Approval of the Renewal Petition for Renaissance Arts Academy [PUBLIC HEARING] Charter Schools Division

Brief Description:

(Approval of the Renewal Petition for Renaissance Arts Academy) Recommends approval of the renewal petition for Renaissance Arts Academy, located in Board District 5 and Region West, for six (6) years, beginning July 1, 2026, until June 30, 2032, to serve up to 600 students in grades TK-12 in each year of the charter term.

Action Proposed:

Approve the renewal petition for Renaissance Arts Academy (“Charter School”), located in Board District 5 and Region West, for six (6) years, beginning July 1, 2026 until June 30, 2032, to serve to up 600 students in grades TK-12 in each year of the charter term. The school is requesting to reduce enrollment capacity from 650 to 600 students to prioritize program stability over maximizing enrollment to best serve the educational needs of students. The recommendation for approval is based on the information set forth in the attached Staff Assessment and Recommendation Report.

Background:

Renaissance Arts Academy is a TK-12 span school currently serving 473 students on a private facility at 2558 N. San Fernando Rd., Los Angeles, CA, 90065 in Board District 5 and Region West. Renaissance Arts Academy was originally approved by the LAUSD Board of Education on May 13, 2003. On November 17, 2017, the charter school was renewed for a five-year term to serve 650 students in grades TK-12. Pursuant to Education Code section 47607.4, all charter schools whose term expires on or between January 1, 2022, and June 30, 2025, inclusive, shall have their term extended by two years, and all charter schools whose term expires on or between January 1, 2024, and June 30, 2027, inclusive, shall have their term extended by one additional year. Thus, by operation of law, the charter term for Renaissance Arts Academy expires June 30, 2026.

On July 18, 2025, Renaissance Arts Academy submitted its charter renewal petition application to the Charter Schools Division seeking to continue operations of its independent charter school. The 90-day statutory timeline for Board action on this petition runs through October 16, 2025.

An initial Public Hearing was held on September 16, 2025.

Based on a comprehensive review and assessment of Charter School’s renewal petition application and its record of performance, staff has determined that Charter School has met the requirements for renewal and therefore recommends approval of the renewal petition.

Due Diligence:

Current Renaissance Arts Academy governing board members completed questionnaires so the District may

assess whether any conflicts of interest arise based on the information provided. A confidential due diligence review of the charter school and its governing organization, school leader and financial manager, was performed by the Office of the Inspector General, and to the extent any material concerns were identified by the Office of the Inspector General, such information was forwarded to District staff for further assessment.

Statutory Framework and Criteria for Renewal:

A charter school must demonstrate that it is eligible for a renewal of its charter by meeting specific renewal criteria outlined in the Charter Schools Act. The renewal criteria prescribed in Education Code sections 47607 and 47607.2 requires a three-pronged analysis:

Criterion 1: The Charter Schools Act provides that renewals are governed by the standards and criteria described in Education Code section 47605 applicable to initial petitions. The first criterion considered in reviewing a renewal petition requires an analysis of the following:

- Whether the petition includes a sound educational program;
- Whether the petition contains a reasonably comprehensive description of the 15 elements required for petitions;
- Whether the petition contains an affirmation of each of the conditions described in Education Code section 47605(e); and
- Whether the charter school is demonstrably unlikely to successfully implement the program set forth in the petition. Education Code section 47607(b) provides that renewals are governed by the standards and criteria described in section 47605 applicable to initial petitions. (The Board may not consider the community impact analysis or District fiscal analysis in determining whether to grant or deny a renewal petition).

Criterion 2: The Board is required to consider the charter school's performance on the California School Dashboard accountability indicators. Education Code sections 47607 and 47607.2 prescribe three-tiers of performance classification in which a charter school falls within one of the following categories - "high," "middle," or "low." The three-tier classification considers a charter school's performance on the California School Dashboard accountability indicators, with an emphasis on the measurements of academic performance.

Criterion 3: Notwithstanding Criterion 1 and 2, the Board must also consider whether the charter school's enrollment or dismissal practices are discriminatory as grounds for nonrenewal. (Ed. Code, § 47607(e).) Additionally, the Board considers whether the charter school has substantial fiscal or governance factors as grounds for nonrenewal. (Ed. Code, § 47607(e).)

Expected Outcomes:

Charter School is expected to operate its school in a manner consistent with Board action, policies and requirements, local, state, and federal law including ordinances, statutes, and regulations as well as with the terms and conditions set forth in Charter School's petition. The measurable pupil outcomes and method by which pupil progress toward outcomes will be measured are set forth in the charter petition.

Board Options and Consequences:

"Yes" - If the Board adopts the recommendation of approval of the renewal charter petition, Charter School would be authorized to continue operations as a charter school for the charter term beginning July 1, 2026.

"No" - If the Board does not adopt the recommendation of approval, and instead takes specific action to deny

the renewal charter petition, Charter School would not be authorized to continue operations as a charter school. The petitioners may appeal a denial to Los Angeles County Board of Education. If the petition is approved on appeal by the Los Angeles County Board of Education, Charter School would be authorized by the Los Angeles County Board of Education. If the Los Angeles County Board of Education denies the renewal petition, the petitioners may appeal that denial to the California State Board of Education. If the denial of the renewal petition is reversed by the California State Board of Education, the California State Board of Education shall designate, in consultation with the petitioners, either the LAUSD Board or the Los Angeles County Board of Education as the chartering authority. This Board Report No. 092-25/26, accompanying documents, and transcript of the Board meeting, shall constitute the Board of Education's adopted written findings of fact for the denial of Charter School renewal petition.

Policy Implications:

All provisions in the FSDRL shall be consistent with and be governed by all applicable legal and District policy requirements. To the extent any inconsistency may exist between any provision contained in the FSDRL and any applicable legal and District policy requirement, those applicable legal and District policy requirements shall control and the FSDRL shall be updated accordingly.

Budget Impact:

State income and various other income sources to the District are reduced when current District students enroll at a charter school, and comparable or offsetting expenditure reduction may not occur in such cases. Under Education Code section 47604(d), a chartering authority that grants a charter to a charter school to be operated as or by a nonprofit public benefit corporation is not liable for the debts or obligations of the charter school or for claims arising from the performance of acts, errors, or omissions by the charter school, if the chartering authority has complied with all oversight responsibilities required by law including, but not limited to, those required by Education Code section 47604.32 and Education Code section 47605(m). As the chartering authority, the District will continue to monitor and evaluate the charter school's fiscal condition and operations, and management of public funds, including review of all legally required fiscal reports, and the annual update of the charter school's LCAP. (Ed. Code, §§ 47604.32, 47604.33, 47606.5.) Any significant modifications to the charter school's charter or operations that raise financial implications would require a material revision prior to implementation. Charter schools are expected to secure and maintain all insurance coverage consistent with all applicable legal, District and charter requirements.

Charter School has selected to join the LAUSD Special Education Local Planning Area (SELPA) Option 3. Charter School's fair share contribution to special education will be 10% of the charter school's AB 602 (rate includes Base, Cost-of-Living Adjustment (COLA), and Growth/Decline reduced by the amount withheld for Program Specialist/Regionalized Services) and Federal IDEA revenues. This amount will be paid from Charter School's Local Control Funding Formula ("LCFF") funds or other unrestricted revenue sources and will be allocated to support the existing District-wide administration of special education supports and services. The amount withheld by the District from the Program Specialist/Regionalized Services in fiscal year will continue to be withheld and adjusted annually for COLA. An additional 10% of special education revenues will be retained by the District and allocated as directed by the Advisory Board and members of the LAUSD SELPA Option 3, with the leadership of the Director, Charter Operated Programs. These funds will be used to support the personnel for the members of the LAUSD SELPA Option 3; build management and operating procedures to create an infrastructure to support schools in meeting the needs of students with mild to severe disabilities; and, to create and implement new programs that serve students in charter schools. If Charter School does not spend

their allocation of special education funds during a fiscal year of the charter petition period, the allocation of special education funds to Charter School for the next fiscal year will be reduced in an amount equal to the unspent special education funds of the previous fiscal year.

In addition to the payments required under this option, Charter School may request specific special education related services from the District through fee-for-service arrangements that will reflect the calculated cost of the requested services and will be contingent on the District's available resources.

Any change in the Option election that occurs during Charter School's charter term shall be mutually agreed upon and addressed in a Memorandum of Understanding (MOU) between the charter school and the District. The new Option election shall be effective on July 1 of the next school year with the corresponding fair share contribution.

Student Impact:

As stated in the LAUSD Policy and Procedures for Charter Schools, "[W]hen the LAUSD Board authorizes and oversees a charter school, it establishes a relationship to advance its vision and mission and to accelerate gains in academic achievement and accountability for all of its students and public schools," (Policy, p.3). Based on a comprehensive review and assessment of Charter School's renewal petition application, staff has determined that Charter School has met the requirements for charter school approval.

Issues and Analysis:

If all applicable pending issues, including but not limited to special education requirements, special education local planning area (SELPA) requirements, governance, fiscal and facilities matters, are not resolved at the time of the Board meeting, the item may be pulled from the agenda to the extent consistent with the Charter Schools Act and the LAUSD Policy and Procedures for Charter Schools.

STAFF ASSESSMENT**I. ACTION PROPOSED**

Staff recommends approval of the renewal petition for Renaissance Arts Academy (“RenArts” or “Charter School”), located in Board District 5 and Region West, for a term of six (6) years, beginning July 1, 2026, until June 30, 2032, to serve up to 600 students in grades TK-12 in each year of the charter term. The school is requesting to reduce enrollment capacity from 650 to 600 students to best serve the educational needs of students.

Pursuant to applicable law, charter schools classified as High performing may be renewed for a term of five (5), six (6), or seven (7) years. To help determine the recommended term length in these cases, staff considers various factors related to the charter school’s operations and performance during the term of the charter, as noted in the *LAUSD Policy and Procedures for Charter Schools*. Specific factors related to the charter school’s performance and operations during the term of the charter include, but are not limited to, the following:

- Ratings on the Annual Performance-Based Oversight Visit Report in the areas of Governance; Student Achievement and Educational Performance; Organizational Management, Programs and Operations; and Fiscal Operations for the previous two years, and no significant unresolved issues, including, but not limited to, Notices to Cure;
- Additional academic considerations (i.e., all current benchmarks have been met, if any);
- Equity and access for families and pupils;
- School culture and climate; and
- Consideration of qualifying as High Performing under Criterion 1 or Criterion 2

As staff considered Renaissance Arts Academy's renewal petition and record, staff recommends a term length of six years.

II. RENEWAL REQUIREMENTS

Upon submission, District staff comprehensively reviews each renewal petition application to determine whether the school has met the requirements for renewal set forth in Education Code sections 47605, 47607, 47607.2, and 47611.5.

Criteria for Charter School Renewal and Grounds for Nonrenewal

As part of staff's holistic review of the renewal petition application, the charter school must be determined to be eligible for renewal of its charter under the specific renewal criteria outlined in the Charter Schools Act. The renewal criteria prescribed in Education Code sections 47607 and 47607.2 requires a three-pronged analysis:

- **Criterion 1:** Does the renewal petition include a sound educational program, a reasonably comprehensive description of the 15 elements required for petitions, an affirmation of each of the conditions described in Education Code section 47605(e), and are petitioners demonstrably unlikely to successfully implement the program set forth in the petition? (Ed. Code, § 47607(b).)

These criteria have been determined not to be bases for denial.

- **Criterion 2:** Is the charter school "high," "middle," or "low" performing? (see Ed. Code, §§ 47607(c), 47607.2(a), and 47607.2(b).) Has the charter school attained measurable increases in academic achievement schoolwide and for numerically significant student groups served by the charter school, and does the charter school have strong postsecondary outcomes, if applicable?

These criteria have been determined not to be bases for denial.

- **Criterion 3:** Is the charter school serving all pupils who wish to attend, or does the charter school have substantial fiscal or governance issues? (Ed. Code, § 47607(e).)

These criteria have been determined not to be bases for denial.

Charter Petition Requirement:

In accordance with Education Code section 47611.5, a charter school charter shall contain a declaration regarding whether or not the charter school shall be deemed the exclusive public school employer of the employees at the charter school for the purposes of Section 3540.1 of the Government Code, and that declaration shall not be materially inconsistent with the charter.

- Does the petition contain a declaration of whether or not the charter school shall be deemed the exclusive public employer of the employees of the charter school?

This requirement has been determined not to be a basis for denial.

Status Levels are reported based on the 2021-2022 school year data using one of five Status Levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status Levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Below, the 2023 and 2024 Dashboard Performance Levels (colors) based on two years' data are provided.

V. ANNUAL PERFORMANCE-BASED OVERSIGHT RESULTS

In accordance with Education Code section 47604.32, the District's Charter Schools Division (CSD) conducts at least one school site visit each year where the CSD evaluates charter school performance in the following four categories: Governance; Student Achievement and Educational Performance; Organizational Management, Programs, and Operations; and Fiscal Operations. Charter schools are rated in each category based on information and evidence gathered at the time of the annual performance-based oversight visit following a four-point rubric: (4) *Accomplished*, (3) *Proficient*, (2) *Developing*, and (1) *Unsatisfactory*. Please see below for Renaissance Arts Academy outcomes on its annual oversight evaluation reports for the last two years.

CA School Dashboard: Academic Performance - English Language Arts

This report shows the performance levels for the English Language Arts Academic Performance Indicator for all student groups in grades 3-8 and 11. It also shows the participation rate, number of students tested, DFS (status), and performance level (color) for three consecutive years of the CA Dashboard. Performance Levels (colors) have five possible values (Red, Orange, Yellow, Green, Blue). A single asterisk (*) shows that the student group has fewer than 11 students and is not reported for privacy reasons. A cell with "—" means that data is not currently available. For student groups with less than 30 students and scores in the current and prior year, status is reported, but performance level (color) is not reported. Note: Charter Schools are treated as schools (not LEAs) when it comes to reporting Foster Youth and Homeless student groups. Charter schools will need at least 30 or more Foster Youth, or 30 or more Homeless youth, to receive a status level for each student group. The Every Student Succeeds Act requires districts and schools to test at least 95 percent of all students and student groups in English Language Arts and Mathematics. It also requires states to factor the participation rate into the Academic Indicator. For any local educational agency (LEA), school, or student group with less than 95 percent of students tested, the ESSA requires a penalty to be applied to the Academic Indicator. To meet this federal requirement, California assigns the Lowest Obtainable Scale Score (LOSS) to each student needed to bring the participation rate of the school, district, and/or student group to 95 percent. The LOSS assigned to each of these students who did not test will be used in calculating the Distance from Standard (DFS). When comparing school to state, only numerically significant student groups of 30 or more will be compared for accountability purposes.

CA School Dashboard: English Learner Progress Indicator (ELPI)

This report shows the percentage of current English learner (EL) students making progress towards English language proficiency at their school for all student groups in grades 1-12. The English Learner Progress Indicator (ELPI) relies on the results of the Summative English Language Proficiency Assessment (ELPAC), including Summative Alternate ELPAC results, to determine EL student progress. For the EL students taking the Summative ELPAC, those who increase an ELPI level or maintain ELPAC Level 4 are counted as making progress towards English language proficiency. ELPI Change measures the rate at which schools are improving their ability to move their EL students towards English language proficiency. It is the difference between the prior year Status and the current year Status. A single asterisk (*) shows that the student group has fewer than 11 students and is not reported for privacy reasons. A cell with "--" means that data is not currently available. For student groups with less than 30 students and scores in the current and prior year, status is reported, but performance level (color) is not reported.

Data collected by the California Department of Education (CDE) through the California Longitudinal Pupil Achievement Data System (CALPADS), California School Dashboard, and testing vendor. Aggregate data files are provided by the CDE – Data Reporting Office at <http://www.cde.ca.gov/ds/sd/filesenr.asp> and California School Dashboard System of Support <https://www.cde.ca.gov/ta/ac/cm/>. Districts and schools that do not meet the 95 percent participation rate on the Summative ELPAC and Summative Alternative ELPAC and have at least 30 EL students enrolled during the testing window (February 1 to May 31) will receive a modified ELPI rate on the California School Dashboard (Dashboard). For each district and school that does not meet the 95 percent target, the minimum number of students needed to reach a participation rate of at least 95 percent is determined. The resulting number of students will be counted as not making progress in the current ELPI Status calculation.

CA School Dashboard: Academic Performance - College / Career

This report shows the percentage of current graduates who meet specific College/Career Indicator (CCI) "prepared" criteria for all student groups in grades 9-12. For the 2023 Dashboard, the CCI will report the most current year data or "status only". Therefore the CCI will have performance displayed using one of five Status levels that range between Very Low (lowest performance), Low, Medium, High, and Very High (highest performance). A single asterisk (*) shows that the student group has fewer than 11 students and is not reported for privacy reasons. A cell with "--" means that data is not currently available. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. When comparing school to state, only numerically significant student groups of 30 or more will be compared for accountability purposes.

CA School Dashboard: Graduation Rate Indicator

This report shows the combined four- and five-year graduation rate for comprehensive (or traditional) high schools and Dashboard Alternative School Status (DASS) schools for all student groups in grades 9-12. This rate is based on the number of high school students who graduate with a regular high school diploma in either four or five years. The 2024 Graduation Rate Indicator includes students from the most recent graduation cohort (Class of 2024) as well as students from the prior cohort (Class of 2023) who graduated in their fifth year of high school in 2022-24. A single asterisk (*) shows that the student group has fewer than 11 students and is not reported for privacy reasons. A cell with "--" means that data is not currently available. For student groups with less than 30 students with scores in the current and prior year, status is reported, but no performance level (color) will be reported. Enrollment Report

This report displays CALPADS K-12 enrollment number and percentages of select student groups. Annual enrollment consists of the number of students primarily enrolled on Census Day (the first Wednesday in October). This information was submitted by local educational agencies (LEAs) and charter schools to the California Department of Education (CDE) as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS). These data were reviewed and certified in CALPADS as being accurate by authorized district or school personnel. In order to certify data in CALPADS, authorized district or charter school personnel are required to review the accuracy of all data associated with the applicable CALPADS submission. The CDE collects some data on GATE programs through the CALPADS; however, this information is submitted by LEAs on a voluntary basis and it wouldn't necessarily be accurate as per CDE.

Note: The “EL Total” column in this report displays the summed total of the disaggregated English Learner (EL) data in the four columns under the “English Learners” heading. The “Total (Ever-EL)” column displays the summed total of the data in the “RFEP” column plus the data in the four columns under the “English Learners” heading OR the data in the “EL Total” column, but not both. The percent values displayed in this report are calculated as a percent of the “Total (Ever-EL)” which fully and more accurately considers what happens to all EL students over time, including those who are Reclassified Fluent English Proficient (RFEP). Students with Disabilities Report

This report displays the K-12 enrollment and the number of K-12 students with disabilities total, by incidence category, and by eligibility as reported on the Census Day (First Wednesday in October) CALPADS Fall 1 Certified Student Profile List Report (Report 8.1) submitted by Local Education Agencies (LEAs). LEAs are required to "certify" specified data during submission windows. The CDE uses certified data for state and federal reporting and to develop accountability metrics. Once data are certified by an LEA following the close of the Amendment Window, they are "frozen" and cannot be amended. High Incidence is defined as students in the Other Health Impairment, Specific Learning Disability, and Speech or Language Impairment categories. Low Incidence Students are defined as those in the Autism, Deafness, Emotional Disturbance, Hard of Hearing, Intellectual Disability, Multiple Disabilities, Orthopedic Impairment, Traumatic Brain Injury, and Visual Impairment categories.

DESEGREGATION IMPACT STATEMENT (DIS)

RENAISSANCE ARTS ACADEMY

BOARD OF EDUCATION REPORT 092- 25/26

October 14, 2025

I. Category of Proposed Action:

The proposed action would renew the charter for six (6) years, beginning July 1, 2026 until June 30, 2032 to serve up to 600 students in grades TK-12 in each year of the charter term.

II. Summary Description of Current District Practice:

Charter schools are schools of choice by legislation and are open to any student in the State of California. Charter schools are granted renewal for single charter status for a minimum period of two years to a maximum of seven (7) years, depending on the state's classification of High, Middle or Low for a charter school's performance pursuant to applicable law. Low performing charter schools may be renewed for a period of two years, Middle performing charter schools for five years, and High performing charter schools may receive a term of five, six or seven years. It should be noted, however, that although State legislation allows students to attend a charter school from any area in the state, the Los Angeles Unified School District (LAUSD) is under Court Order, Crawford v. LAUSD, which applies to all schools within or chartered through the LAUSD. Any modifications to the Court-Ordered Integration Program must first be approved by Student Integration Services.

III. Proposed Change:

The approval of this charter petition would renew the charter of Renaissance Arts Academy for six (6) years beginning July 1, 2026 until June 30, 2032.

IV. Effects of This Proposal:

The Los Angeles Unified School District (LAUSD) does not guarantee availability of Court-ordered Integration funding. The charter school will be responsible for maintaining the Court Order and providing information requested by the LAUSD as set forth in the Charter petition. Modifications or school decisions cannot negatively impact or cause additional costs to the Court-ordered Integration budget.

V. Analyze the Impact of This Proposal on Integration, Desegregation, Re-segregation and/or Segregation:

If the Charter goals are met, there should be positive results on the five (5) Harms of Racial Isolation which are low academic achievement, low self-esteem, lack of access to post-secondary opportunities, interracial hostility and intolerance, and overcrowded conditions. The Court-ordered Integration Program for participating students will operate under various Court Orders for schools within the Los Angeles Unified School District. Any modification of the Court-ordered Integration Program must first be approved by Student Integration Services.

VI. If proposed action affects negatively any desegregation program, list other option(s) identified:

If the District Court-ordered Integration Guidelines are followed, there will not be a negative effect on the District's Court-ordered Integration Program.
