File #: Res-020-22/23, Version: 1

Ms. Ortiz Franklin - Commemorating Ten Years of the School Climate Bill of Rights (Res-020-22/23) (Waiver of Board Rule 72)

Whereas, The Los Angeles Unified School District mission is to realize excellence for all students by providing the unique, rigorous, and culturally relevant education that each and every student deserves and the vision is to be the premier public school district by eliminating educational inequities to graduate all students ready for the world - to thrive in college, career, and life - and these guide the “how” and “why” of District actions;

Whereas, The Governing Board of the Los Angeles Unified School District approved a strategic plan to achieve the four district goals in the areas of postsecondary education, early literacy, numeracy, and social emotional wellness by learning from our community and bringing the lived experiences of our students and families into our planning; supporting our teachers, leaders and staff to deliver academically challenging, data-informed, and equity-driven education; proactively collecting, analyzing, and sharing information that clearly defines where our students stand in terms of academics and social-emotional wellness; and aligning our actions and resources at every level of the organization to drive improvement in teaching and learning;

Whereas, The 2007 Discipline Foundation Policy and the 2013 School Climate Bill of Rights set the District on a path towards people-centered rather than punishment-centered school culture and climate with school-wide positive behavior interventions and supports (SWPBIS) and restorative justice practices, with thousands of hours of professional development having been facilitated in each;

Whereas, Community members, students, parents and partners, including the Brothers, Sons, Selves Coalition, led by youth leaders of Los Angeles County based community organizations specifically Community Coalition, Khmer Girls in Action, InnerCity Struggle, Brotherhood Crusade, Labor Community Strategy Center, East LA YMCA, Californians for Justice, Youth Justice Coalition, GSA Network, Social Justice Learning Institute, Children's Defense Fund CA, including the parent leadership of Community Asset Development Redefining Education (CADRE) and the coordinating support of the Liberty Hill Foundation and the California Endowment, directly developed the vision and framework of the School Climate Bill of Rights;

Whereas, Since the implementation of the School Climate Bill of Rights in 2013-14 and its elimination of suspensions for willful defiance, school climate data has significantly improved, including a reduction of student suspensions from 8,593 to 1,442 or a 83.22 percent reduction and expulsions from 111 to 55 or a 50.45 percent reduction;

Whereas, Over 23,000 District staff members and 2,400 parents/caregivers have participated in restorative practices trainings since July 2021;

Whereas, The District continues to advocate for local and statewide efforts to promote restorative

practices through the removal of willful defiance suspensions including the Office of Government relations submitting a letter in support of SB 274, which would permanently eliminate suspensions for willful defiance K-12 across the state of California, and

Whereas, The Board passed the “Affirming our Commitment to the School Discipline Policy and School Climate Bill of Rights and Establishing May as School Climate Bill of Rights Awareness Month” in May 2014; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District commemorates 10 years of the School Climate Bill of Rights, honors the progress made thus far, and encourages schools and communities to participate in lessons and activities in May as School Climate Bill of Rights Recognition Month, such as assemblies, advisory lessons, school-wide activities, professional development, family workshops, teach-ins, etc. with consideration given to co-plan or co-present with students, parents and/or families of those directly impacted and community partners pivotal in the passage of the 2013 Resolution (Brothers, Sons, Selves Coalition comprised of the listed individual organizations above plus California Native Vote Project and CADRE);

Resolved further, That the Board officially endorses SB 274 which will eliminate the use of suspensions for minor misbehavior in California which would set an important precedent for transforming school climate across the state and country;

Resolved further, That the District will continue our commitment by providing and promoting in visible, accessible, and easy-to-understand ways to school staff, students, families and community members the resources that have become available as a result of the School Climate Bill of Rights, including but not limited to:

- School Climate Bill of Rights posters for Elementary and Secondary schools in multiple languages available at <https://achieve.lausd.net/Page/12519> <<https://achieve.lausd.net/Page/12519>>
- Positive Behavior Intervention and Supports and Restorative Practices teaching strategies and on-going professional development available at <https://achieve.lausd.net/Page/11924> <<https://achieve.lausd.net/Page/11924>>, on Schoology and in person
- Monthly publication of data available online and as requested in family-friendly printed documents, disaggregated by student groups, committed to in the 2013 resolution currently available at <https://my.lausd.net/opendata/dashboard?language=en> <<https://my.lausd.net/opendata/dashboard?language=en>>
- Data sharing and collaborative agenda-setting at the monthly School Culture, Climate and Safety Task Force meetings
- Monthly school site meetings composed of various stakeholders, including parents, students, staff and community members that review and suggest improvements for school climate data and experiences, with record-keeping noting participant stakeholder groups;
- Family-focused two-way dialogue workshops facilitated with community partners regarding the rights and responsibilities provided by the School Climate Bill of Rights, including accessible, authentic and collaborative family and community engagement with the new SWPBIS monitoring tool (the Tiered Fidelity Inventory processes, starting Fall 2023), and, be it finally

Resolved, That the Board directs the Independent Analysis Unit to design and conduct a thorough quantitative and qualitative analysis of the implementation of the School Climate Bill of Rights and present its findings to the Board no later than November 2023. Such an analysis could include outcome changes in data such as suspensions, expulsions, and transfers as well as additional data more relevant today (e.g. chronic absenteeism, surveys, and mental health data), disaggregated by student group, as well as lessons learned in the first ten years through focus groups or interviews representing various stakeholders. This analysis may inform the Superintendent's public presentations of progress made on the 2023-2026 Strategic Plan.
