Board of Education Report

File #: Rep-047-25/26, **Version:** 1

Agenda Date: 9/16/2025

In Control: Facilities

Define and Approve Three Projects to Provide Critical Replacements and Upgrades of School Building/Site Systems and Components and Amend the Facilities Services Division Strategic Execution Plan to Incorporate Therein

Facilities Services Division

Brief Description:

(Define and Approve Three Projects to Provide Critical Replacements and Upgrades of School Building/Site Systems and Components and Amend the Facilities Services Division Strategic Execution Plan to Incorporate Therein) Recommends definition and approval of three critical school facility projects to replace and upgrade essential building and site systems, as detailed in Exhibit A. Also recommends amending the Facilities Services Division Strategic Execution Plan to include these projects, with a combined budget of \$5,170,347, and authorizes the Chief Procurement Officer, Chief Facilities Executive or designee(s) to take all legally permissible actions to implement the projects, including executing instruments, budget modifications and procurement of necessary equipment and materials.

Action Proposed:

- 1) Define and approve three projects to provide critical replacements and upgrades of school building/site systems and components (Projects), as listed on Exhibit A, and amend the Facilities Services Division (Facilities) Strategic Execution Plan (SEP) to incorporate therein. The total combined budget for these proposed Projects is \$5,170,347.
- 2) Authorize the Chief Procurement Officer and/or the Chief Facilities Executive and/or their designee(s) to execute all instruments necessary, as legally permissible, to implement the proposed Projects including budget modifications and the purchase of equipment and materials.

Background:

Priorities for the expenditure of capital funding are evaluated to ensure the District's most pressing priorities are being addressed. More than 60 percent of Los Angeles Unified School District (Los Angeles Unified or District) school buildings were built more than 50 years ago, with more than \$80 billion of unfunded school facilities needs identified Districtwide, and these needs grow every year. As the District's capital needs far exceed available funding, the most pressing unfunded critical needs will continue to be addressed based on an evaluation of known facilities conditions and needs at schools. Projects developed under this School Upgrade Program category of need, Critical Replacements and Upgrades of School Building/Site Systems and Components, will replace failing building systems that create safety concerns and are disruptive to school operations. Systems in the worst condition, especially those that pose a safety hazard and/or will negatively impact school operations and other building systems if not addressed, will be addressed first.

The project proposals contained in this Board Report align with these priorities. Exhibit A includes roofing replacement projects at Figueroa Elementary School and Independence Elementary School along with a project to replace flooring in the gymnasium and provide water intrusion mitigation at Fulton College Preparatory

School.

Bond Oversight Committee Recommendations:

This item was considered by the School Construction Bond Citizens' Oversight Committee (BOC) at its meeting on September 4, 2025, as referenced in Exhibit B. The presentation that was provided is included as Exhibit C. Staff has concluded that this proposed Facilities SEP amendment is in alignment with BOC recommendations and will facilitate Los Angeles Unified's ability to successfully implement the Facilities SEP.

Expected Outcomes:

Staff anticipate that the Board of Education will adopt the proposed amendment to the Facilities SEP to define and approve three projects that address critical replacement and upgrade needs. Approval will authorize staff to proceed with the implementation of the proposed Projects to improve student health, safety, and educational quality.

Board Options and Consequences:

Adoption of the proposed action will authorize staff to proceed with the expenditure of Bond Program funds to undertake the proposed Projects in accordance with the provisions set forth in Los Angeles Unified local bond measures K, R, Y, Q, RR, and US. If the proposed action is not approved, Bond Program funds will not be expended, and critical replacement and upgrade needs will remain unaddressed.

Policy Implications:

The proposal is consistent with Los Angeles Unified's long-term goal to address unmet school facilities needs and significantly improve the conditions of aging and deteriorating school facilities as described in Los Angeles Unified local bond measures. The proposed action advances Los Angeles Unified's 2022-2026 Strategic Plan, Pillar 4 Operational Effectiveness, Modernizing Infrastructure by providing critical replacements and upgrades at schools.

Budget Impact:

The total combined budget for the three proposed Projects is \$5,170,347 and will be funded with Bond Program funds earmarked specifically for critical replacements and upgrades of school building/site systems and components. Los Angeles Unified is also pursuing possible insurance claims for the Fulton College Preparatory School Gymnasium Flooring and Water Intrusion Mitigation Project. Any approved insurance proceeds will offset or reimburse bond funding, though bond funds will likely still be needed to complete the project.

Each project budget was prepared based on the current information known and assumptions about the proposed project scopes, site conditions, and market conditions. Individual project budgets will be reviewed as new information becomes known or unforeseen conditions arise and will be adjusted accordingly to enable the successful completion of each project.

Student Impact:

Approval of the proposed Projects enables the District to continue ongoing efforts to undertake facilities improvements that help ensure the approximately 2,060 current and future students attending these three schools are provided with a safe school environment that promotes teaching and learning.

Equity Impact:

Building components/systems in the worst condition, especially those that pose a safety hazard and/or negatively impact school operations and other building systems if not addressed, will be addressed first.

File #: Rep-047-25/26, **Version:** 1**Agenda Date:** 9/16/2025**In Control:** Facilities

Issues and Analysis:

It may be necessary to undertake feasibility studies, site analysis, scoping, and/or due diligence activities on the proposed Projects. As necessary, the Office of Environmental Health and Safety (OEHS) will evaluate the proposed Projects in accordance with the California Environmental Quality Act (CEQA) to ensure compliance. If, through the planning and design process, it is determined the proposed project scopes will not sufficiently address the critical needs identified, the project scope, schedule, and budget will be revised accordingly.

**LOS ANGELES UNIFIED SCHOOL DISTRICT
Board of Education Report**

**Exhibit A
Projects That Address Critical Replacement and Upgrade Needs**

1. Figueroa Elementary School Roofing Replacement Project

- *Region South, Board District 1*
- *Project Scope:* The project replaces approximately 39,300 square feet of deteriorated roofing campus-wide at five permanent buildings. The project also includes replacement of roofing-related components such as flashing and metal coping for weatherproofing as well as new gutters, downspouts, and roof hatches.
- *Project Budget:* \$1,684,163
- *Construction Schedule:* Construction is anticipated to begin in Q2-2026 and be completed by Q4-2026.

2. Independence Elementary School Roofing Replacement Project

- *Region East, Board District 5*
- *Project Scope:* The project replaces approximately 50,500 square feet of deteriorated roofing campus-wide at two permanent buildings, five portable buildings, two arcades, and the lunch pavilion. The project also includes replacement of roofing-related components such as flashing and metal coping for weatherproofing as well as new gutters, downspouts, and roof hatch.
- *Project Budget:* \$2,269,648
- *Construction Schedule:* Construction is anticipated to begin in Q2-2026 and be completed by Q1-2027.

3. Fulton College Preparatory School Gymnasium Flooring and Water Intrusion Mitigation Project

- *Region North, Board District 6*
- *Project Scope:* This project replaces approximately 6,600 square feet of flooring and exterior doors that were damaged due to water intrusion in the gymnasium within the smaller Physical Education Building. To prevent further intrusion, concrete waterproofing will be applied beneath the new flooring and the thresholds at the south entry will be replaced including mastic cement fill for weatherproofing. The project also provides accessibility upgrades in the student restrooms of the smaller Physical Education Building and in the faculty restroom of the northern Administration & Classroom Building.
- *Project Budget:* \$1,216,536
- *Construction Schedule:* Construction is anticipated to begin in Q4-2027 and be completed by Q2-2028.

RESOLUTION 2025-33**BOARD REPORT NO. 047-25/26**

**RECOMMENDING BOARD APPROVAL TO DEFINE AND APPROVE THREE PROJECTS
TO PROVIDE CRITICAL REPLACEMENTS AND UPGRADES OF SCHOOL
BUILDING/SITE SYSTEMS AND COMPONENTS AND AMEND THE FACILITIES
SERVICES DIVISION STRATEGIC EXECUTION PLAN TO INCORPORATE THEREIN**

WHEREAS, District Staff proposes that the Board of Education (Board) define and approve three projects that provide critical replacements and upgrades of school building/site system and components (Projects) with a combined budget of \$5,170,347 as described in Board Report 047-25/26 attached hereto, and amend the Facilities Services Division (Facilities) Strategic Execution Plan (SEP) to incorporate therein; and

WHEREAS, District Staff also requests that the Board authorize the Chief Procurement Officer and/or the Chief Facilities Executive and/or their designee(s) to execute all instruments necessary, as legally permissible, to implement the proposed projects including budget modifications and the purchase of equipment and materials; and

WHEREAS, Projects developed under the School Upgrade Program category of need, Critical Replacements and Upgrades of School Building/Site Systems and Components, will replace failing building systems that create safety concerns and are disruptive to school operations. Systems in the worst condition, especially those that pose a safety hazard and/or will negatively impact school operations and other building systems if not addressed, will be addressed first; and

WHEREAS, The proposed Projects include roofing replacement projects at Figueroa Elementary School and Independence Elementary School along with a project to replace flooring in the gymnasium and provide water intrusion mitigation at Fulton College Preparatory School; and

RECOMMENDING THE BOARD DEFINE AND APPROVE THREE PROJECTS TO PROVIDE CRITICAL REPLACEMENTS AND UPGRADES OF SCHOOL BUILDING/SITE SYSTEMS AND COMPONENTS AND AMEND THE FACILITIES SERVICES DIVISION STRATEGIC EXECUTION PLAN TO INCORPORATE THEREIN

WHEREAS, The proposed Projects are consistent with the Los Angeles Unified School District (Los Angeles Unified or District)'s long-term goal to address unmet school facilities needs and significantly improve the conditions of aging and deteriorating school facilities as described in Los Angeles Unified local bond measures; and

WHEREAS, District Staff has determined that the proposed Projects are necessary to improve student health, safety, and educational quality; and

WHEREAS, the Board of Education's approval of the proposed Projects will authorize District Staff to proceed with the expenditure of bond funds to undertake the Projects in accordance with the provisions set forth in Los Angeles Unified local bond measures K, R, Y, Q, RR, and US; and

WHEREAS, the District's Office of the General Counsel has reviewed the proposed Projects and determined that they may proceed to the School Construction Citizens' Bond Oversight Committee (BOC) for its consideration for recommendation to the Board of Education; and

WHEREAS, District Staff has concluded that this proposed Facilities SEP amendment will facilitate Los Angeles Unified's ability to successfully complete the Facilities SEP.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The BOC recommends that the Board of Education define and approve three projects that provide critical replacements and upgrades with a combined budget of \$5,170,347 and amend the Facilities SEP to incorporate therein, as described in Board Report 047-25/26, a copy of which is attached hereto in the form it was presented to the BOC and is incorporated herein by reference.
2. This resolution shall be transmitted to the Los Angeles Unified School District Board of Education and posted on the BOC's website.
3. The District is directed to track the above recommendation and to report on the adoption, rejection, or pending status of the recommendations as provided in section 6.2 of the Charter and Memorandum of Understanding between the BOC and the District.

TAB 12

Board of Education Report

File #: Rep-048-25/26, **Version:** 1

Agenda Date: 9/16/2025

In Control: Facilities

Define and Approve the Tweedy Learning Center Roofing Replacement Project and Amend the Facilities Services Division Strategic Execution Plan to Incorporate Therein

Facilities Services Division and Division of Adult and Career Education

Brief Description:

(Define and Approve the Tweedy Learning Center Roofing Replacement Project and Amend the Facilities Services Division Strategic Execution Plan to Incorporate Therein) Recommends definition and approval of a project to replace roofing at Tweedy Learning Center, and amendment of the Facilities Services Division Strategic Execution Plan to include this project with a budget of \$719,371. In addition, authorize the Chief Procurement Officer, Chief Facilities Executive or designee(s) to take all legally permissible actions to implement the project, including executing instruments, budget modifications and procurement of necessary equipment and materials.

Action Proposed:

- 1) Define and approve the Tweedy Learning Center roofing replacement project (Project) and amend the Facilities Services Division (Facilities) Strategic Execution Plan (SEP) to incorporate therein. The total budget for the proposed Project is \$719,371.
- 2) Authorize the Chief Procurement Officer and/or the Chief Facilities Executive and/or their designee(s) to execute all instruments necessary, as legally permissible, to implement the proposed Project, including budget modifications and the purchase of equipment and materials.

Background:

The School Upgrade Program includes a spending target entitled "*Adult and Career Education Facilities Upgrades*." Projects developed under this category of need replace and upgrade failing building/site systems and components to provide safe, functional, and operational places to teach and learn, and are included in the Facilities SEP.

The proposed Project aligns with these priorities. This Project replaces approximately 14,000 square feet of deteriorated roofing at five permanent buildings and two arcades. The Project also includes replacement of roofing-related components such as flashing for weatherproofing as well as new gutters and downspouts. Construction is anticipated to begin in the first quarter of 2026 and be completed in the third quarter of 2026.

Bond Oversight Committee Recommendations:

This item was considered by the School Construction Bond Citizens' Oversight Committee (BOC) at its meeting on September 4, 2025, as referenced in Exhibit A. The presentation that was provided is included as Exhibit B. Staff has concluded that this proposed Facilities SEP amendment is in alignment with BOC recommendations and will facilitate the Los Angeles Unified School District's (Los Angeles Unified or District) ability to successfully implement the Facilities SEP.

Expected Outcomes:

Staff anticipates that the Board of Education will define and approve the proposed Project and amend the Facilities SEP to incorporate therein. Approval will authorize staff to proceed with implementation of the proposed Project to improve student health, safety, and the learning environment.

Board Options and Consequences:

Adoption of the proposed action will authorize staff to proceed with the expenditure of Bond Program funds to undertake the proposed Project. If the proposed action is not approved, Bond Program funds will not be expended, and the facilities needs will remain unaddressed.

Policy Implications:

The proposed Project is consistent with the District's commitment to address unmet school facilities needs, as described in Los Angeles Unified local bond measures, and provide facilities upgrades to existing adult and career education campuses. The proposed action advances Los Angeles Unified's 2022-2026 Strategic Plan Pillar 4 Operational Effectiveness Modernizing Infrastructure by providing new roofing for five permanent buildings and two arcades at Tweedy Learning Center.

Budget Impact:

The total budget for the proposed Project is \$719,371. The proposed Project will be funded with Bond Program funds earmarked specifically for upgrades to adult and career education facilities.

The budget was prepared based on the current information known and assumptions about the proposed Project scope, site conditions, and market conditions. The project budget will be reviewed throughout the planning and construction phases as new information becomes known or unforeseen conditions arise and will be adjusted accordingly to enable the successful completion of the proposed Project.

Student Impact:

Approval of the proposed Project enables Los Angeles Unified to continue ongoing efforts to undertake facilities improvements that help ensure approximately 4,220 students attending Tweedy Learning Center (Board District 5, Region East) are provided with safe school environments that promote teaching and learning.

Equity Impact:

Building components/systems in the worst condition, especially those that pose a safety hazard and/or negatively impact school operations and other building systems if not addressed, will be addressed first.

Issues and Analysis:

Staff will implement all opportunities to minimize construction impacts on school operations and existing education programs.

It may be necessary to undertake feasibility studies, site analysis, scoping, and/or due diligence activities on the proposed Project prior construction. As necessary, the Office of Environmental Health and Safety will evaluate the proposed Projects in accordance with the California Environmental Quality Act to ensure compliance. If through the planning process it is determined that the proposed Project's scope will not sufficiently address the needs identified, the Project's scope, schedule and budget will be revised accordingly.
