Approval of the Renewal Petition for Global Education Academy [PUBLIC HEARING]

November 19, 2024

Charter Schools Division

Action Proposed:

Approve the renewal petition for Global Education Academy (“Charter School”), located in Board District 1 and Region South, for a term of five (5) years, beginning July 1, 2025, until June 30, 2030, to serve up to 414 students in grades TK-8 in each year of the charter term. The school is requesting to decrease its current enrollment capacity from 480 students to 414 students due to enrollment and facilities considerations. The recommendation for approval is based on the information set forth in the attached Staff Assessment and Recommendation Report.

Background:

Global Education Academy is a TK-8 school currently serving 359 students on two private facilities in South Los Angeles at 4141 S. Figueroa St., Los Angeles, CA, 90037 and 2009 W. Martin Luther King Jr. Blvd., Los Angeles, CA, 90062, in Board District 1 and Region South. Global Education Academy was originally approved by the LAUSD Board of Education on May 8, 2007. On February 14, 2017, the charter school was renewed for a five-year term to serve up to 264 students in grades K-5. Pursuant to Education Code section 47607.4, all charter schools whose term expires on or between January 1, 2022, and June 30, 2025, inclusive, shall have their term extended by two years, and all charter schools whose term expires on or between January 1, 2024, and June 30, 2027, inclusive, shall have their term extended by one additional year. Thus, by operation of law, the charter term for Global Education Academy expires June 30, 2025.

On August 22, 2024, Global Education Academy submitted its charter renewal petition application to the Charter Schools Division seeking to continue operations of its independent charter school. The 90-day statutory timeline for Board action on this petition runs through November 20, 2024.

An initial Public Hearing was held on September 10, 2024.

Based on a comprehensive review and assessment of Charter School’s renewal petition application and its record of performance, staff has determined that Charter School has met the requirements for renewal and therefore recommends approval of the renewal petition.

Due Diligence:

Current Global Education Academy governing board members completed questionnaires so the District may assess whether any conflicts of interest arise based on the information provided. A due diligence review of the charter school and its governing organization, school leader, and financial manager, was performed by the Office of the Inspector General.

Statutory Framework and Criteria for Renewal:

A charter school must demonstrate that it is eligible for a renewal of its charter by meeting specific renewal

criteria outlined in the Charter Schools Act. The renewal criteria prescribed in Education Code sections 47607 and 47607.2 requires a three-pronged analysis:

Criterion 1: The Charter Schools Act provides that renewals are governed by the standards and criteria described in Education Code section 47605 applicable to initial petitions. The first criterion considered in reviewing a renewal petition requires an analysis of the following:

- Whether the petition includes a sound educational program;
- Whether the petition contains a reasonably comprehensive description of the 15 elements required for petitions;
- Whether the petition contains an affirmation of each of the conditions described in Education Code section 47605(e); and
- Whether the charter school is likely to successfully implement the program set forth in the petition. Education Code section 47607(b) provides that renewals are governed by the standards and criteria described in section 47605 applicable to initial petitions. (The Board may not consider the community impact analysis or District fiscal analysis in determining whether to grant or deny a renewal petition).

Criterion 2: The Board is required to consider the charter school's performance on the California School Dashboard accountability indicators. Education Code sections 47607 and 47607.2 prescribe three-tiers of performance classification in which a charter school falls within one of the following categories - "high," "middle," or "low." The three-tier classification considers a charter school's performance on the California School Dashboard accountability indicators, with an emphasis on the measurements of academic performance.

Criterion 3: Notwithstanding Criterion 1 and 2, the Board must also consider whether the charter school's enrollment or dismissal practices are discriminatory as grounds for nonrenewal. (Ed. Code, § 47607 (e).) Additionally, the Board considers whether the charter school has substantial fiscal or governance factors as grounds for nonrenewal. (Ed. Code, § 47607(e).)

Expected Outcomes:

Charter School is expected to operate its school in a manner consistent with Board action, policies and requirements, local, state, and federal law including ordinances, statutes, and regulations as well as with the terms and conditions set forth in Charter School's petition. The measurable pupil outcomes and method by which pupil progress toward outcomes will be measured are set forth in the charter petition.

Board Options and Consequences:

"Yes" - If the Board adopts the recommendation of approval of the renewal charter petition, Charter School would be authorized to continue operations as a charter school for the charter term beginning July 1, 2025.

"No" - If the Board does not adopt the recommendation of approval, and instead takes specific action to deny the renewal charter petition, Charter School would not be authorized to continue operations as a charter school. The petitioners may appeal a denial to Los Angeles County Board of Education. If the petition is approved on appeal by the Los Angeles County Board of Education, Charter School would be authorized by the Los Angeles County Board of Education. If the Los Angeles County Board of Education denies the renewal petition, the petitioners may appeal that denial to the California State Board of Education. If the denial of the renewal petition is reversed by the California State Board of Education, the California State Board of Education shall designate, in consultation with the petitioners, either the LAUSD Board or the Los Angeles County Board of Education as the chartering authority. This Board Report No. 085, accompanying documents, and transcript of

the Board meeting, shall constitute the Board of Education's adopted written findings of fact for the denial of the Charter School renewal petition.

Policy Implications:

All provisions in the FSDRL shall be consistent with and be governed by all applicable legal and District policy requirements. To the extent any inconsistency may exist between any provision contained in the FSDRL and any applicable legal and District policy requirement, those applicable legal and District policy requirements shall control and the FSDRL shall be updated accordingly.

Budget Impact:

State income and various other income sources to the District are reduced when current District students enroll at a charter school, and comparable or offsetting expenditure reduction may not occur in such cases. Under Education Code section 47604(d), a chartering authority that grants a charter to a charter school to be operated as or by a nonprofit public benefit corporation is not liable for the debts or obligations of the charter school or for claims arising from the performance of acts, errors, or omissions by the charter school, if the chartering authority has complied with all oversight responsibilities required by law including, but not limited to, those required by Education Code section 47604.32 and Education Code section 47605(m). As the chartering authority, the District will continue to monitor and evaluate the charter school's fiscal condition and operations, and management of public funds, including review of all legally required fiscal reports, and the annual update of the charter school's LCAP. (Ed. Code, §§ 47604.32, 47604.33, 47606.5). Any significant modifications to the charter school's charter or operations that raise financial implications would require a material revision prior to implementation. Charter schools are expected to secure and maintain all insurance coverage consistent with all applicable legal, District and charter requirements.

Charter School has selected LAUSD Special Education Local Planning Area (SELPA) Option 2. Charter School's fair share contribution for special education will be 20% of the District's general fund contribution rate per Average Daily Attendance (ADA) for the first fiscal year of the charter petition period, which will be paid from Charter School's Local Control Funding Formula ("LCFF") funds or other unrestricted revenue sources. This formula will increase by 5% for each subsequent fiscal year of the charter petition period until the applicable percentage reaches 35%. For the remainder of the term of Charter School's charter, the rate will remain at 35% of the District's general fund contribution rate for each fiscal year. If Charter School is renewing its charter petition and has reached the 35% fair share contribution rate for special education, Charter School shall continue to contribute at the 35% rate for the full renewal period. If Charter School is renewing and has reached a fair share contribution rate that is less than 35%, Charter School's fair share contribution rate shall continue to increase by 5% per year from the prior year's rate until the applicable percentage reaches 35%. If Charter School does not spend its allocation of special education funds during a fiscal year of the charter petition period, the allocation of special education funds to Charter School for the next fiscal year will be reduced by an amount equal to the unspent special education funds of the previous fiscal year.

In addition to the payments required under this option, Charter School may request specific special education related services from the District through fee-for-service arrangements that will reflect the calculated cost of the requested services and will be contingent on the District's available resources.

Any change in the Option election that occurs during Charter School's charter term shall be mutually agreed upon and addressed in a Memorandum of Understanding (MOU) between the charter school and the District. The new Option election shall be effective on July 1 of the next school year with the corresponding fair share contribution.

Student Impact:

As stated in the LAUSD Policy and Procedures for Charter Schools, “[W]hen the LAUSD Board authorizes and oversees a charter school, it establishes a relationship to advance its vision and mission and to accelerate gains in academic achievement and accountability for all of its students and public schools,” (Policy, p.3). Based on a comprehensive review and assessment of Charter School’s renewal petition application, staff has determined that Charter School has met the requirements for charter school approval.

Equity Impact:

Not applicable

Issues and Analysis:

If all applicable pending issues, including but not limited to special education requirements, special education local planning area (SELPA) requirements, governance, fiscal and facilities matters, are not resolved at the time of the Board meeting, the item may be pulled from the agenda as consistent with the Charter Schools Act and the LAUSD Policy and Procedures for Charter Schools.

STAFF RECOMMENDATION:	Approval for a five (5)-year term (2025-2030)			
PROPOSED BENCHMARKS:	None			

STAFF ASSESSMENT

I. ACTION PROPOSED

Staff recommends approval of the renewal petition for Global Education Academy ("GEA" or "Charter School"), located in Board District 1 and Region South, for a term of five (5) years, beginning July 1, 2025, until June 30, 2030, to serve up to 414 students in grades TK-8 in each year of the charter term. The school is requesting to decrease its current enrollment capacity from 480 students to 414 students due to enrollment and facilities considerations.

Pursuant to applicable law, charter schools classified as high performing may be renewed for a term of five (5), six (6), or seven (7) years. (Ed. Code, § 47607 (c)(2)(E).) To help determine the recommended term length in these cases, staff considers various factors related to the charter school's operation and performance during the term of the charter, consistent with Education Code section 47607 and as noted in the *LAUSD Policy and Procedures for Charter Schools*. Specific factors related to the charter school's performance and operations during the term of the charter include, but are not limited to, the following:

- Ratings on the Annual Performance-Based Oversight Visit Report in the areas of Governance; Student Achievement and Educational Performance; Organizational Management, Programs and Operations; and Fiscal Operations for the previous two years, and no significant unresolved issues, including, but not limited to, Notices to Cure;
- Additional academic considerations (i.e., numerically significant subgroup performance);
- Equity and access for families and pupils;
- School culture and climate; and
- Consideration of qualifying as High Performing under Criterion 1 or Criterion 2

As staff considered GEA’s renewal petition and record, including the ratings of (2) *Developing* on the 2023-2024 Annual Performance-Based Oversight Report in the areas of Student Achievement and Educational Performance, and Organizational Management, Programs, and Operations, staff recommends a term length of five (5) years.

II. RENEWAL REQUIREMENTS

Upon submission, District staff comprehensively reviews each renewal petition application to determine whether the school has met the requirements for renewal set forth in Education Code sections 47605, 47607, 47607.2, and 47611.5.

Criteria for Charter School Renewal and Grounds for Nonrenewal

As part of staff’s holistic review of the renewal petition application, the charter school must be determined to be eligible for renewal of its charter under the specific renewal criteria outlined in the Charter Schools Act. The renewal criteria prescribed in Education Code sections 47607 and 47607.2 requires a three-pronged analysis:

- **Criterion 1:** Does the renewal petition include a sound educational program, a reasonably comprehensive description of the 15 elements required for petitions, an affirmation of each of the conditions described in Education Code section 47605(e), and are petitioners likely to successfully implement the program set forth in the petition? (Ed. Code, § 47607(b).)

These criteria have been determined not to be bases for denial.

- **Criterion 2:** Is the charter school “high,” “middle,” or “low” performing? (see Ed. Code, §§ 47607(c), 47607.2(a), and 47607.2(b).) Has the charter school attained measurable increases in academic achievement schoolwide and for numerically significant student groups served by the charter school, and does the charter school have strong postsecondary outcomes, if applicable?

These criteria have been determined not to be bases for denial.

- **Criterion 3:** Is the charter school serving all pupils who wish to attend, or does the charter school have substantial fiscal or governance issues? (Ed. Code, § 47607(e).)

These criteria have been determined not to be bases for denial.

Charter Petition Requirement:

In accordance with Education Code section 47611.5, a charter school charter shall contain a declaration regarding whether or not the charter school shall be deemed the exclusive public school employer of the employees at the charter school for the purposes of Section 3540.1 of the Government Code, and that declaration shall not be materially inconsistent with the charter.

- Does the petition contain a declaration of whether or not the charter school shall be deemed the exclusive public employer of the employees of the charter school?

This requirement has been determined not to be a basis for denial.

III. GENERAL SCHOOL INFORMATION

A. School History

	Global Education Academy
Initial Authorization:	On May 8, 2007, Global Education Academy was authorized by the LAUSD Board of Education to serve 240 students in grades K-5.
Most Recent Renewal	The charter was renewed on February 14, 2017 for a five-year term (July 1, 2017 - June 30, 2022) to serve up to 264 students in grades K-5. Pursuant to Education Code section 47607.4, all charter schools whose term expires on or between January 1, 2022, and June 30, 2025, inclusive, shall have their term extended by two years, and all charter schools whose term expires on or between January 1, 2024, and June 30, 2027, inclusive, shall have their term extended by one additional year. Thus, by operation of law, the charter term for Global Education Academy expires June 30, 2025.
Approved Material Revisions of Current Charter:	The Board of Education approved a request for material revision on December 11, 2018, to add grade levels (grades 6-8), increase enrollment capacity (from 264 to 480), and change lottery date (from April to November).
Board Benchmarks in Current Charter Term:	Not applicable
Submission of Renewal Petition Application:	GEA submitted its renewal petition application on August 22, 2024. The 90-day statutory timeline for Board action on the petition runs through November 20, 2024.
Concurrent Request for Material Revision:	Not applicable
Master Plan for English Learners and Standard English Learners:	GEA implements the LAUSD's Master Plan for English Learners and Standard English Learners.
Special Education SELPA	GEA participates in LAUSD Special Education Local Plan Area (SELPA) Option 2.

B. Charter School Operator

Global Education Academy is operated by Global Education Collaborative, a California nonprofit public benefit corporation. Global Education Collaborative operated one other LAUSD-authorized charter school in the 2024-2025 school year, which voluntarily closed effective August 13, 2024.

IV. STUDENT ACHIEVEMENT AND EDUCATIONAL PERFORMANCE

a. Summary

GEA has been identified by the state as a High performing charter school. The recommendation for renewal has considered the schoolwide performance and performance of numerically significant student groups. Please see the attached Global Education Academy Data Set.

b. Measurements of Academic Performance on the California School Dashboard

Due to the COVID-19 pandemic, the 2022 Dashboard only displayed one year of data (also known as Status). Status Levels were reported based on the 2021-2022 school year data using one of five Status Levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status Levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Below, the 2023 Dashboard Performance Levels (colors) based on two years' data are provided.

Global Education Academy Dashboard Indicators

School Year	ELA	Math	English Learner Progress	College/Career	Chronic Absenteeism	Graduation Rate	Suspension Rate
2021-2022	Medium	Low	High	Not applicable	Very High	Not applicable	Very Low
2022-2023	Yellow	Orange	Orange	Not applicable	Red	Not applicable	Red

Data Sources: CA School Dashboard Research Files (<https://www.cde.ca.gov/ta/ac/cm/dashboardresources.asp?tabsection=3>)

c. English Language Arts Indicator

In 2022 in English Language Arts (ELA), the charter school's Distance from Standard (DFS) was higher than the state for All Students and higher than the state for all three numerically significant student groups. In 2023 in ELA, the charter school's DFS was higher than the state for All Students and higher than the state for all four numerically significant student groups. The Students with Disabilities student group was numerically significant in 2023.

Global Education Academy - English Language Arts Indicator - 2021-2022

Student Group	Charter Participation Rate	Charter Level	Charter ELA (DFS)	State Level	State ELA (DFS)	Charter to State Comparison (DFS)

d. Math Indicator

In 2022 in Math, the charter school's DFS was higher than the state for All Students and higher than the state for all three numerically significant student groups. In 2023 in Math, the charter school's DFS was higher than the state for All Students and higher than the state for all four numerically significant student groups. The Students with Disabilities student group was numerically significant in 2023.

Global Education Academy - Math Indicator - 2021-2022

e. English Learner Progress Indicator

In 2022 on the English Learner Progress Indicator (ELPI), the charter school's Status Level of High was higher than the state's Status Level of Medium. The charter school's English Learner Progress Rate was higher than the state's rate. In 2023 on the ELPI, the charter school's performance color of Orange was lower than the state's color of Yellow. The charter school's English Learner Progress Rate was higher than the state's rate.

Global Education Academy - English Learner Progress Indicator - 2021-2022

f. College/Career Indicator

Not applicable

g. Chronic Absenteeism Indicator

In 2022 on the Chronic Absenteeism Indicator, the charter school's rate of chronic absenteeism was lower than the state for All Students and for all four numerically significant student groups. In 2023 on the Chronic Absenteeism Indicator, the charter school's rate of chronic absenteeism was higher than the state for All Students and for one of four numerically significant student groups.

In response to the chronic absenteeism data, the charter school reports holding parent meetings and creating plans to improve attendance.

h. Graduation Indicator [HS only]

Not applicable

i. Suspension Rate Indicator

In 2022 and 2023, the charter school's percentage of students suspended at least once was lower than the state for All Students and for all numerically significant student groups.

In response to increases in the suspension rate, the charter school reports taking the following actions: Implementation of a schoolwide positive behavior intervention system, use of targeted behavior support, and working with parents to ensure the parents understand behavior expectations and regarding students for positive choices.

j. Dashboard Local Indicators

Staff also considered the Local Indicators (e.g., Basic: Teachers, Instructional Materials, Facilities; Implementation of Academic Standards; Parent and Family Engagement; Local Climate Survey; Access to a Broad Course of Study) which have all been reported as “Met.”

k. Reclassification Rates

As of the writing of this report, reclassification data for 2021-2022 and 2022-2023 have not been published by the state.

l. Additional Information

Global Education Academy’s teachers are represented by United Teachers Los Angeles.

V. ANNUAL PERFORMANCE-BASED OVERSIGHT RESULTS

In accordance with Education Code section 47604.32, the District’s Charter Schools Division (CSD) conducts at least one school site visit each year where the CSD evaluates charter school performance in the following four categories: Governance; Student Achievement and Educational Performance; Organizational Management, Programs, and Operations; and Fiscal Operations. Charter schools are rated in each category based on information and evidence gathered at the time of the annual performance-based oversight visit following a four-point rubric: (4) *Accomplished*, (3) *Proficient*, (2) *Developing*, and (1) *Unsatisfactory*. Please see below for GEA outcomes on its annual oversight evaluation reports for the last two years.

a. Governance

Oversight Ratings/Concerns	
2022-2023	<i>Accomplished</i>
2023-2024	<i>Proficient</i>
Concerns	No unresolved issues pending

b. Student Achievement and Educational Performance

Oversight Ratings/Concerns	
2022-2023	<i>Proficient</i>
2023-2024	<i>Developing</i>
Concerns	The rating of <i>Developing</i> in 2023-2024 was a result of the average score of CA School Dashboard indicators, specifically low ratings in Chronic Absenteeism and Suspension rates. While the charter school provided responses addressing the concerns, the CSD continues to monitor Global Education Academy’s performance in this category as part of the annual oversight.

c. Organizational Management, Programs, and Operations

Oversight Ratings/Concerns	
2022-2023	<i>Proficient</i>
2023-2024	<i>Developing</i>
Concerns	The rating of <i>Developing</i> in 2023-2024 was based on non-compliance with appropriate credentialing and assignment of certificated employees. While the charter school provided responses addressing the concerns, the CSD continues to monitor Global Education Academy’s performance in this category as part of the annual oversight.

d. Fiscal Operations

Oversight Ratings/Concerns	
2022-2023	<i>Proficient</i>
2023-2024	<i>Developing</i>
Concerns	The rating of <i>Developing</i> in 2023-2024 was primarily due to audit findings reported in Global Education Collaborative’s 2022-2023 independent audit report. See further details in the VIII. Fiscal Management and Performance section below.

VI. FISCAL MANAGEMENT AND PERFORMANCE

a. Fiscal Condition

Global Education Academy's fiscal condition is positive and has been upward trending since the 2019-2020 fiscal year.

	2019-2020 (Audited Actuals)	2020-2021 (Audited Actuals)	2021-2022 (Audited Actuals)	2022-2023 (Audited Actuals)	2023-2024 (Unaudited Actuals)
Net Assets	\$4,456,809	\$4,821,053	\$5,750,700	\$5,977,164	\$6,018,240
Net Income/Loss	\$192,305	\$210,506	\$929,647	\$226,464	\$41,706
Transfers In/Out	\$0	\$0	\$0	\$0	\$0
Prior Year Adjustment(s)	\$0	\$153,738 ¹	\$0	\$0	\$0
Norm Enrollment ²	242	277	327	367	379

¹Per Global Education Collaborative, the prior-year adjustment for the 2020-2021 school year was primarily due to a correction of the over-allocated space reimbursement fees owed to the District by Global Education Academy 2, another charter school operated by Global Education Collaborative, which were subsequently paid in full. These fees were incorrectly recorded as a liability owed by Global Education Academy.

²Global Education Academy proposes to decrease its enrollment capacity to 414 for its renewal charter term. See Section **I. ACTION PROPOSED** above. The CSD will continue to monitor Charter School's student enrollment and financial condition as part of its oversight process.

b. 2022-2023 Independent Audit Report

Audit Opinion: Unmodified/Unqualified

Material Weaknesses: Yes

Deficiencies/Findings: None Reported

Lack of a Going Concern: None Reported

Global Education Collaborative's 2022-2023 annual independent audit report identified noncompliance with state program rules and regulations for the After/Before School Education and Safety Program (ASES), specifically citing two material weaknesses: (1) a lack of processes or procedures to prioritize enrollment for students who were identified as homeless youth or in foster care at the time of application; and (2) inadequate processes or procedures to ensure proper monitoring and verification of the attendance reporting. Global Education Collaborative stated that they would take steps to prevent future ASES reporting issues, including providing additional training for ASES site coordinators and instructors, as well as cross-checking monthly attendance reports with sign-in sheets to ensure accuracy in attendance reporting. The CSD will continue to monitor the organization's implementation of its corrective action plans as part of its ongoing oversight process.

c. Other Significant Fiscal Information

The financial condition of the charter operator is summarized in the table below.

Academic Performance - English Language Arts

This report shows the performance levels for a single state indicator, English Language Arts, for all student groups. It also shows how the current year (status, DFS) compares to prior years (change) for each state indicator. Status and change each have five possible levels, which are displayed with the data for each indicator. A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "--" means that data is not currently available. Note: Charter Schools are treated as schools (not LEAs) when it comes to reporting Foster Youth and Homeless student groups. Charter schools will need at least 30 or more Foster Youth, or 30 or more Homeless students, to receive a status level for each student group.

Participation Rate Report below displays the percent of students tested by content area. The Every Student Succeeds Act requires districts and schools to test at least 95 percent of all students and student groups in English language arts and mathematics. It also requires states to factor the participation rate into the Academic Indicator. For any local educational agency (LEA), school, or student group with less than 95 percent of students tested, the ESSA requires a penalty to be applied to the Academic Indicator. To meet this federal requirement, California assigns the Lowest Obtainable Scale Score (LOSS) to each student needed to bring the participation rate of the school, district, and/or student group to 95 percent. The LOSS assigned to each of these students who did not test will be used in calculating the Distance from Standard (DFS).

English Learner Progress Indicator (ELPI)

This report shows the percentage of current English learner (EL) students making progress towards English language proficiency at their school. The English Learner Progress Indicator (ELPI) relies on the results of the Summative English Language Proficiency Assessment (ELPAC), including Summative Alternate ELPAC results, to determine EL student progress. For the EL students taking the Summative ELPAC, those who increase an ELPI level or maintain ELPAC Level 4 are counted as making progress towards English language proficiency. ELPI Change measures the rate at which schools are improving their ability to move their EL students towards English language proficiency. It is the difference between the prior year Status and the current year Status. A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "--" means that data is not currently available.

Districts and schools that do not meet the 95 percent participation rate on the Summative ELPAC and Summative Alternative ELPAC and have at least 30 EL students enrolled during the testing window (February 1 to May 31) will receive a modified ELPI rate on the California School Dashboard (Dashboard). For each district and school that does not meet the 95 percent target, the minimum number of students needed to reach a participation rate of at least 95 percent is determined. The resulting number of students will be counted as not making progress in the current ELPI Status calculation.

Chronic Absenteeism

This report shows the percentage of students in Kindergarten through grade eight who were absent 10 percent or more of the school year. For most state indicators, the desired outcome is to have a high percentage of performance in the current year. However, chronic absenteeism has a reverse goal of having the lowest percentage of students chronically absent in the current year. Current and prior year data is compared to see whether a school made improvement (i.e., had a lower rate of Chronic Absenteeism in 2023 than it did in 2022) or did worse (i.e., had a higher rate in 2023). Taken together, current year data and its comparison with prior year data will give a performance level (color). A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. Suspension Rate Indicator

This report shows the number of students who have an aggregate suspension of at least one full day. A student is counted as suspended in the suspension rate only once regardless of multiple suspensions or multiple days of suspension. For most state indicators, the desired outcome is a high percentage of performance in the current year and an increase from the prior year. However, for the Suspension Rate indicator, the desired outcome is a low rate in the current year and a decline from the prior year. Current and prior year data is compared to see whether a school made improvement (i.e., had a lower rate of suspension in 2022-23 than it did in 2021-22) or did worse (i.e., had a higher rate in 2022-23 than in 2021-22). Taken together, current year data and its comparison with prior year data will give a performance level (color). A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "--" means that data is not currently available.

Enrollment Report

This report displays CALPADS K-12 enrollment number and percentages of select student groups. Annual enrollment consists of the number of students primarily enrolled on Census Day (the first Wednesday in October). This information was submitted by local educational agencies (LEAs) and charter schools to the California Department of Education (CDE) as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS). These data were reviewed and certified in CALPADS as being accurate by authorized district or school personnel. In order to certify data in CALPADS, authorized district or charter school personnel are required to review the accuracy of all data associated with the applicable CALPADS submission. The California Department of Education collects some data on GATE programs through the California Longitudinal Pupil Achievement Data System (CALPADS); however, this information is submitted by LEAs on a voluntary basis and it wouldn't necessarily be accurate as per CDE. Source: Data collected by the California Department of Education (CDE) through the California Longitudinal Pupil Achievement Data System (CALPADS), California School Dashboard, and testing vendor. Aggregate data files are provided by the CDE – Data Reporting Office at <http://www.cde.ca.gov/ds/sd/filesenr.asp> and California School Dashboard System of Support <https://www.cde.ca.gov/ta/ac/cm/>. Please note: There may be slight differences with some of the information in this report and with what is displayed in Dataquest and CA Dashboard due to changes in file modifications such as Date Modified, Date Posted, other data updates by the testing vendor and updates in CALPADS.

RECLASSIFICATION RATES

This reports shows a two year comparison of the number of English Learners (ELs) on Census Day, the number of students reclassified since the prior Census Day, and the reclassification rate for each specified year. The reclassification rate, displayed in percentage, is calculated by dividing the number reclassified by the number of prior year ELs.

Long-Term English Learners (LTEL) and "At-Risk"

Note: The "EL Total" column in this report displays the summed total of the disaggregated English Learner (EL) data in the four columns under the "English Learners" heading. The "Total (Ever-EL)" column displays the summed total of the data in the "RFEP" column plus the data in the four columns under the "English Learners" heading OR the data in the "EL Total" column, but not both. The percent values displayed in this report are calculated as a percent of the "Total (Ever-EL)" which fully and more accurately considers what happens to all EL students over time, including those who are Reclassified Fluent English Proficient (RFEP). Students with Disabilities Report

This report displays the K-12 enrollment and the number of K-12 students with disabilities total, by incidence category, and by eligibility as reported on the Census Day (First Wednesday in October) CALPADS Fall 1 Certified Student Profile List Report (Report 8.1) submitted by LEAs (Local Education Agencies). LEAs are required to "certify" specified data during submission windows. The CDE uses certified data for state and federal reporting and to develop accountability metrics. Once data are certified by an LEA following the close of the Amendment Window, they are "frozen" and cannot be amended. Note: Students with disabilities counts and percentages in this report may be higher or lower for some schools when comparing this report counts with 2021-22 Enrollment by Student Group counts posted in DataQuest by the CDE due to the accuracy of all data associated with the applicable CALPADS submission. CALPADS certification is a two-step process with Level-2 certification reserved for the district superintendents, charter school administrators, or their designees. High incidence eligibilities are indicated by an asterisk (*). Source: Data collected by the California Department of Education (CDE) through the California Longitudinal Pupil Achievement Data System (CALPADS), California School Dashboard, and testing vendor. LOS ANGELES UNIFIED SCHOOL DISTRICT
Board of Education Report
 DESEGREGATION IMPACT STATEMENT (DIS)
 GLOBAL EDUCATION ACADEMY
 BOARD OF EDUCATION REPORT 085 – 24/25
 November 19, 2024

I. Category of Proposed Action:

The proposed action would renew the charter for five (5) years, beginning July 1, 2025 until June 30, 2030 to serve up to 414 students in grades TK-8 in each year of the charter term.

II. Summary Description of Current District Practice:

Charter schools are schools of choice by legislation and are open to any student in the State of California. Charter schools are granted renewal for single charter status for a minimum period of two years to a maximum of seven (7) years, depending on the state's classification of High, Middle or Low for a charter school's performance pursuant to applicable law. Low performing charter schools may be renewed for a period of two years, Middle performing charter schools for five years, and High performing charter schools may receive a term of five, six or seven years. It should be noted, however, that although State legislation allows students to attend a charter school from any area in the state, the Los Angeles Unified School District (LAUSD) is under Court Order, Crawford v. LAUSD, which applies to all schools within or chartered through the LAUSD. Any modifications to the Court-Ordered Integration Program must first be approved by Student Integration Services.

III. Proposed Change:

The approval of this charter petition would renew the charter of Global Education Academy for five (5) years beginning July 1, 2025 until June 30, 2030.

IV. Effects of This Proposal:

The Los Angeles Unified School District (LAUSD) does not guarantee availability of Court-ordered Integration funding. The charter school will be responsible for maintaining the Court Order and providing information requested by the LAUSD as set forth in the Charter petition. Modifications or school decisions cannot negatively impact or cause additional costs to the Court-ordered Integration budget.

V. Analyze the Impact of This Proposal on Integration, Desegregation, Re-segregation and/or Segregation:

If the Charter goals are met, there should be positive results on the five (5) Harms of Racial Isolation which are low academic achievement, low self-esteem, lack of access to post-secondary opportunities, interracial hostility and intolerance, and overcrowded conditions. The Court-ordered Integration Program for participating students will operate under various Court Orders for schools within the Los Angeles Unified School District. Any modification of the Court-ordered Integration Program must first be approved by Student Integration Services.

VI. If proposed action affects negatively any desegregation program, list other option(s) identified:

If the District Court-ordered Integration Guidelines are followed, there will not be a negative effect on the District's Court-ordered Integration Program.
