**Agenda Date:** 9/16/2025

**In Control:** Facilities

### Project Approval for the Fairfax High School Major Modernization Project

Facilities Services Division

#### Brief Description:

(Project Approval for the Fairfax High School Major Modernization Project) Recommends approval of the \$177,555,145 Fairfax High School Major Modernization Project and authorize staff to execute necessary instruments for implementation, following adoption of the California Environmental Quality Act (CEQA) Negative Declaration (ND).

#### Action Proposed:

- 1) Approve the proposed Fairfax High School Major Modernization Project (Project). The current project budget is \$177,555,145.
- 2) Authorize the Chief Procurement Officer and/or the Chief Facilities Executive and/or their designee(s) to execute all reasonable instruments to implement the proposed Project, including budget modifications and the purchase of equipment and materials.
- 3) Adopt the Office of Environmental Health and Safety's (OEHS) evaluation of the proposed Project which resulted in the preparation of a ND. Pursuant to CEQA Guidelines, and to permit construction activities to commence, this proposed action may only be considered after the Board adopts the ND prepared by OEHS in compliance with CEQA and State CEQA Guidelines for the proposed Project (Board Report No. 041-25/26).

#### Background:

On October 12, 2021, the Los Angeles Unified School District (Los Angeles Unified) Board approved the project definition for site due diligence, planning, and feasibility activities necessary at Fairfax High School (School or Campus) for a major modernization project. Subsequently, on June 13, 2023 the Board approved the redefinition of the Project to include the full scope, schedule, and budget to complete the Project, and on January 14, 2025 approved the Design-Build Contract Award to Pinner Construction Co., Inc. in partnership with DLR Group Inc. with a contract value of \$142,998,000.

Fairfax High School is located on a 23.63-acre school campus at 7850 Melrose Avenue within the City of Los Angeles (Board District 4, Region West). The School originally opened in 1924. All existing buildings were constructed between 1923 and 2011. As of the 2024-2025 Electronic Capacity Assessment Review (E-CAR), the school served approximately 1,500 students in grades 9 through 12.

The proposed Project includes the construction of a new gymnasium, five specialty classrooms, outdoor physical education courts, and maintenance and operations (M&O) facilities. The new two-story gymnasium building includes team rooms and locker rooms; a public entrance and lobby providing access to the building from the west parking area along Fairfax Avenue; and five new classrooms that will host Ceramics, Drama,

**In Control: Facilities**

---

Instrumental Music, Sports Medicine, and Dance classes. The outdoor physical education courts will be comprised of basketball/volleyball courts, adjacent areas with trees and seating.

Demolition activities will include the removal of the Shop Building, Gymnasium, M&O Building, Ticket Office, and Relocatable Sanitary Building, including foundations and below-grade and above-grade utility infrastructure associated with these buildings and structures. Interim facilities will be installed to allow the School to remain operational and minimize impacts during construction.

Additional improvements encompass exterior painting of all remaining buildings to provide a uniform appearance; associated landscape, hardscape, parking improvements, and related infrastructure upgrades including a new electrical transformer.

**Expected Outcomes:**

Approval of the proposed Project will permit construction activities to be undertaken once the Division of the State Architect (DSA) approval is secured. Construction activities are anticipated to begin in the first quarter of 2026 and be completed in the fourth quarter of 2029.

**Board Options and Consequences:**

Adoption of staff's proposal will permit Los Angeles Unified to proceed with the construction of the proposed Project after DSA approval is secured. If the proposed action is not adopted, staff will be unable to proceed with construction activities. As a result, the School will continue to operate with aging, deteriorating, and outdated buildings and grounds. Furthermore, students, staff and the community will not benefit from the significant facilities improvements that will be undertaken as part of the proposed Project.

**Policy Implications:**

This action helps facilitate the Facilities Services Division Strategic Execution Plan and supports the goals and objectives of the School Upgrade Program (SUP). The proposed action advances Los Angeles Unified's 2022-2026 Strategic Plan, Pillar 4 Operational Effectiveness, Modernizing Infrastructure by upgrading facilities to support the instructional program.

**Budget Impact:**

The proposed action does not have a budget impact as the Board previously authorized funding for the proposed Project when it approved the Project definition and authorized the design-build contract award. The current budget for the proposed Project is \$177,555,145. The proposed Project is funded by Bond Program funds targeted in the SUP for major modernizations, upgrades, and reconfigurations to school campuses.

**Student Impact:**

The proposed Project will help ensure that approximately 1,500 existing and future students attending the School are provided with safe and updated facilities that support learning.

**Equity Impact:**

The intent of the major modernization project is to address buildings and grounds that pose a safety concern and have the greatest need for upgrades with emphasis placed on seismic safety, reducing Los Angeles Unified's reliance on relocatable buildings, and addressing the most critical/severe physical conditions. While the proposed Project is extensive in nature, less critical items may not be addressed. This approach allows Los Angeles Unified to reach more schools with the limited funding available.

---

**File #:** Rep-042-25/26, **Version:** 1**Agenda Date:** 9/16/2025**In Control:** Facilities

---

**Issues and Analysis:**

OEHS evaluated the proposed Project to determine potential impacts on the environment in accordance with CEQA and State CEQA Guidelines. This evaluation, as documented in the Initial Study (IS), resulted in the preparation of the ND. The ND was circulated for a 30-day public review period from May 7, 2025, to June 6, 2025. The analysis documented in the IS/ND found that the proposed Project would not result in significant environmental impacts as a result of construction or operation of the proposed Project. Pursuant to State CEQA Guidelines, prior to the proposed Project proceeding into construction, the Board must adopt the ND and subsequently must approve the proposed Project.

In 2016, the Board authorized a proposal by Arts Fairfax to donate a new 3,300 square foot art gallery and classroom building (Gallery Building) at the School, consisting of an exhibition/classroom space, office space, conference room, storage, and restrooms. Additionally, the Board authorized the inclusion of the Gallery Building design in the construction bid documents for the Project as an add alternate. The Gallery Building scope of work was included as part of the CEQA analysis for potential environmental impacts and as referenced in the CEQA documents (IS/ND). Construction of the Gallery Building will only proceed if additional funding becomes available through future external and/or District sources.

## Board of Education Report

**File #:** Rep-044-25/26, **Version:** 1

**Agenda Date:** 9/16/2025

**In Control:** Facilities

### **Define and Approve Four Sustainable Environment Enhancement Developments for Schools (SEEDS) Projects and Amend the Facilities Services Division Strategic Execution Plan to Incorporate Therein** Facilities Services Division and Eco-Sustainability Office

#### **Brief Description:**

(Define and Approve Four Sustainable Environment Enhancement Developments for Schools Projects and Amend the Facilities Services Division Strategic Execution Plan to Incorporate Therein) Recommends to approve four Sustainable Environment Enhancement Developments for Schools (SEEDS) Projects totaling \$650,000 at four elementary schools (Latona Avenue, Oxnard, San Antonio, and Van Nuys) and authorize staff to execute all necessary implementation instruments.

#### **Action Proposed:**

- 1) Define and approve four SEEDS Projects at Latona Avenue Elementary School, Oxnard Elementary School, San Antonio Elementary School, and Van Nuys Elementary School (Projects), as described in Exhibit A, and amend the Facilities Services Division (Facilities) Strategic Execution Plan (SEP) to incorporate therein. The total combined budget for the four proposed Projects is \$650,000.
- 2) Authorize the Chief Facilities Executive, Chief Procurement Officer, and/or their designee(s) to execute all instruments necessary, as legally permissible, to implement the proposed SEEDS Projects, including budget modifications and the purchase of equipment and materials.

#### **Background:**

The SEEDS Program supports the development of projects that will enhance school sites by creating outdoor learning spaces in collaboration with school-based and community-led efforts (Program). There are two components to the Program:

1. Development of the outdoor learning space constructed by Los Angeles Unified includes capital investments, such as asphalt removal, installation of irrigation and utilities, and any associated testing and inspection.
2. Collaboration with a school site and/or partner organization that will outfit the outdoor learning space with the plant materials and landscaping features that align with the school's instructional vision and program. This component is essential to the success of each project.

Potential projects are identified through proposals submitted by schools and/or partners. A school site by itself, or in cooperation with a partner organization, may submit a SEEDS application to receive up to \$100,000 to create or improve an outdoor learning space. An additional \$50,000 is available to schools ranked in the top 150 on the Los Angeles Unified Greening Index of schools in need of green space as published in August 2022 (Greening Index).

**In Control: Facilities**

The Greening Index ranks the four schools as follows: Latona Avenue Elementary School (356), Oxnard Elementary School (104), San Antonio Elementary School (204), and Van Nuys Elementary School (310). Therefore, Oxnard Elementary School is eligible for the additional \$50,000 allocation.

District staff evaluates the proposals based on the specific criteria and requirements outlined in the SEEDS Program Guide to ensure each proposal meets the eligibility requirements. Proposals must include a written project narrative describing the project scope, an explanation of how the project will be integrated into the school's curriculum, and confirmation of the availability of resources to outfit and maintain the outdoor learning space. The recommended Projects included in this Board Report have been reviewed and have been found to comply with the program requirements, including feasibility and equitable distribution throughout the District.

**Bond Oversight Committee Recommendations:**

This item was considered by the School Construction Bond Citizens' Oversight Committee (BOC) at its meeting on September 4, 2025, as referenced in Exhibit B. The presentation that was provided is included as Exhibit C. Staff has concluded that this proposed Facilities SEP amendment is in alignment with BOC recommendations and will facilitate Los Angeles Unified's ability to successfully implement the Facilities SEP.

**Expected Outcomes:**

Approval of this proposed action will enable staff to proceed with the design and construction of these four proposed Projects. Approval of these greening Projects will improve the learning environment for students, teachers, and staff, increase sustainability, and enhance the outdoor school environment.

**Board Options and Consequences:**

Approval of this proposed action will authorize staff to proceed with the expenditure of Bond Program funds to execute these proposed Projects that support educational programs related to nutrition, health, literacy, math, and science. If these proposed projects are not approved, the school sites will not benefit from the creation of these outdoor learning spaces.

**Policy Implications:**

The proposed action is consistent with the District's long-term goal to address the unmet needs of school facilities and provide students with safe and healthy learning environments. The action is also aligned with Board Resolutions that reiterate Los Angeles Unified's commitment to creating green learning spaces (Expand Sustainable Schoolyards and Environmental Initiatives and Curriculum Board Resolution, Creating New School Gardens and Campus and Community-Shared Green Spaces to Provide Outdoor Learning Opportunities and Create Sustainable and Healthy Environments, and Green Schools for All: Equitable Funding and Expansion of Green Spaces across District Campuses). The proposed action advances Los Angeles Unified's 2022-2026 Strategic Plan Pillar 2 Joy and Wellness Welcoming Learning Environments by developing safe and sustainable green spaces, outdoor learning environments, and shaded areas at schools.

**Budget Impact:**

The combined project budget for the four proposed Projects is \$650,000. The Projects will be funded with Bond Program funds earmarked in the School Upgrade Program (SUP), specifically for school upgrades and reconfigurations to support wellness, health, athletics, learning, and efficiency.

The project budget for Latona Avenue Elementary School includes a contribution of \$200,000 from Bond Program funds earmarked for Board District Priority Projects in Board District 2 which will be transferred to

funds earmarked in the SUP for school upgrades and reconfigurations to support wellness, health, athletics, learning, and efficiency.

**Student Impact:**

The proposed SEEDS projects at Latona Avenue Elementary School, Oxnard Elementary School, San Antonio Elementary School, and Van Nuys Elementary School will provide outdoor learning spaces that create environments for student-centered, experiential, and engaged learning. These SEEDS learning gardens will facilitate educational programs related to nutrition, health, literacy, math, and science, and may also be used during recess and lunchtime by approximately 1,300 current and future students. These proposed Projects also encourage and support community, student, and parent engagement through the creation of partnerships that help establish and maintain the newly developed garden spaces.

**Equity Impact:**

Potential projects are identified through proposals submitted by schools and/or partners. A school by itself, or in cooperation with a partner organization, may submit an application for a SEEDS project for up to \$100,000. Schools ranked in the top 150 on the Greening Index will receive an additional \$50,000 for their SEEDS project. One of the four proposed Projects included in this Board Report qualifies for this additional funding.

**Issues and Analysis:**

In order to ensure the long-term permanence of each SEEDS project, the school site and/or its partner organization must enter into a Maintenance Agreement that provides for the ongoing maintenance of the proposed outdoor learning space.

school's curriculum, and confirmation of the availability of resources to outfit and maintain the outdoor learning space, and the projects being recommended were reviewed and are found to be in compliance with the Program requirements; and

WHEREAS, The combined project budget for the four proposed Projects is \$650,000. The Projects will be funded with Bond Program funds earmarked specifically for school upgrades and reconfigurations to support wellness, health, athletics, learning, and efficiency; and

WHEREAS, The project budget for Latona Avenue Elementary School includes a contribution of \$200,000 from Bond Program funds earmarked for Board District Priority Projects in Board District 2 which will be transferred to funds earmarked in the SUP for school upgrades and reconfigurations to support wellness, health, athletics, learning, and efficiency; and

WHEREAS, In order to ensure the long-term permanence of each SEEDS project, the school site and/or its partner organization must enter into a Maintenance Agreement that provides for the ongoing maintenance of the proposed outdoor learning space; and

WHEREAS, the District's Office of the General Counsel has reviewed the proposed Projects and determined that they may proceed to the School Construction Bond Citizens' Oversight Committee (BOC) for consideration and recommendation to the Board of Education; and

WHEREAS, District Staff has concluded that this proposed Facilities SEP amendment will facilitate Los Angeles Unified's ability to successfully complete the Facilities SEP.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The School Construction Citizens' Bond Oversight Committee (BOC) recommends the Board of Education define and approve four SEEDS Projects at Latona Avenue Elementary School, Oxnard Elementary School, San Antonio Elementary School, and Van Nuys Elementary School, with a total combined budget of \$650,000, and amend the Facilities SEP to incorporate therein, as defined in Board Report No. 044-25/26, a copy of which is attached hereto in the form it was presented to the BOC and is incorporated herein by reference.
2. This resolution shall be transmitted to the Los Angeles Unified School District Board of Education and posted on the Oversight Committee's website.
3. The District is directed to track the above recommendation and to report on the adoption, rejection, or pending status of the recommendations as provided in section 6.2 of the Charter and Memorandum of Understanding between the Oversight Committee and the District.

**RESOLUTION 2025-35**

**RECOMMENDING BOARD APPROVAL TO DEFINE AND APPROVE FOUR SUSTAINABLE ENVIRONMENT ENHANCEMENT DEVELOPMENTS FOR SCHOOLS (SEEDS) PROJECTS AND AMEND THE FACILITIES SERVICES DIVISION STRATEGIC EXECUTION PLAN TO INCORPORATE THEREIN**

## **Sustainable Environment Enhancement Developments for Schools (SEEDS) Projects**

Bond Oversight Committee Meeting  
September 4, 2025

Facilities Services Division and Eco-Sustainability Office

# Sustainable Environment Enhancement Developments for Schools (SEEDS)<sup>573</sup>

## Overview

- SEEDS projects provide outdoor learning spaces in collaboration with school and community led efforts
- The program provides the infrastructure and site work needed, such as asphalt removal, irrigation systems, and soils testing, to make the site “garden ready”
- The school site and/or partner outfits the outdoor learning space with the plant materials and landscaping features that align with the school’s instructional vision and program to move towards 30% green/natural schoolyards
- 116 SEEDS projects have been approved by the Board of Education
  - 80 projects have been completed
  - 4 under construction
  - 32 pending construction start

Lankershim ES

Victoria ES

# Sustainable Environment Enhancement Developments for Schools (SEEDS)<sup>574</sup>

## Funding

- Originally provided up to \$25,000 to projects
- In 2015, increased to \$35,000
- In 2016, increased to \$100,000
- In 2022, an additional \$50,000 was made available to SEEDS+ schools

## Selection Criteria

- Schools are selected by request (schools submit an application)
- LAUSD determines if there is a feasible location and whether there is a greening project or other significant exterior projects planned for the site
- SEEDS+ are those ranked in the top 150 in the LAUSD Greening Index
