Ms. Goldberg - Supporting Meaningful Teaching and Learning in the LAUSD Community Schools Initiative (Res-033-23/24) (Waiver of Board Rule 72)

Whereas, The Los Angeles Unified School District Community Schools Initiative (CSI), in alignment with the California Community Schools Framework defines a Community School as one that takes a “whole-child” approach, with “an integrated focus on academics, health and social services, youth and community development, and community engagement”;

Whereas, Community Schools require expertise and assistance to develop a strong instructional and performance assessment program that is based on the science of learning and development--which finds that students learn best when curriculum, teaching, and assessment strategies are built on students’ prior knowledge and experiences, and focus on relevant and engaging learning tasks;

Whereas, The UCLA Center for Transformation of Schools has identified obstacles to retaining Black, Indigenous, and People of Color (BIPOC) teachers and recommends that administrators and schools make a strong, lasting commitment to “the ideals and policies that best support students in cultivating critical awareness” and that “the use of standardized tests should be dramatically reduced and supplemented with more authentic and relevant performance assessment”;

Whereas, Performance assessment aligns with community-based learning because it enables students to demonstrate their learning in authentic ways and apply their knowledge and skills to new contexts by creating products, presentations and/or demonstrations that reflect understanding and mastery; and

Whereas, Hiring Community School Lead Teachers who rely on performance assessment versus student preparation for standardized testing will allow Community Schools to better support all five pillars of LAUSD’s 2022-2026 Strategic Plan (Academic Excellence, Joy and Wellness, Engagement and Collaboration, Operational Effectiveness, and Investing in Staff); now, therefore, be it
