Approval of the Renewal Petition for Chatsworth Charter High (Affiliated Charter School) [PUBLIC HEARING]

Charter Schools Division

Brief Description:

(Approval of the Renewal Petition for Chatsworth Charter High) Recommends approval of the renewal petition for Chatsworth Charter High, a Middle performing, Conversion Affiliated charter school, with a benchmark in the area of academics (ELA for English Learners), located in Board District 3 and Region North, for five (5) years, beginning July 1, 2026, until June 30, 2031, to serve up to 2,029 students in grades 9-12 in each year of the charter term.

Action Proposed:

Approve the renewal petition for Chatsworth Charter High (“Charter School”), a Conversion Affiliated charter school, with a benchmark in the area of academics (ELA for English Learners), located in Board District 3 and Region North, for five (5) years, beginning July 1, 2026 until June 30, 2031, to serve up to 2,029 students in grades 9-12 in each year of the charter term. The recommendation for approval is based on the information set forth in the attached Staff Assessment and Recommendation Report.

Background:

Chatsworth Charter High is a 9-12 school currently serving 1,643 students on a District facility at 10027 Lurline Avenue, Chatsworth, CA, 91311 in Board District 3 and Region North. Chatsworth Charter High was originally approved by the LAUSD Board of Education on May 14, 2013. On May 1, 2018, the charter school was renewed for a five-year term to serve up to 2,534 students in grades 9-12. Pursuant to Education Code section 47607.4, all charter schools whose term expires on or between January 1, 2022, and June 30, 2025, inclusive, shall have their term extended by two years, and all charter schools whose term expires on or between January 1, 2024, and June 30, 2027, inclusive, shall have their term extended by one additional year. Thus, by operation of law, the charter term for Chatsworth Charter High expires June 30, 2026.

On January 21, 2026 Chatsworth Charter High submitted its charter renewal petition application to the Charter Schools Division seeking to continue operations of its affiliated charter school. The 90-day statutory timeline for Board action on this petition runs through April 21, 2026.

An initial Public Hearing was held on February 17, 2026.

Based on a comprehensive review and assessment of Charter School’s renewal petition application and its record of performance, staff has determined that Charter School has met the requirements for renewal and therefore recommends approval of the renewal petition.

Statutory Framework and Criteria for Renewal:

A charter school must demonstrate that it is eligible for a renewal of its charter by meeting specific renewal criteria outlined in the Charter Schools Act. The renewal criteria prescribed in Education Code sections 47607 and 47607.2 requires a three-pronged analysis:

Criterion 1: The Charter Schools Act provides that renewals are governed by the standards and criteria described in Education Code section 47605 applicable to initial petitions. The first criterion considered in reviewing a renewal petition requires an analysis of the following:

- Whether the petition includes a sound educational program;
- Whether the petition contains a reasonably comprehensive description of the 15 elements required for petitions;
- Whether the petition contains an affirmation of each of the conditions described in Education Code section 47605(e); and
- Whether the charter school is demonstrably unlikely to successfully implement the program set forth in the petition. Education Code section 47607(b) provides that renewals are governed by the standards and criteria described in section 47605 applicable to initial petitions. (The Board may not consider the community impact analysis or District fiscal analysis in determining whether to grant or deny a renewal petition).

Criterion 2: The Board is required to consider the charter school's performance on the California School Dashboard accountability indicators. Education Code sections 47607 and 47607.2 prescribe three-tiers of performance classification in which a charter school falls within one of the following categories - "high," "middle," or "low." The three-tier classification considers a charter school's performance on the California School Dashboard accountability indicators, with an emphasis on the measurements of academic performance.

Criterion 3: Notwithstanding Criterion 1 and 2, the Board must also consider whether the charter school's enrollment or dismissal practices are discriminatory as grounds for nonrenewal. (Ed. Code, § 47607(e).) Additionally, the Board considers whether the charter school has substantial fiscal or governance factors as grounds for nonrenewal. (Ed. Code, § 47607(e).)

Expected Outcomes:

Charter School is expected to operate its school in a manner consistent with Board action, policies and requirements, local, state, and federal law including ordinances, statutes, and regulations as well as with the terms and conditions set forth in Charter School's petition. The measurable pupil outcomes and method by which pupil progress toward outcomes will be measured are set forth in the charter petition.

Board Options and Consequences:

"Yes" - If the Board adopts the recommendation of approval of the renewal charter petition, Charter School would be authorized to continue operations as a charter school for the charter term beginning July 1, 2026.

"No" - If the Board does not adopt the recommendation of approval, and instead takes specific action to deny the renewal charter petition, Charter School would not be authorized to continue operations as a charter school. The petitioners may appeal a denial to Los Angeles County Board of Education. If the petition is approved on appeal by the Los Angeles County Board of Education, Charter School would be authorized by the Los Angeles County Board of Education. If the Los Angeles County Board of Education denies the renewal petition, the

petitioners may appeal that denial to the California State Board of Education. If the denial of the renewal petition is reversed by the California State Board of Education, the California State Board of Education shall designate, in consultation with the petitioners, either the LAUSD Board or the Los Angeles County Board of Education as the chartering authority. This Board Report No. 375, accompanying documents, and transcript of the Board meeting, shall constitute the Board of Education's adopted written findings of fact for the denial of Charter School renewal petition.

Policy Implications:

All provisions in the Affiliated FSDRL shall be consistent with and be governed by all applicable legal and District policy requirements. To the extent any inconsistency may exist between any provision contained in the Affiliated FSDRL and any applicable legal and District policy requirement, those applicable legal and District policy requirements shall control and the Affiliated FSDRL shall be updated accordingly.

Budget Impact:

As an affiliated charter school, Chatsworth Charter High is part of the District for purposes of special education.

As an affiliated charter, all revenues generated by the school will be received by LAUSD. The District will allocate school resources in the same manner as it does a non-charter school except as otherwise specified in the statute and in applicable District policies.

Student Impact:

As stated in the LAUSD Policy and Procedures for Charter Schools, "[W]hen the LAUSD Board authorizes and oversees a charter school, it establishes a relationship to advance its vision and mission and to accelerate gains in academic achievement and accountability for all of its students and public schools," (Policy, p.3). Based on a comprehensive review and assessment of Charter School's renewal petition application, staff has determined that Charter School has met the requirements for charter school approval.

Equity Impact:

Not applicable

Issues and Analysis:

If all applicable pending issues, including but not limited to special education requirements, special education local planning area (SELPA) requirements, governance, fiscal and facilities matters, are not resolved at the time of the Board meeting, the item may be pulled from the agenda to the extent consistent with the Charter Schools Act and the LAUSD Policy and Procedures for Charter Schools.

Grade Levels Served:	9-12	Current Enrollment:	1,643	
Grade Levels Authorized in Current Charter:	9-12	Approved Enrollment in Current Charter:	2,534	
CONSIDERATION:	Renewal			
CDE PERFORMANCE CATEGORY: (PER CDE'S 2026 CLASSIFICATION)	Middle Performing			
STAFF RECOMMENDATION:	Approval with a benchmark for a five (5)-year term (2026-2031)			
PROPOSED BENCHMARKS:	The following benchmark are proposed for Chatsworth Charter High for the 2026-2031 charter term: 1. In each year of the charter term, the charter school shall demonstrate academic growth in English Language Arts (ELA) for English Learners as reported on the California School Dashboard ELA Academic Performance Indicator by achieving a Distance from Standard (DFS) that has Increased or Increased Significantly from the prior year as measured by Change Level; or achieved a DFS that is equal to or higher than their respective student group state average DFS. As part of ongoing oversight, the District will review the charter school's performance at its annual oversight visit to determine any appropriate actions, including consideration of the school's progress upon submission of a renewal petition at the end of the term of the charter.			

STAFF ASSESSMENT

I. ACTION PROPOSED

Staff recommends approval of the renewal petition for Chatsworth Charter High ("Charter School"), with a benchmark in the area of academics, located in Board District 3 and Region

North, for a term of five (5) years, beginning July 1, 2026, until June 30, 2031, to serve up to 2,029 students in grades 9-12 in each year of the charter term. Please note, for all District affiliated charter schools, the District determines each school's operational capacity annually in accordance with District policy.

II. RENEWAL REQUIREMENTS

Upon submission, District staff comprehensively reviews each renewal petition application to determine whether the school has met the requirements for renewal set forth in Education Code sections 47605, 47607, 47607.2, and 47611.5.

Criteria for Charter School Renewal and Grounds for Nonrenewal

As part of staff's holistic review of the renewal petition application, the charter school must be determined to be eligible for renewal of its charter under the specific renewal criteria outlined in the Charter Schools Act. The renewal criteria prescribed in Education Code sections 47607 and 47607.2 requires a three-pronged analysis:

- **Criterion 1:** Does the renewal petition include a sound educational program, a reasonably comprehensive description of the 15 elements required for petitions, an affirmation of each of the conditions described in Education Code section 47605€, and are petitioners demonstrably unlikely to successfully implement the program set forth in the petition? (Ed. Code, § 47607(b).) **These criteria have been determined not to be bases for denial.**
- **Criterion 2:** Is the charter school “high,” “middle,” or “low” performing? (see Ed. Code, §§ 47607€, 47607.2(a), and 47607.2(b).) Has the charter school attained measurable increases in academic achievement schoolwide and for numerically significant student groups served by the charter school, and does the charter school have strong postsecondary outcomes, if applicable? **These criteria have been determined not to be bases for denial.**
- **Criterion 3:** Is the charter school serving all pupils who wish to attend, or does the charter school have substantial fiscal or governance issues? (Ed. Code, § 47607€.) **These criteria have been determined not to be bases for denial.**

Charter Petition Requirement:

Consistent with Education Code section 47611.5, the petition contains a declaration that the Los Angeles Unified School District is and shall be the exclusive public school employer of the employees working at or assigned to Charter School for the purposes of the Educational Employment Relations Act (EERA), Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code.

- Does the petition contain a declaration of whether or not the Los Angeles Unified School District shall be deemed the exclusive public employer of the employees of the charter school? **This requirement has been determined not to be a basis for denial.**

III. GENERAL SCHOOL INFORMATION

A. School History

	Chatsworth Charter High

Master Plan for English Learners and Standard English Learners:	Chatsworth Charter High implements the District's Master Plan for English Learners and Standard English Learners.
Special Education SELPA	As a District-affiliated charter school, Chatsworth Charter High is a member of the LAUSD SELPA.

B. Charter School Operator

As a District-affiliated charter school, Chatsworth Charter High is subject to the governance and control of the LAUSD Board of Education.

IV. STUDENT ACHIEVEMENT AND EDUCATIONAL PERFORMANCE

a. Summary

Chatsworth Charter High has been identified by the state as a Middle performing charter school. The recommendation for renewal has considered the schoolwide performance

and performance of numerically significant student groups and the state and local indicators reported on the California School Dashboard.

Overall, Charter School's Dashboard performance was higher than the state in English Language Arts (ELA), English Language Progress Indicator (ELPI), and College/Career Indicator (CCI), but lower than the state in Math and Science.

Please see the Chatsworth Charter High data sets.

b. Measurements of Academic Performance on the California School Dashboard

The California School Dashboard displays performance for eight state measures. The Performance Level, or color, is based on two factors. The current year data for the measure (Status) and the difference between current year and prior year data (Change). The point at which these two levels intersect on the five-by-five table determines the color. From highest to lowest, the Performance Levels are Blue, Green, Yellow, Orange, and Red. Below, the 2023, 2024, and 2025, Dashboard Performance Levels (colors) are provided.

c. English Language Arts Indicator

In 2023 in English Language Arts (ELA), the charter school's Distance from Standard (DFS) was lower than the state for All Students, and lower than the state for five of six numerically significant student groups. In 2024 and 2025 in ELA, the charter school's DFS was higher than the state for All Students, and higher than the state for five of six numerically significant student groups.

As noted above, staff is recommending a benchmark in ELA for the English Learner student group. In order to increase student outcomes in ELA for the English Learner student group, Charter School leaders report providing academic support that includes utilizing weekly iReady lessons to address learning gaps and having the school's Targeted Student Population (TSP) coordinator work directly with designated and integrated English Language Development classroom teachers and assistants.

h. Chronic Absenteeism Indicator Not applicable

i. Graduation Indicator [HS only]

In 2023 and 2024, the charter school's percentage of graduated students was higher than the state for All Students, and for all student groups. In 2025, the charter school's percentage of graduated students was higher than the state for All Students, and for four of six student groups. Chatsworth Charter High's students must meet A-G requirements with a grade of "C" or better.

j. Suspension Rate Indicator

In 2023, 2024, and 2025, the charter school's percentage of students suspended at least once was lower than the state for All Students, and for all numerically significant student groups.

k. Dashboard Local Indicators

Staff also considered the Local Indicators (e.g., Basic: Teachers, Instructional Materials, Facilities; Implementation of Academic Standards; Parent and Family Engagement; Local Climate Survey; Access to a Broad Course of Study) which have all been reported as "Met" in 2023, 2024, and 2025.

l. Additional Information

Not applicable

V. ANNUAL PERFORMANCE-BASED OVERSIGHT RESULTS

In accordance with Education Code section 47604.32, the District's Charter Schools Division (CSD) conducts at least one school site visit each year where the CSD evaluates charter school performance in the following categories: Governance; Student Achievement and Educational Performance; Organizational Management, Programs, and Operations. Charter schools are rated in each category based on information and evidence gathered at the time of the annual performance-based oversight visit following a four-point rubric: (4) *Accomplished*, (3) *Proficient*, (2) *Developing*, and (1) *Unsatisfactory*. Please see below for Chatsworth Charter High's outcomes on its annual oversight evaluation reports for the last two years.

a. Governance

Oversight Ratings/Concerns	
2023-2024	<i>Proficient</i>
2024-2025	<i>Accomplished</i>
Concerns	None

b. Student Achievement and Educational Performance

Oversight Ratings/Concerns	
2023-2024	<i>Developing</i>
2024-2025	<i>Proficient</i>
Concerns	The rating of <i>Developing</i> in 2023-2024 was a result of the average of applicable CA School Dashboard indicators.

c. Organizational Management, Programs, and Operations

Oversight Ratings/Concerns	
2023-2024	<i>Accomplished</i>
2024-2025	<i>Accomplished</i>
Concerns	None

VI. FISCAL MANAGEMENT AND PERFORMANCE

a. Fiscal Condition

As an affiliated charter school, the District is responsible for the fiscal management of Chatsworth Charter High.

CA School Dashboard: Academic Performance - English Language Arts

This report shows the performance levels for the English Language Arts Academic Performance Indicator for all student groups in grades 3-8 and 11. It also shows the participation rate, number of students tested, DFS (status), and performance level (color) for three consecutive years of the CA Dashboard. Performance Levels (colors) have five possible values (Red, Orange, Yellow, Green, Blue). A single asterisk (*) shows that the student group has fewer than 11 students and is not reported for privacy reasons. A cell with "--" means that data is not currently available. For student groups with less than 30 students and scores in the current and prior year, status is reported, but performance level (color) is not reported. Note: Charter Schools are treated as schools (not LEAs) when it comes to reporting Foster Youth and Homeless student groups. Charter schools will need at least 30 or more Foster Youth, or 30 or more Homeless youth, to receive a status level for each student group. The Every Student Succeeds Act requires districts and schools to test at least 95 percent of all students and student groups in English Language Arts and Mathematics. It also requires states to factor the participation rate into the Academic Indicator. For any local educational agency (LEA), school, or student group with less than 95 percent of students tested, the ESSA requires a penalty to be applied to the Academic Indicator. To meet this federal requirement, California assigns the Lowest Obtainable Scale Score (LOSS) to each student needed to bring the participation rate of the school, district, and/or student group to 95 percent. The LOSS assigned to each of these students who did not test will be used in calculating the Distance from Standard (DFS). When comparing school to state, only numerically significant student groups of 30 or more will be compared for accountability purposes.

CA School Dashboard: Academic Performance - Science

This report shows the performance levels for the Science Indicator for all student groups in grades 5, 8, and once during high school. It also shows the participation rate, number of students tested, science points (status), and performance level (color) for the 2025 CA Dashboard. Performance Levels (colors) have five possible values (Red, Orange, Yellow, Green, Blue). A single asterisk (*) shows that the student group has fewer than 11 students and is not reported for privacy reasons. A cell with “--” means that data is not currently available. For student groups with less than 30 students and scores in the current and prior year, status is reported, but performance level (color) is not reported. Note: Charter Schools are treated as schools (not LEAs) when it comes to reporting Foster Youth and Homeless student groups. Charter schools will need at least 30 or more Foster Youth, or 30 or more Homeless youth, to receive a status level for each student group. The Science Indicator is calculated using two components: Science Points (SPs) and participation rate. The California State Board of Education (SBE) adopted a participation rate requirement within the Science Indicator to require LEAs, schools, and student groups to test at least 95 percent of their students. If they fail to meet this target, a Lowest Obtainable Scale Score (LOSS) is assigned to each student needed to bring the participation rate of the LEAs, schools and/or student group to 95 percent. The LOSS assigned to each of these students who did not test will be used in calculating the average SPs. If an LEA, school, and/or student group participation rate is 95 percent or above, assigned LOSS is not applied. When comparing school to state, only numerically significant student groups of 30 or more will be compared for accountability purposes.

CA School Dashboard: English Learner Progress Indicator (ELPI)

This report shows the percentage of current English learner (EL) students making progress towards English language proficiency at their school for all student groups in grades 1-12. The English Learner Progress Indicator (ELPI) relies on the results of the Summative English Language Proficiency Assessment (ELPAC), including Summative Alternate ELPAC results, to determine EL student progress. For the EL students taking the Summative ELPAC, those who increase an ELPI level or maintain ELPAC Level 4 are counted as making progress towards English language proficiency. ELPI Change measures the rate at which schools are improving their ability to move their EL students towards English language proficiency. It is the difference between the prior year Status and the current year Status. A single asterisk (*) shows that the student group has fewer than 11 students and is not reported for privacy reasons. A cell with “—” means that data is not currently available. For student groups with less than 30 students and scores in the current and prior year, status is reported, but performance level (color) is not reported.

Data collected by the California Department of Education (CDE) through the California Longitudinal Pupil Achievement Data System (CALPADS), California School Dashboard, and testing vendor. Districts and schools that do not meet the 95 percent participation rate on the Summative ELPAC and Summative Alternative ELPAC and have at least 30 EL students enrolled during the testing window (February 1 to May 31) will receive a modified ELPI rate on the California School Dashboard (Dashboard). For each district and school that does not meet the 95 percent target, the minimum number of students needed to reach a participation rate of at least 95 percent is determined. The resulting number of students will be counted as not making progress in the current ELPI Status calculation.

CA School Dashboard: Academic Performance - College / Career

This report shows the percentage of current graduates who meet specific College/Career Indicator (CCI) "prepared" criteria for all student groups in grades 9-12. For the 2023 Dashboard, the CCI will report the most current year data or "status only". Therefore the CCI will have performance displayed using one of five Status levels that range between Very Low (lowest performance), Low, Medium, High, and Very High (highest performance). A single asterisk (*) shows that the student group has fewer than 11 students and is not reported for privacy reasons. A cell with "--" means that data is not currently available. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. When comparing school to state, only numerically significant student groups of 30 or more will be compared for accountability purposes.

CA School Dashboard: Suspension Rate Indicator

This report shows the number of students who have been suspended at least once in the school year for all student groups in grades TK-12. A student is counted as suspended in the suspension rate only once regardless of multiple suspensions or multiple days of suspension. Please note that good performance on the Suspension Rate Indicator means having the lowest percentage of students suspended in the current year. A single asterisk (*) shows that the student group has fewer than 11 students and is not reported for privacy reasons. A cell with "—" means that data is not currently available. For student groups with less than 30 students with scores in the current and prior year, status and change are reported, but no performance level (color) will be reported. When comparing school to state, only numerically significant student groups of 30 or more will be compared for accountability purposes.

CA School Dashboard: Graduation Rate Indicator

This report shows the combined four- and five-year graduation rate for comprehensive (or traditional) high schools and Dashboard Alternative School Status (DASS) schools for all student groups in grades 9-12. This rate is based on the number of high school students who graduate with a regular high school diploma in either four or five years. The 2025 Graduation Rate Indicator includes students from the most recent graduation cohort (Class of 2025) as well as students from the prior cohort (Class of 2024) who graduated in their fifth year of high school in 2023-25. A single asterisk (*) shows that the student group has fewer than 11 students and is not reported for privacy reasons. A cell with "--" means that data is not currently available. For student groups with less than 30 students with scores in the current and prior year, status is reported, but no performance level (color) will be reported. When comparing school to state, only numerically significant student groups of 30 or more will be compared for accountability purposes.

Enrollment Report

This report displays CALPADS K-12 enrollment number and percentages of select student groups. Annual enrollment consists of the number of students primarily enrolled on Census Day (the first Wednesday in October). This information was submitted by local educational agencies (LEAs) and charter schools to the California Department of Education (CDE) as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS). These data were reviewed and certified in CALPADS as being accurate by authorized district or school personnel. In order to certify data in CALPADS, authorized district or charter school personnel are required to review the accuracy of all data associated with the applicable CALPADS submission. The CDE collects some data on GATE programs through the CALPADS; however, this information is submitted by LEAs on a voluntary basis and it wouldn't necessarily be accurate as per CDE.

Long-Term English Learners (LTEL) and “At-Risk”

Note: The “EL Total” column in this report displays the summed total of the disaggregated English Learner (EL) data in the four columns under the “English Learners” heading. The “Total (Ever-EL)” column displays the summed total of the data in the “RFEP” column plus the data in the four columns under the “English Learners” heading OR the data in the “EL Total” column, but not both. The percent values displayed in this report are calculated as a percent of the “Total (Ever-EL)” which fully and more accurately considers what happens to all EL students over time, including those who are Reclassified Fluent English Proficient (RFEP). Students with Disabilities Report

This report displays the K-12 enrollment and the number of K-12 students with disabilities total, by incidence category, and by eligibility as reported on the Census Day (First Wednesday in October) CALPADS Fall 1 Certified Student Profile List Report (Report 8.1) submitted by Local Education Agencies (LEAs). LEAs are required to "certify" specified data during submission windows. The CDE uses certified data for state and federal reporting and to develop accountability metrics. Once data are certified by an LEA following the close of the Amendment Window, they are "frozen" and cannot be amended. High Incidence is defined as students in the Other Health Impairment, Specific Learning Disability, and Speech or Language Impairment categories. Low Incidence Students are defined as those in the Autism, Deafness, Emotional Disturbance, Hard of Hearing, Intellectual Disability, Multiple Disabilities, Orthopedic Impairment, Traumatic Brain Injury, and Visual Impairment categories.

DESEGREGATION IMPACT STATEMENT (DIS)
CHATSWORTH CHARTER HIGH
BOARD OF EDUCATION REPORT 375 – 25/26
April 21, 2026

I. Category of Proposed Action:

The proposed action would renew the charter for five (5) years, beginning July 1, 2026 until June 30, 2031 to serve up to 2,534 students in grades 9-12 in each year of the charter term.

II. Summary Description of Current District Practice:

Charter schools are schools of choice by legislation and are open to any student in the State of California. Charter schools are granted renewal for single charter status for a minimum period of two years to a maximum of seven (7) years, depending on the state's classification of High, Middle or Low for a charter school's performance pursuant to applicable law. Low performing charter schools may be renewed for a period of two years, Middle performing charter schools for five years, and High performing charter schools may receive a term of five, six or seven years. It should be noted, however, that although State legislation allows students to attend a charter school from any area in the state, the Los Angeles Unified School District (LAUSD) is under Court Order, Crawford v. LAUSD, which applies to all schools within or chartered through the LAUSD. Any modifications to the Court-Ordered Integration Program must first be approved by Student Integration Services.

III. Proposed Change:

The approval of this charter petition would renew the charter of Chatsworth Charter High for five (5) years beginning July 1, 2026 until June 30, 2031.

IV. Effects of This Proposal:

The Los Angeles Unified School District (LAUSD) does not guarantee availability of Court-ordered Integration funding. The charter school will be responsible for maintaining the Court Order and providing information requested by the LAUSD as set forth in the Charter petition. Modifications or school decisions cannot negatively impact or cause additional costs to the Court-ordered Integration budget.

V. Analyze the Impact of This Proposal on Integration, Desegregation, Re-segregation and/or Segregation:

If the Charter goals are met, there should be positive results on the five (5) Harms of Racial Isolation which are low academic achievement, low self-esteem, lack of access to post-secondary opportunities, interracial hostility and intolerance, and overcrowded conditions. The Court-ordered Integration Program for participating students will operate under various Court Orders for schools within the Los Angeles Unified School District. Any modification of the Court-ordered Integration Program must first be approved by Student Integration Services. Student Integration Services provided feedback for the charter petition to ensure compliance.

VI. If proposed action affects negatively any desegregation program, list other option(s) identified:

If the District Court-ordered Integration Guidelines are followed, there will not be a negative effect on the District's Court-ordered Integration Program.
