroom furniture (desks, chairs), general-purpose data systems, and routine school utilities or facility repair.
- **Personnel & Fees:** Certain personnel costs, such as bonuses, and fees for teacher credentialing or fingerprinting, are not allowable.
- **Personal Use:** Grant funds cannot be used to acquire or use CTE equipment for personal or administrative purposes.
- **Matching Funds Pressure:** LAUSD must identify and sustain matching funds for each grant dollar. Given the District's CTE footprint, this may create fiscal pressure, particularly as CTEIG requires a 2:1 match ratio. Matching may come from general fund or Perkins but this reduces flexibility in other programmatic areas.

Grant recipients must also submit annual expenditure reports and CTE completer data, and any capital outlay requests for single items over \$5,000 require pre-approval from the California Department of Education. To ensure the sustainability of the programs, the schools must maintain the CTEIG pathway investments made at their campus for the duration of the grant allocation received.

CATAGORY OF USE		BUDGET	NOTES
1	CTE Staff Salaries 2025-26	\$5,734,260.00	The following positions are responsible for the implementation and compliance of the grant: • CTE Supervisor (Dual Credit Supervisor) 1 • CTEIG Coordinators (Work-Based Learning Coordinators) 16 • CTEIG Coordinators (Dual Credit Coordinators) 4 • Grant Manager 1 • Grant Support Staff (Data & Finance) 4 Admin. Analysisists, 1 Assistant Admin. Analyst, 1 Admin Staff Aide, 2 Senior Office Techs, and 1 Public Information Officer
2	Supplementary Salaries for Professional Development (PD), CTE Special Projects	\$1,209,785.95	• PD for Teachers (instructional improvement, new teacher support, coaching, develop rubrics to evaluate quality of CTE curriculum, curriculum development, and innovative technology). • PD for Administrators and Counselors (tracking CTE students career experiences, course sequencing, guidance on post-secondary options through District wide sessions). • Teacher payroll for industry externships, pathway, partnership, and advisory meetings, Career and Technical Student Organizations (CTSO) participation, Saturday programs. • CTE Advisors, teachers, and administrators: extra time for course development and revisions, work readiness training, badging, creating repository of exemplary work, reviewing curriculum and instructional strategies, and increasing CTE completers.
3	Instructional Material/ Consumables / Non Capital Equipment and Software	\$2,000,000.00	• Expanding new pathways & improving current pathways to achieve industry standards through innovative technology and facility repairs. • CTE instructional materials, books and equipment including continuing VEI, NFTE, PLTW, Nepris, Xello and C-CAP curriculum. • CTE-related non-capital equipment, industry-aligned software and certifications across all pathways including priority and emerging sectors. • Refreshments for student field trips, working advisory committees, partnerships, and parent engagement meetings. • Informational materials for schools, parents, and stakeholders to increase CTE awareness and recruitment including LAUSD reprographics services. • Instructional Material and Non-Capital Equipment for CTE Programs.
4	Professional Services	\$2,100,000.00	• Curriculum development and certification services. • Work-based learning platform, planning tools, and software subscription for career exploration opportunities and data tracking. • Transportation for field trips and workshops, site visits, and to pathway-aligned industries and colleges. • Sector specific CTE conferences for teachers and staff including recognized CTSO workshops and competitions for students. • Professional services contracts: CTE content speakers, training for new curriculum, software, and technology including installation of industry-specific non-capital equipment. • Annual development of LAUSD Career Guides, CTE informational videos, and industry-specific advisory committees to expand outreach.
5	Capital Equipment	\$1,300,000.00	• Innovative technology and equipment such as drones and AI. • Facility repairs for use of CTE specific course equipment. • Industry-aligned CTE capital equipment. • Additional Food Trucks to expand career exploration.
6	Indirect Cost	\$925,491.05	• Indirect Costs are the percentage of grant funds District takes from the grant for administrative needs. • These funds do not go to our CTE programs or our department. • CTEIG grant Indirect Costs is not to exceed CDE-approved rate each year. • Indirect Costs are not assessed on expenditures for capital outlay. • Our Indirect Cost rate will not exceed the maximum approved indirect rate for our LEA for FY 25-26 (8.38%)
Total Projections		\$13,269,537.00
