Approve the Definition of 12 Classroom Upgrade Projects and Amend the Facilities Services Division Strategic Execution Plan to Incorporate Therein

October 22, 2024

Facilities Services Division

Action Proposed:

Approve the definition of 12 Classroom Upgrade Projects (Projects), as described in Exhibit A, and amend the Facilities Services Division (Facilities) Strategic Execution Plan (SEP) to incorporate therein. The combined budget for the proposed Projects is \$106,372,000.

Authorize the Chief Procurement Officer and/or the Chief Facilities Executive and/or their designee(s) to execute all instruments necessary, as legally permissible, to implement the proposed Projects including budget modifications and the purchase of equipment and materials.

Background:

On August 24, 2021, the Board of Education (Board) adopted an update to the School Upgrade Program (SUP) to integrate Measure RR funding and priorities into its operational framework. The updated SUP framework and the Measure RR Implementation Plan (Implementation Plan) help guide the identification of sites and development of project proposals. The Implementation Plan included, among other priorities, the development of projects to provide upgrades focused on the interior of existing classroom spaces.

The school sites identified for the proposed Projects were deemed to have the highest need for classroom upgrades based on their overall Facilities Condition Index (FCI) score for interior classroom spaces. FCI scores indicate the remaining service life of the physical components within classroom spaces and as compared to other schools. Additionally, the priority for implementation of the proposed Projects focused on middle school programs with the goal of attracting and retaining students transitioning from elementary to secondary education across the District's four geographic Regions.

The proposed Projects will provide upgrades to classrooms utilized for instruction, special education, and school set-asides within permanent and relocatable buildings. Each classroom within a school site has unique conditions and will be surveyed to understand deficiencies needing to be addressed. Based on the individual needs of each classroom, the scope may include upgrades to technology, electrical upgrades to support new classroom technology, white boards, tack boards, window blinds, paint, and security locks. The proposed Projects also include providing new classroom furniture, replacing damaged ceiling tiles, and other upgrades required to comply with local, state, and federal requirements.

Bond Oversight Committee Recommendations:

This item was considered by the School Construction Bond Citizens' Oversight Committee (BOC) at its meeting on October 10, 2024, as referenced in Exhibit B. The presentation that was provided is included as Exhibit C. Staff has concluded that this proposed Facilities SEP amendment is in alignment with BOC recommendations and will facilitate Los Angeles Unified School District's ability to successfully complete the

Facilities SEP.

Expected Outcomes:

Approval of the 12 proposed Projects and amendment to the Facilities SEP to incorporate therein. The approval will enable staff to proceed with the design and construction of the proposed Projects.

The upgraded classrooms, once completed, will provide facilities that support education programs and student achievement. The proposed Projects will also decrease demands for repair and maintenance, alleviate the burden on custodial staff, and benefit the local economy by creating tax revenue and new jobs.

Board Options and Consequences:

Adoption of the proposed action will authorize staff to proceed with the expenditure of Bond Program funds and begin the environmental reviews and clearances, design, procurement, construction, and other activities necessary to implement the proposed Projects.

If the proposal is not approved, the proposed Projects will not commence, and the schools will not benefit from the upgrades being proposed.

Policy Implications:

The proposal does not impact Los Angeles Unified policy. It furthers implementation of the update to the SUP to integrate Measure RR funding and priorities into its operational framework. Furthermore, the proposal is consistent with the District's long-term goal to address unmet school facilities needs and significantly improve the conditions of aging and deteriorating school facilities as described in the District's local bond measures K, R, Y, Q, and RR. The proposed action advances Los Angeles Unified's 2022-2026 Strategic Plan Pillar 4 Operational Effectiveness Modernizing Infrastructure by upgrading classrooms at schools.

Budget Impact:

The combined Project budget for the 12 proposed Projects is \$106,372,000. The proposed Projects will be funded by Bond Program funds targeted in the School Upgrade Program for major modernizations, upgrades, and reconfigurations to school campuses.

The \$11,423,000 budget for the proposed Project at Robert Louis Stevenson College & Career Prep includes \$1,819,000 for classrooms presently occupied by a co-located charter school pursuant to Education Code section 47614 (Proposition 39). Bond Program funds targeted for Charter School Facilities Upgrades and Expansions will be transferred to funds earmarked in the SUP for major modernizations, upgrades, and reconfigurations to school campuses, and all aspects of the proposed upgrades will be owned entirely by District.

The Project budgets were prepared based on the current information known, and assumptions about the proposed Project scope, site conditions, and market conditions. The Project budgets will be reviewed throughout the planning, design, and construction phases as new information becomes known or unforeseen conditions arise and will be adjusted accordingly to enable the successful completion of the proposed Projects.

Student Impact:

The proposed Projects, once completed, will help ensure approximately 11,500 current and future students attending these 12 schools are provided with safe, welcoming, and state-of-the-art learning environments that support student-centered, experiential, and engaged learning. The proposed Projects will also allow schools to attract and retain future students, which builds school pride and enhances opportunities to create a positive

school culture.

Equity Impact:

School sites represent all four Regions (North, East, South, and West) and were prioritized based on their Facilities Condition Index scores.

Issues and Analysis:

Staff will implement all opportunities to minimize construction impacts on school operations and existing education programs. As necessary, the temporary use of unused classrooms, off-hour construction and other opportunities will be utilized to reduce impacts to the existing education programs at each school.

The Office of Environmental Health and Safety (OEHS) will evaluate the proposed Projects in accordance with the California Environmental Quality Act (CEQA).

RECOMMENDING BOARD APPROVAL TO DEFINE AND APPROVE 12 CLASSROOM UPGRADE PROJECTS AND AMEND THE FACILITIES SERVICES DIVISION STRATEGIC EXECUTION PLAN TO INCORPORATE THEREIN

WHEREAS, The \$11,423,000 budget for the proposed Project at Robert Louis Stevenson College & Career Prep includes \$1,819,000 for classrooms presently occupied by a co-located charter school pursuant to Education Code section 47614 (Proposition 39). Bond Program funds targeted for Charter School Facilities Upgrades and Expansions will be transferred to funds earmarked in the SUP for major modernizations, upgrades, and reconfigurations to school campuses, and all aspects of the proposed upgrades will be owned entirely by Los Angeles Unified ; and

WHEREAS, The Los Angeles Unified Office of General Counsel has reviewed the proposed Projects and determined that they may proceed to the School Construction Bond Citizens' Oversight Committee (BOC) for its consideration for recommendation to the Board of Education; and

WHEREAS, Los Angeles Unified Staff has concluded that this proposed Facilities SEP amendment will facilitate Los Angeles Unified's ability to successfully implement the Facilities SEP.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The BOC recommends that the Board define and approve 12 Classroom Upgrade Projects as described in Board Report No. 064-24/25, a copy of which is attached hereto in the form it was presented to the BOC and is incorporated herein by reference and amend the Facilities SEP accordingly.
2. This resolution shall be transmitted to the Los Angeles Unified Board and posted on the BOC's website.
3. Los Angeles Unified is directed to track the above recommendation and to report on the adoption, rejection, or pending status of the recommendations as provided in section 6.2 of the Charter and Memorandum of Understanding between the BOC and Los Angeles Unified.
