Approval of the Renewal Petition for Montague Charter Academy for the Arts and Sciences [PUBLIC HEARING]

Charter Schools Division

Brief Description:

(Approval of the Renewal Petition for Montague Charter Academy for the Arts and Sciences) - [PUBLIC HEARING] Recommends approval of the renewal petition for Montague Charter Academy for the Arts and Sciences, located in Board District 6 and Region North, for five (5) years, beginning July 1, 2025, until June 30, 2030, to serve up to 955 students in grades TK-5 in each year of the charter term.

Action Proposed:

Approve the renewal petition for Montague Charter Academy for the Arts and Sciences ("Charter School"), located in Board District 6 and Region North, for five (5) years, beginning July 1, 2025 until June 30, 2030, to serve to up 955 students in grades TK-5 in each year of the charter term. The recommendation for approval is based on the information set forth in the attached Staff Assessment and Recommendation Report. The school's renewal petition includes a reduction of enrollment capacity from 994 to 955.

Background:

Montague Charter Academy for the Arts and Sciences is a TK-5 school currently serving 843 students on a private facility at 13000 Montague St., Pacoima, CA, 91331 in Board District 6 and Region North. Montague Charter Academy for the Arts and Sciences was originally approved by the LAUSD Board of Education on July 15, 1996. Pursuant to Education Code section 47607.4, all charter schools whose term expires on or between January 1, 2022, and June 30, 2025, inclusive, shall have their term extended by two years, and all charter schools whose term expires on or between January 1, 2024, and June 30, 2027, inclusive, shall have their term extended by one additional year. Thus, by operation of law, the charter term for Montague Charter Academy for the Arts and Sciences expires June 30, 2025.

On November 14, 2024, Montague Charter Academy for the Arts and Sciences submitted its charter renewal petition application to the Charter Schools Division seeking to continue operations of its independent charter school. The 90-day statutory timeline for Board action on this petition runs through February 12, 2025.

An initial Public Hearing was held on December 10, 2024.

Based on a comprehensive review and assessment of Charter School's renewal petition application and its record of performance, staff has determined that Charter School has met the requirements for renewal and therefore recommends approval of the renewal petition.

Due Diligence:

Current Montague Charter Academy for the Arts and Sciences governing board members completed

questionnaires so the District may assess whether any conflicts of interest arise based on the information provided. A due diligence review of the charter school and its governing organization, school leader, and financial manager, was performed by the Office of the Inspector General.

Statutory Framework and Criteria for Renewal:

A charter school must demonstrate that it is eligible for a renewal of its charter by meeting specific renewal criteria outlined in the Charter Schools Act. The renewal criteria prescribed in Education Code sections 47607 and 47607.2 requires a three-pronged analysis:

Criterion 1: The Charter Schools Act provides that renewals are governed by the standards and criteria described in Education Code section 47605 applicable to initial petitions. The first criterion considered in reviewing a renewal petition requires an analysis of the following:

- Whether the petition includes a sound educational program;
- Whether the petition contains a reasonably comprehensive description of the 15 elements required for petitions;
- Whether the petition contains an affirmation of each of the conditions described in Education Code section 47605(e); and
- Whether the charter school is likely to successfully implement the program set forth in the petition. Education Code section 47607(b) provides that renewals are governed by the standards and criteria described in section 47605 applicable to initial petitions. (The Board may not consider the community impact analysis or District fiscal analysis in determining whether to grant or deny a renewal petition).

Criterion 2: The Board is required to consider the charter school's performance on the California School Dashboard accountability indicators. Education Code sections 47607 and 47607.2 prescribe three-tiers of performance classification in which a charter school falls within one of the following categories - "high," "middle," or "low." The three-tier classification considers a charter school's performance on the California School Dashboard accountability indicators, with an emphasis on the measurements of academic performance.

Criterion 3: Notwithstanding Criterion 1 and 2, the Board must also consider whether the charter school's enrollment or dismissal practices are discriminatory as grounds for nonrenewal. (Ed. Code, § 47607 (e).) Additionally, the Board considers whether the charter school has substantial fiscal or governance factors as grounds for nonrenewal. (Ed. Code, § 47607(e).)

Expected Outcomes:

Charter School is expected to operate its school in a manner consistent with Board action, policies and requirements, local, state, and federal law including ordinances, statutes, and regulations as well as with the terms and conditions set forth in Charter School's petition. The measurable pupil outcomes and method by which pupil progress toward outcomes will be measured are set forth in the charter petition.

Board Options and Consequences:

"Yes" - If the Board adopts the recommendation of approval of the renewal charter petition, Charter School would be authorized to continue operations as a charter school for the charter term beginning July 1, 2025.

"No" - If the Board does not adopt the recommendation of approval, and instead takes specific action to deny the renewal charter petition, Charter School would not be authorized to continue operations as a charter school.

The petitioners may appeal a denial to Los Angeles County Board of Education. If the petition is approved on appeal by the Los Angeles County Board of Education, Charter School would be authorized by the Los Angeles County Board of Education. If the Los Angeles County Board of Education denies the renewal petition, the petitioners may appeal that denial to the California State Board of Education. If the denial of the renewal petition is reversed by the California State Board of Education, the California State Board of Education shall designate, in consultation with the petitioners, either the LAUSD Board or the Los Angeles County Board of Education as the chartering authority. This Board Report No. 193, accompanying documents, and transcript of the Board meeting, shall constitute the Board of Education's adopted written findings of fact for the denial of Charter School renewal petition.

Policy Implications:

All provisions in the FSDRL shall be consistent with and be governed by all applicable legal and District policy requirements. To the extent any inconsistency may exist between any provision contained in the FSDRL and any applicable legal and District policy requirement, those applicable legal and District policy requirements shall control and the FSDRL shall be updated accordingly.

Budget Impact:

State income and various other income sources to the District are reduced when current District students enroll at a charter school, and comparable or offsetting expenditure reduction may not occur in such cases. Under Education Code section 47604(d), a chartering authority that grants a charter to a charter school to be operated as or by a nonprofit public benefit corporation is not liable for the debts or obligations of the charter school or for claims arising from the performance of acts, errors, or omissions by the charter school, if the chartering authority has complied with all oversight responsibilities required by law including, but not limited to, those required by Education Code section 47604.32 and Education Code section 47605(m). As the chartering authority, the District will continue to monitor and evaluate the charter school's fiscal condition and operations, and management of public funds, including review of all legally required fiscal reports, and the annual update of the charter school's LCAP. (Ed. Code, §§ 47604.32, 47604.33, 47606.5.) Any significant modifications to the charter school's charter or operations that raise financial implications would require a material revision prior to implementation. Charter schools are expected to secure and maintain all insurance coverage consistent with all applicable legal, District and charter requirements.

Charter School has selected to join the LAUSD Special Education Local Planning Area (SELPA) Option 3. Charter School's fair share contribution to special education will be 10% of the charter school's AB 602 (rate includes Base, Cost-of-Living Adjustment (COLA), and Growth/Decline reduced by the amount withheld for Program Specialist/Regionalized Services) and Federal IDEA revenues. This amount will be paid from Charter School's Local Control Funding Formula ("LCFF") funds or other unrestricted revenue sources and will be allocated to support the existing District-wide administration of special education supports and services. The amount withheld by the District from the Program Specialist/Regionalized Services in fiscal year will continue to be withheld and adjusted annually for COLA. An additional 10% of special education revenues will be retained by the District and allocated as directed by the Advisory Board and members of the LAUSD SELPA Option 3, with the leadership of the Director, Charter Operated Programs. These funds will be used to support the personnel for the members of the LAUSD SELPA Option 3; build management and operating procedures to create an infrastructure to support schools in meeting the needs of students with mild to severe disabilities; and, to create and implement new programs that serve students in charter schools. If Charter School does not spend their allocation of special education funds during a fiscal year of the charter petition period, the allocation of special education funds to Charter School for the next fiscal year will be reduced in an amount equal to the

unspent special education funds of the previous fiscal year.

In addition to the payments required under this option, Charter School may request specific special education related services from the District through fee-for-service arrangements that will reflect the calculated cost of the requested services and will be contingent on the District's available resources.

Any change in the Option election that occurs during Charter School's charter term shall be mutually agreed upon and addressed in a Memorandum of Understanding (MOU) between the charter school and the District. The new Option election shall be effective on July 1 of the next school year with the corresponding fair share contribution.

Student Impact:

As stated in the LAUSD Policy and Procedures for Charter Schools, "[W]hen the LAUSD Board authorizes and oversees a charter school, it establishes a relationship to advance its vision and mission and to accelerate gains in academic achievement and accountability for all of its students and public schools," (Policy, p.3). Based on a comprehensive review and assessment of Charter School's renewal petition application, staff has determined that Charter School has met the requirements for charter school approval.

Equity Impact:

Not applicable

Issues and Analysis:

If all applicable pending issues, including but not limited to special education requirements, special education local planning area (SELPA) requirements, governance, fiscal and facilities matters, are not resolved at the time of the Board meeting, the item may be pulled from the agenda as consistent with the Charter Schools Act and the LAUSD Policy and Procedures for Charter Schools.

STAFF RECOMMENDATION:	Approval for a five (5)-year term (2025-2030)		
PROPOSED BENCHMARKS:	None		

STAFF ASSESSMENT

I. ACTION PROPOSED

Staff recommends approval of the renewal petition for Montague Charter Academy for the Arts and Sciences (“MCA” or “Charter School”), located in Board District 6 and Region North, for a term of five (5) years, beginning July 1, 2025, until June 30, 2030, to serve up to 955 students in grades TK-5 in each year of the charter term. The school is requesting to decrease its current enrollment capacity from 994 students to 955 students to align with its enrollment projections based on the enrollment trends in the current term.

II. RENEWAL REQUIREMENTS

Upon submission, District staff comprehensively reviews each renewal petition application to determine whether the school has met the requirements for renewal set forth in Education Code sections 47605, 47607, 47607.2, and 47611.5.

Criteria for Charter School Renewal and Grounds for Nonrenewal

As part of staff's holistic review of the renewal petition application, the charter school must be determined to be eligible for renewal of its charter under the specific renewal criteria outlined in the Charter Schools Act. The renewal criteria prescribed in Education Code sections 47607 and 47607.2 requires a three-pronged analysis:

- **Criterion 1:** Does the renewal petition include a sound educational program, a reasonably comprehensive description of the 15 elements required for petitions, an affirmation of each of the conditions described in Education Code section 47605(e), and are petitioners likely to successfully implement the program set forth in the petition? (Ed. Code, § 47607(b).)
These criteria have been determined not to be bases for denial.
- **Criterion 2:** Is the charter school “high,” “middle,” or “low” performing? (see Ed. Code, §§ 47607(c), 47607.2(a), and 47607.2(b).) Has the charter school attained measurable increases in academic achievement schoolwide and for numerically significant student groups served by the charter school, and does the charter school have strong postsecondary outcomes, if applicable?
These criteria have been determined not to be bases for denial.
- **Criterion 3:** Is the charter school serving all pupils who wish to attend, or does the charter school have substantial fiscal or governance issues? (Ed. Code, § 47607(e).)
These criteria have been determined not to be bases for denial.

Charter Petition Requirement:

In accordance with Education Code section 47611.5, a charter school charter shall contain a declaration regarding whether or not the charter school shall be deemed the exclusive public school employer of the employees at the charter school for the purposes of Section 3540.1 of the Government Code, and that declaration shall not be materially inconsistent with the charter.

- Does the petition contain a declaration of whether or not the charter school shall be deemed the exclusive public employer of the employees of the charter school?
This requirement has been determined not to be a basis for denial.

III. GENERAL SCHOOL INFORMATION

A. School History

	Montague Charter Academy for the Arts and Sciences
Initial Authorization:	On July 15, 1996, Montague Charter Academy for the Arts and Sciences (formerly named Montague Charter Academy) was authorized by the LAUSD Board of Education to serve students in grades K-5.

	Montague Charter Academy for the Arts and Sciences
Most Recent Renewal	The charter was renewed on February 14, 2017 for a five-year term (July 1, 2017 - June 30, 2022) to serve up to 994 students in grades TK-5. Pursuant to Education Code section 47607.4, all charter schools whose term expires on or between January 1, 2022, and June 30, 2025, inclusive, shall have their term extended by two years, and all charter schools whose term expires on or between January 1, 2024, and June 30, 2027, inclusive, shall have their term extended by one additional year. Thus, by operation of law, the charter term for Montague Charter Academy for the Arts and Sciences expires June 30, 2025.
Approved Material Revisions of Current Charter:	Not applicable
Board Benchmarks in Current Charter Term:	On February 14, 2017, as part of the school's most recent renewal, the LAUSD Board of Education issued the following fiscal benchmarks to Montague Charter Academy for the Arts and Sciences: MCA's Governing Board and Executive Team will provide the following items and notify CSD upon implementation of each: ♦ Annually (by June 30) - As approved by MCA's Board on January 3, 2017, starting from FY 2016-2017, MCA will make appropriate annual contributions to fund its OPEB obligation. The annual contribution amount may change subject to the further actuarial analysis and Board resolutions. ♦ Annually (by December 31) - A remeasurement of OPEB plan liabilities will be completed at least annually (ASC 715) taking into account changes in assumptions, plan provisions, and census data as appropriate to the extent that failing to reflect such change would materially impact the results. ♦ Quarterly (by the close of the quarterly month), beginning March 31, 2017 - MCA will continue to operate a balanced budget with positive operational net income approved by the Board. ♦ Monthly, beginning March 2017 - MCA will provide CSD and MCA's Board of Directors monthly financial reports (including variances between

	Montague Charter Academy for the Arts and Sciences
Board Benchmarks in Current Charter Term: (cont.)	budgets vs. actuals and relevant explanations) for oversight. Please see the “Additional Information” section below.
Submission of Renewal Petition Application:	Montague Charter Academy for the Arts and Sciences submitted its renewal petition application on November 14, 2024. The 90-day statutory timeline for Board action on the petition runs through February 12, 2025.
Concurrent Request for Material Revision:	Not applicable
Master Plan for English Learners and Standard English Learners:	Montague Charter Academy for the Arts and Sciences implements its own Master Plan for English Learners and Standard English Learners.
Special Education SELPA	Montague Charter Academy for the Arts and Sciences participates in LAUSD Special Education Local Plan Area (SELPA) Option 3.

B. Charter School Operator

MCA is operated by Montague Charter Academy for the Arts and Sciences, a California nonprofit public benefit corporation that does not operate other LAUSD-authorized charter schools

IV. STUDENT ACHIEVEMENT AND EDUCATIONAL PERFORMANCE

a. Summary

MCA has been identified by the state as a Middle performing charter school. The recommendation for renewal has considered the schoolwide performance and performance of numerically significant student groups and the state and local indicators reported on the California School Dashboard, and whether there was clear and convincing verified data evidence showing the school demonstrated measurable increases in academic achievement, as defined by at least one year’s progress in each year in school, and/or strong postsecondary outcomes, as applicable. The charter school has attained measurable increases in academic achievement schoolwide and for numerically significant student groups. Please see the attached Montague Charter Academy for the Arts and Sciences Data Set.

b. Measurements of Academic Performance on the California School Dashboard

Due to the COVID-19 pandemic, the 2022 Dashboard only displayed one year of data (also known as Status). Status Levels are reported based on the 2021-2022 school year data using one of five Status Levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status Levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Below,

the 2023 and 2024 Dashboard Performance Levels (colors) based on two years' data are provided.

l. Additional Information

Benchmark 1:

Annually (by June 30) -

As approved by MCA’s Board on January 3, 2017, starting from FY 2016-2017, MCA will make appropriate annual contributions to fund its OPEB obligation. The annual contribution amount may change subject to the further actuarial analysis and Board resolutions.

Benchmark 1 was met. MCA has made annual contributions to fund its OPEB obligation per Charter School’s funding analysis performed by its actuary.

Benchmark 2:

Annually (by December 31) -

A remeasurement of OPEB plan liabilities will be completed at least annually (ASC 715) taking into account changes in assumptions, plan provisions, and census data as appropriate to the extent that failing to reflect such change would materially impact the results.

Benchmark 2 was met. MCA has updated its OPEB liabilities in accordance with its annual Account Standards Codification (ASC) 715 reports prepared by its actuary.

Benchmark 3:

Quarterly (by the close of the quarterly month), beginning March 31, 2017 - MCA will continue to operate a balanced budget with positive operational net income approved by the Board.

Benchmark 3 was met.

Benchmark 4:

Monthly, beginning March 2017 -

MCA will provide CSD and MCA's Board of Directors monthly financial reports (including variances between budgets vs. actuals and relevant explanations) for oversight.

Benchmark 4 was met.

V. ANNUAL PERFORMANCE-BASED OVERSIGHT RESULTS

In accordance with Education Code section 47604.32, the District’s Charter Schools Division (CSD) conducts at least one school site visit each year where the CSD evaluates charter school performance in the following four categories: Governance; Student Achievement and

Educational Performance; Organizational Management, Programs, and Operations; and Fiscal Operations. Charter schools are rated in each category based on information and evidence gathered at the time of the annual performance-based oversight visit following a four-point rubric: (4) *Accomplished*, (3) *Proficient*, (2) *Developing*, and (1) *Unsatisfactory*. Please see below for MCA's outcomes on its annual oversight evaluation reports for the last two years.

a. Governance

VI. VERIFIED DATA

Charter schools satisfying the middle performing criteria may be renewed for a specified term. (Ed. Code, § 47607.2 (b)(7).) A chartering authority must consider, among other requirements, clear and convincing evidence, demonstrated by verified data, showing the charter school's achieved measurable increases in academic achievement, or strong postsecondary outcomes. (Ed. Code, § 47607.2(b)(3).)

Pursuant to Education Code section 47607.2(c)(2), the State Board of Education (SBE) established criteria to define verified data and identified an approved list of valid and reliable assessments. Charter schools submitting verified data must adhere to the state-approved criteria.

ELA

Charter School provided data for Reading from “i-Ready K-8 by Curriculum Associates” (i-Ready) *Diagnostic Growth* report for 2020-2021, 2021-2022, 2022-2023, and 2023-2024 (“Final Diagnostic”) for All Students and for the following student groups¹: English Learner, Latino, Socioeconomically Disadvantaged, and Students with Disabilities. i-Ready is an adopted academic progress indicator approved by the SBE to be on the verified data list.

Per Education Code section 47607.2 (c)(2), the SBE established criteria to define verified data. To be eligible for inclusion as verified data, a data source (e.g., assessment or postsecondary outcome) must include the results of at least 95 percent of eligible students. Although the i-Ready *Diagnostic Growth* report shows the number of students assessed and the number of students currently enrolled, i-Ready’s publisher (Curriculum Associates) has shared that these numbers do not constitute an official participation rate that would reflect which students *should* have been tested, thereby an official participation rate is not provided. The *Diagnostic Growth* report provided by Charter School reported 800 students were assessed in Reading and 811 students were enrolled in i-Ready. Thus, based on the information provided by Charter School, the 2023-2024 assessment data appears to include at least 95% of eligible students.

For Reading, the i-Ready *Diagnostic Growth* report indicated that the Median Progress to Annual Typical Growth is 112%. Per the California SBE May 2023 Agenda Item #02, publisher guidance states, “Typical Growth marks the annual growth of an average student at a given placement. It provides a comparative or normative view of growth, answering how students are growing relative to comparable peers.” Therefore, based on i-Ready’s Median Progress to Typical Growth targets² to identify schools as having met California Charter School growth expectations, and Curriculum Associates recommendation “that schools that achieve a year’s worth of growth, adjusted for error, have exhibited sufficient growth,” Charter School met for All Students in Reading in 2023-2024.

As seen in the table below, Charter School provided the most recent data for four student groups and all four student groups demonstrated one year’s progress based on i-Ready’s Median Progress to Typical Growth Targets in 2023-2024.

i-Ready Diagnostic Growth Reading 2023-2024				
Student Groups	Number of Students Tested	i-Ready Growth Target	Reading: Progress to Annual Typical Growth (Median)	One Year’s Progress
All Students Grades K-5	800	Grades K-5: 75%	112%	Met

¹ Student group names that appear on the report may be different than names on the CA Dashboard (e.g., “Students with Disabilities” will be labeled as “Special Education” on i-Ready report).

² In 2023, Curriculum Associates revised typical growth targets in Reading to be 75% in Grades K-5 and 45% in Grades 6-8.

English Learner	297	Grades K-5: 75%	105%	Met
Latino	768	Grades K-5: 75%	112%	Met
i-Ready Diagnostic Growth Reading 2023-2024				
Socioeconomically Disadvantaged	664	Grades K-5: 75%	110%	Met
Students with Disabilities	135	Grades K-5: 75%	118%	Met

Note: An asterisk () indicates that the student group consists of less than 11 students, the minimum size for reporting.

Charter School also submitted verified data using i-Ready for the 2020-2021, 2021-2022, and 2022-2023 school years. Based on i-Ready's prior Typical Growth target of 50% of the students making 100% Typical Growth, Charter School did not meet the one year's progress for All Students or for any of the school's four student groups in 2020-2021 and 2021-2022. Charter School met the one year's progress for All Students and for three of the school's four student groups in Reading in 2022-2023.

MATH

Charter School provided data for Math from an "i-Ready K-8 by Curriculum Associates" (i-Ready) *Diagnostic Growth* report for 2020-2021, 2021-2022, 2022-2023, and 2023-2024 ("Final Diagnostic") for All Students and for the following student groups³: English Learner, Latino, Socioeconomically Disadvantaged, and Students with Disabilities. i-Ready is an adopted academic progress indicator approved by the California SBE to be on the verified data list.

Per Education Code section 47607.2 (c)(2), the SBE established criteria to define verified data. To be eligible for inclusion as verified data, a data source (e.g., assessment or postsecondary outcome) must include the results of at least 95 percent of eligible students. Although the i-Ready *Diagnostic Growth* report shows the number of students assessed and the number of students currently enrolled, i-Ready's publisher (Curriculum Associates) has shared that these numbers do not constitute an official participation rate that would reflect which students *should* have been tested, thereby an official participation rate is not provided. The *Diagnostic Growth* report provided by Charter School reported 800 students were assessed in Math and 811 students were enrolled in i-Ready. Thus, based on the information provided by Charter School, the 2023-2024 assessment data appears to include at least 95% of eligible students.

For Math, the i-Ready *Diagnostic Growth* report indicated that the Median Progress to Annual Typical Growth is 95%. Per the California State Board of Education May 2023 Agenda Item #02, publisher guidance states, "Typical Growth marks the annual growth of an average student at a given placement. It provides a comparative or normative view of growth, answering how students are growing relative to comparable peers." Therefore, based on i-Ready's Median Progress to Typical Growth targets⁴ to identify schools as having met California Charter School growth expectations, and Curriculum Associates recommendation "that schools that achieve a year's worth of growth, adjusted for error,

³ Student group names that appear on the report may be different than names on the CA Dashboard (e.g., "Students with Disabilities" will be labeled as "Special Education" on i-Ready report).

have exhibited sufficient growth,” Charter School met for All Students in Math in 2023-2024.

As seen in the table below, Charter School provided the most recent data for four student groups and all four student groups demonstrated one year’s progress based on i-Ready’s Median Progress to Typical Growth Targets in 2023-2024.

Student Groups	i-Ready Diagnostic Growth Math 2023-2024			
	Number of Students Tested	i-Ready Growth Target	Math: Progress to Annual Typical Growth (Median)	One Year’s Progress
All Students Grades K-5	800	Grades K-5: 80%	95%	Met
English Learner	297	Grades K-5: 80%	92%	Met
Latino	768	Grades K-5: 80%	96%	Met
Socioeconomically Disadvantaged	664	Grades K-5: 80%	94%	Met
Students with Disabilities	136	Grades K-5: 80%	93%	Met

Note: An asterisk (*) indicates that the student group consists of less than 11 students, the minimum size for reporting.

Charter School also submitted verified data using i-Ready for the 2020-2021, 2021-2022, and 2022-2023 school years. Based on i-Ready’s prior Typical Growth target of 50% of the students making 100% Typical Growth, Charter School did not meet the one year’s progress for All Students or for any of the school’s four student groups in Math in 2020-2021, 2021-2022, or 2022-2023.

Based on the review and consideration of verified data, Charter School included four years of data, including schoolwide and student group reports (English Learner, Latino, Socioeconomically Disadvantaged, and Students with Disabilities) for both ELA and Math. In 2020-2021, 2021-2022, 2022-2023, and 2023-2024, Charter School appears to have met 95 percent participation rate for schoolwide and all numerically significant student groups.

VII. FISCAL MANAGEMENT AND PERFORMANCE

a. Fiscal Condition

Montague Charter Academy for the Arts and Sciences’ fiscal condition is positive since the 2019-2020 fiscal year.

	2019-2020 (Audited Actuals)	2020-2021 (Audited Actuals)	2021-2022 (Audited Actuals)	2022-2023 (Audited Actuals)	2023-2024 (Audited Actuals)
Net Assets	\$563,375	\$1,463,265	\$4,668,724	\$7,338,538	\$7,046,800
Net Income/Loss	\$51,046	\$899,890	\$3,205,459	\$2,669,814	(\$291,738) ¹
Transfers In/Out	\$0	\$0	\$0	\$0	\$0

	2019-2020 (Audited Actuals)	2020-2021 (Audited Actuals)	2021-2022 (Audited Actuals)	2022-2023 (Audited Actuals)	2023-2024 (Audited Actuals)
Prior Year Adjustment(s)	\$0	\$0	\$0	\$0	\$0
Norm Enrollment ²	816	820	838	834	835

¹ As summarized in the financial highlights table above, there is an approximately \$3M decline in net income in Fiscal Year 2023-2024. Charter School reported a net income of \$2,669,814 for Fiscal Year 2022-2023, compared to a net loss of (\$291,738) for Fiscal Year 2023-2024. According to MCA, the significant variance is primarily attributed to OPEB adjustments based on the estimated net OPEB liability according to the annual actuarial reports for the respective school years: a net \$2.1M revenue recorded in Fiscal Year 2022-2023 and a net \$503K expense recorded in Fiscal Year 2023-2024, along with higher payroll expenses in Fiscal Year 2023-2024 due to bargaining agreements. Excluding the OPEB-related expenses (non-cash in nature), the school would have projected an operational surplus for Fiscal Year 2023-2024.

² MCA reported 843 Norm Enrollment for Fiscal Year 2024-2025. Charter School proposes to decrease its enrollment capacity to 955 for its renewal charter term. See Section I. **ACTION PROPOSED** above. The CSD will continue to monitor Charter School's student enrollment and financial condition as part of its oversight process.

2023-2024 Independent Audit Report

Audit Opinion: Unmodified/Unqualified

Material Weaknesses: None Reported

Deficiencies/Findings: None Reported

Lack of a Going Concern: None Reported

b. Other Significant Fiscal Information

MCA provides its employees with OPEB. According to MCA's most current actuarial report and independent audit report for the 2023-2024 school year, the school had a net defined benefit plan liability of \$1,425,240.

As noted above, MCA has met all the LAUSD approved fiscal benchmarks in the operative charter.

Academic Performance - English Language Arts

This report shows the performance levels for a single state indicator, English Language Arts, for all student groups. It also shows how the current year (status, DFS) compares to prior years (change) for each state indicator. Status and change each have five possible levels, which are displayed with the data for each indicator. A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "---" means that data is not currently available. Note: Charter Schools are treated as schools (not LEAs) when it comes to reporting Foster Youth and Homeless student groups. Charter schools will need at least 30 or more Foster Youth, or 30 or more Homeless students, to receive a status level for each student group.

Participation Rate Report below displays the percent of students tested by content area. The Every Student Succeeds Act requires districts and schools to test at least 95 percent of all students and student groups in English language arts and mathematics. It also requires states to factor the participation rate into the Academic Indicator. For any local educational agency (LEA), school, or student group with less than 95 percent of students tested, the ESSA requires a penalty to be applied to the Academic Indicator. To meet this federal requirement, California assigns the Lowest Obtainable Scale Score (LOSS) to each student needed to bring the participation rate of the school, district, and/or student group to 95 percent. The LOSS assigned to each of these students who did not test will be used in calculating the Distance from Standard (DFS).

English Learner Progress Indicator (ELPI)

This report shows the percentage of current English learner (EL) students making progress towards English language proficiency at their school. The English Learner Progress Indicator (ELPI) relies on the results of the Summative English Language Proficiency Assessment (ELPAC), including Summative Alternate ELPAC results, to determine EL student progress. For the EL students taking the Summative ELPAC, those who increase an ELPI level or maintain ELPAC Level 4 are counted as making progress towards English language proficiency. ELPI Change measures the rate at which schools are improving their ability to move their EL students towards English language proficiency. It is the difference between the prior year Status and the current year Status. A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. Districts and schools that do not meet the 95 percent participation rate on the Summative ELPAC and Summative Alternative ELPAC and have at least 30 EL students enrolled during the testing window (February 1 to May 31) will receive a modified ELPI rate on the California School Dashboard (Dashboard). For each district and school that does not meet the 95 percent target, the minimum number of students needed to reach a participation rate of at least 95 percent is determined. The resulting number of students will be counted as not making progress in the current ELPI Status calculation.

Note: Schools that do not meet the 95 percent participation rate on the Summative ELPAC and Summative Alternative ELPAC and have at least 30 EL students enrolled during the testing window (February 1 to May 31) will receive a modified ELPI rate on the California School Dashboard (Dashboard).

* Note: An asterisk (*) indicates that the student group consists of less than 11 students, the minimum size for reporting.

Chronic Absenteeism

This report shows the percentage of students in Kindergarten through grade eight who were absent 10 percent or more of the school year. For most state indicators, the desired outcome is to have a high percentage of performance in the current year. However, chronic absenteeism has a reverse goal of having the lowest percentage of students chronically absent in the current year. Current and prior year data is compared to see whether a school made improvement (i.e., had a lower rate of Chronic Absenteeism in 2023 than it did in 2022) or did worse (i.e., had a higher rate in 2023). Taken together, current year data and its comparison with prior year data will give a performance level (color). A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "--" means that data is not currently available.

Suspension Rate Indicator

This report shows the number of students who have an aggregate suspension of at least one full day. A student is counted as suspended in the suspension rate only once regardless of multiple suspensions or multiple days of suspension. For most state indicators, the desired outcome is a high percentage of performance in the current year and an increase from the prior year. However, for the Suspension Rate indicator, the desired outcome is a low rate in the current year and a decline from the prior year. Current and prior year data is compared to see whether a school made improvement (i.e., had a lower rate of suspension in 2022-23 than it did in 2021-22) or did worse (i.e., had a higher rate in 2022-23 than in 2021-22). Taken together, current year data and its comparison with prior year data will give a performance level (color). A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "--" means that data is not currently available.

Enrollment Report

This report displays CALPADS K-12 enrollment number and percentages of select student groups. Annual enrollment consists of the number of students primarily enrolled on Census Day (the first Wednesday in October). This information was submitted by local educational agencies (LEAs) and charter schools to the California Department of Education (CDE) as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS). These data were reviewed and certified in CALPADS as being accurate by authorized district or school personnel. In order to certify data in CALPADS, authorized district or charter school personnel are required to review the accuracy of all data associated with the applicable CALPADS submission. The California Department of Education collects some data on GATE programs through the California Longitudinal Pupil Achievement Data System (CALPADS); however, this information is submitted by LEAs on a voluntary basis and it wouldn't necessarily be accurate as per CDE. RECLASSIFICATION RATES

This reports shows a two year comparison of the number of English Learners (ELs) on Census Day, the number of students reclassified since the prior Census Day, and the reclassification rate for each specified year. The reclassification rate, displayed in percentage, is calculated by dividing the number reclassified by the number of prior year ELs.

Note: The "EL Total" column in this report displays the summed total of the disaggregated English Learner (EL) data in the four columns under the "English Learners" heading. Students with Disabilities Report

This report displays the K-12 enrollment and the number of K-12 students with disabilities total, by incidence category, and by eligibility as reported on the Census Day (First Wednesday in October) CALPADS Fall 1 Certified Student Profile List Report (Report 8.1) submitted by LEAs (Local Education Agencies). LEAs are required to "certify" specified data during submission windows. The CDE uses certified data for state and federal reporting and to develop accountability metrics. Once data are certified by an LEA following the close of the Amendment Window, they are "frozen" and cannot be amended. Note: Students with disabilities counts and percentages in this report may be higher or lower for some schools when comparing this report counts with 2021-22 Enrollment by Student Group counts posted in DataQuest by the CDE due to the accuracy of all data associated with the applicable CALPADS submission. CALPADS certification is a two-step process with Level-2 certification reserved for the district superintendents, charter school administrators, or their designees. High incidence eligibilities are indicated by an asterisk (*). Academic Performance - English Language Arts

This report shows the performance levels for a single state indicator, English Language Arts, for all student groups. It also shows how the current year (status, DFS) compares to prior years (change) for each state indicator. Status and change each have five possible levels, which are displayed with the data for each indicator. A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "--" means that data is not currently available. Note: Charter Schools are treated as schools (not LEAs) when it comes to reporting Foster Youth and Homeless student groups. Charter schools will need at least 30 or more Foster Youth, or 30 or more Homeless students, to receive a status level for each student group.

Participation Rate Report below displays the percent of students tested by content area. The Every Student Succeeds Act requires districts and schools to test at least 95 percent of all students and student groups in English language arts and mathematics. It also requires states to factor the participation rate into the Academic Indicator. For any local educational agency (LEA), school, or student group with less than 95 percent of students tested, the ESSA requires a penalty to be applied to the Academic Indicator. To meet this federal requirement, California assigns the Lowest Obtainable Scale Score (LOSS) to each student needed to bring the participation rate of the school, district, and/or student group to 95 percent. The LOSS assigned to each of these students who did not test will be used in calculating the Distance from Standard (DFS).

Academic Performance - Math

This report shows the performance levels for a single state indicator, Mathematics, for all student groups. It also shows how the current year (status, DFS) compares to prior years (change) for each state indicator. Status and change each have five possible levels, which are displayed with the data for each indicator. A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "--" means that data is not currently available. Note: Charter Schools are treated as schools (not LEAs) when it comes to reporting Foster Youth and Homeless student groups. Charter schools will need at least 30 or more Foster Youth, or 30 or more Homeless students, to receive a status level for each student group.

English Learner Progress Indicator (ELPI)

This report shows the percentage of current English learner (EL) students making progress towards English language proficiency at their school. The English Learner Progress Indicator (ELPI) relies on the results of the Summative English Language Proficiency Assessment (ELPAC), including Summative Alternate ELPAC results, to determine EL student progress. For the EL students taking the Summative ELPAC, those who increase an ELPI level or maintain ELPAC Level 4 are counted as making progress towards English language proficiency. ELPI Change measures the rate at which schools are improving their ability to move their EL students towards English language proficiency. It is the difference between the prior year Status and the current year Status. A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "--" means that data is not currently available.

Data collected by the California Department of Education (CDE) through the California Longitudinal Pupil Achievement Data System (CALPADS), California School Dashboard, and testing vendor. Aggregate data files are provided by the CDE – Data Reporting Office at <http://www.cde.ca.gov/ds/sd/filesenr.asp> and California School Dashboard System of Support <https://www.cde.ca.gov/ta/ac/cm/>. Districts and schools that do not meet the 95 percent participation rate on the Summative ELPAC and Summative Alternative ELPAC and have at least 30 EL students enrolled during the testing window (February 1 to May 31) will receive a modified ELPI rate on the California School Dashboard (Dashboard). For each district and school that does not meet the 95 percent target, the minimum number of students needed to reach a participation rate of at least 95 percent is determined. The resulting number of students will be counted as not making progress in the current ELPI Status calculation.

Chronic Absenteeism

This report shows the percentage of students in Kindergarten through grade eight who were absent 10 percent or more of the school year. For most state indicators, the desired outcome is to have a high percentage of performance in the current year. However, chronic absenteeism has a reverse goal of having the lowest percentage of students chronically absent in the current year. Current and prior year data is compared to see whether a school made improvement (i.e., had a lower rate of Chronic Absenteeism in 2023 than it did in 2022) or did worse (i.e., had a higher rate in 2023). Taken together, current year data and its comparison with prior year data will give a performance level (color). A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "--" means that data is not currently available.

Suspension Rate Indicator

This report shows the number of students who have an aggregate suspension of at least one full day. A student is counted as suspended in the suspension rate only once regardless of multiple suspensions or multiple days of suspension. For most state indicators, the desired outcome is a high percentage of performance in the current year and an increase from the prior year. However, for the Suspension Rate indicator, the desired outcome is a low rate in the current year and a decline from the prior year. Current and prior year data is compared to see whether a school made improvement (i.e., had a lower rate of suspension in 2022-23 than it did in 2021-22) or did worse (i.e., had a higher rate in 2022-23 than in 2021-22). Taken together, current year data and its comparison with prior year data will give a performance level (color). A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "--" means that data is not currently available.

LOS ANGELES UNIFIED SCHOOL DISTRICT

Board of Education Report

DESEGREGATION IMPACT STATEMENT (DIS)

MONTAGUE CHARTER ACADEMY FOR THE ARTS AND SCIENCE

BOARD OF EDUCATION REPORT 193 – 24/25

February 11, 2025

I. Category of Proposed Action:

The proposed action would renew the charter for five (5) years, beginning July 1, 2025 until June 30, 2030 to serve up to 955 students in grades TK-5 in each year of the charter term.

II. Summary Description of Current District Practice:

Charter schools are schools of choice by legislation and are open to any student in the State of California. Charter schools are granted renewal for single charter status for a minimum period of two years to a maximum of seven (7) years, depending on the state's classification of High, Middle or Low for a charter school's performance pursuant to applicable law. Low performing charter schools may be renewed for a period of two years, Middle performing charter schools for five years, and High performing charter schools may receive a term of five, six or seven years. It should be noted, however, that although State legislation allows students to attend a charter school from any area in the state, the Los Angeles Unified School District (LAUSD) is under Court Order, Crawford v. LAUSD, which applies to all schools within or chartered through the LAUSD. Any modifications to the Court-Ordered Integration Program must first be approved by Student Integration Services.

III. Proposed Change:

The approval of this charter petition would renew the charter of Montague Charter Academy for the Arts and Science for five (5) years beginning July 1, 2025 until June 30, 2030.

IV. Effects of This Proposal:

The Los Angeles Unified School District (LAUSD) does not guarantee availability of Court-ordered Integration funding. The charter school will be responsible for maintaining the Court Order and providing information requested by the LAUSD as set forth in the Charter petition. Modifications or school decisions cannot negatively impact or cause additional costs to the Court-ordered Integration budget.

V. Analyze the Impact of This Proposal on Integration, Desegregation, Re-segregation and/or Segregation:

If the Charter goals are met, there should be positive results on the five (5) Harms of Racial Isolation which are low academic achievement, low self-esteem, lack of access to post-secondary opportunities, interracial hostility and intolerance, and overcrowded conditions. The Court-ordered Integration Program for participating students will operate under various Court Orders for schools within the Los Angeles Unified School District. Any modification of the Court-ordered Integration Program must first be approved by Student Integration Services.

VI. If proposed action affects negatively any desegregation program, list other option(s) identified:

If the District Court-ordered Integration Guidelines are followed, there will not be a negative effect on the District's Court-ordered Integration Program.
